Leadership Theory and Research - Martin M. Chemers 1993

This volume was conceived as a tribute to Fred Fiedler in honor of his fortieth year of research and scholarship in the study of leadership and organizational effectiveness. Fiedler's contributions to this field have been of such magnitude that the term paradigm shift does not seem out of place in describing them. As Harry Triandis points out in his chapter in this book, the study of leadership can be fairly divided into before and after Fiedler's introduction of contingency theories. The realization that leadership effectiveness depends on the interaction of qualities of the leader with demands on the situation in which the leader functions made the simplistic "one best way" approaches of earlier eras obsolete. The implication of contingency notions spread like sonic waves throughout the field of organizational studies.

Patrick French's vivid and surprising account of the chaotic final years of colonial rule in India has been acclaimed as the definitive book on this subject. Journeying across India, Bangladesh and Pakistan, he brings to life a cast of characters including spies, idealists, freedom fighters and politicians from Churchill to Gandhi.

A Scrapbook of Memories - Ashok Chopra 2015-11-03

A rollercoaster ride through Indian publishing For nearly forty years, Ashok Chopra has been responsible for publishing some of the biggest names in India: Khushwant Singh, Shobhaa De, Dom Moraes, Dominique Lapierre and Larry Collins are part of his illustrious list. In this candid and colourful memoir, Chopra brings his long experience to explain what works and what doesn't in the Indian market: Why do some books last when others don't? Is there a winning formula for publishers and writers? What do readers in India want? How does one commission textbooks and reference guides?

What should one do about bans and censorship? And how is the market holding up in the age of e-books and digital readers? While going into the commercial aspects of publishing, he does not forget the human stories. Be it sourcing manuscripts, chasing celebrity authors like Dilip Kumar and Anupam Kher, scoring historic deals in the cut-throat world of publishing or managing egotists, eccentrics and windbags, Chopra's adventures and ordeals are unfailingly entertaining. If he celebrates the hits (the runaway success of *Freedom at Midnight*, for instance), he does not leave out the misses (such as *Shalimar*, the book based on the movie, one of the biggest flops of Indian publishing). Along the way, he recounts scandalous episodes, stories of wild parties and lavish book events on warships and boats. Filled with rip-roaring revelations and honest reminiscences, this is the definitive story of English-language book publishing in India -- tracing its journey from the winding lanes of Daryaganj in New Delhi to the glamour of high-profile book launches.

The Great Indian Novel - Shashi Tharoor
2011-09-01

In this award-winning novel, Tharoor has masterfully recast the two-thousand-year-old epic, *The Mahabharata*, with fictional but highly recognizable events and characters from twentieth-century Indian politics. Nothing is sacred in this deliciously irreverent, witty, and deeply intelligent retelling of modern Indian history and the ancient Indian epic *The Mahabharata*. Alternately outrageous and instructive, hilarious and moving, it is a dazzling tapestry of prose and verse that satirically, but also poignantly, chronicles the struggle for Indian freedom and independence.

Seventy years ago, at midnight on 14 August 1947, the Union Jack began its final journey down the flagstaff of Viceroy's House, New Delhi. A fifth of humanity claimed their independence from the greatest empire history has ever seen - but the price of freedom was high, as a nation erupted into riots and bloodshed, partition and war. This is an electrifying and acclaimed account of the dying days of the British Raj and the drama played out between Lord Mountbatten, Mahatma Gandhi, Nehru and Jinnah, as an empire undertook a violent transformation into the new India and Pakistan.

A Feast of Vultures - Josy Joseph 2016-07-10
'Every day, millions of people -- the rich, the poor and the many foreign visitors -- are hunting for ways to get their business done in modern India. If they search in the right places and offer the appropriate price, there is always a facilitator who can get the job done. This book is a sneak preview of those searches, the middlemen who do those jobs, and the many opportunities that the fast-growing economy offers.' Josy Joseph draws upon two decades as an investigative journalist to expose a problem so pervasive that we do not have the words to speak of it. The story is big: that of treacherous business rivalries, of how some industrial houses practically own the country, of the shadowy men who run the nation's politics. The story is small: a village needs a road and a hospital, a graveyard needs a wall, people need toilets. A

Feast of Vultures is an unprecedented, multiple-level inquiry into modern India, and the picture it reveals is both explosive and frightening.

Within these covers is unimpeachable evidence against some of the country's biggest business houses and political figures, and the reopening of major scandals that have shaped its political narratives. Through hard-nosed investigations and the meticulous gathering of documentary evidence, Joseph clinically examines and irrefutably documents the non-reportable. It is a troubling narrative, but also a call to action and a cry for change. A tour de force through the wildly beating heart of post-socialist India, the book is a must-read for anyone interested in understanding the large, unwieldy truth about this nation.

[The Shadow of the Great Game](#) - Narendra Singh Sarila 2017-08-10

The untold story of India's Partition. The partition of India in 1947 was the only way to contain intractable religious differences as the subcontinent moved towards independence - or so the story goes. But this dramatic new history reveals previously overlooked links between British strategic interests - in the oil wells of the Middle East and maintaining access to its Indian Ocean territories - and partition. Narendra Singh Sarela reveals here how the Great Game against the Soviet Union cast a long shadow. The top-secret documentary evidence unearthed by the author sheds new light on several prominent figures, including Gandhi, Jinnah, Mountbatten, Churchill, Attlee, Wavell and Nehru. This radical reassessment of one of the key events in British colonial history is important in itself, but its claim that many of the roots of Islamic terrorism sweeping the world today lie in the partition of

India has much wider implications.

A Rainbow in the Night - Dominique Lapierre
2009-11-03

In 1652 a small group of Dutch farmers landed on the southernmost tip of Africa. Sent by the powerful Dutch India Company, their mission was simply to grow vegetables and supply ships rounding the cape. The colonists, however, were convinced by their strict Calvinist faith that they were among God's "Elect," chosen to rule over the continent. Their saga—bloody, ferocious, and fervent—would culminate three centuries later in one of the greatest tragedies of history: the establishment of a racist regime in which a white minority would subjugate and victimize millions of blacks. Called apartheid, it was a poisonous system that would only end with the liberation from prison of one of the moral giants of our time, Nelson Mandela. A Rainbow in the Night is Dominique Lapierre's epic account of South Africa's tragic history and the heroic men and women—famous and obscure, white and black, European and African—who have, with their blood and tears, brought to life the country that is today known as the Rainbow Nation.

[The Pity of Partition](#) - Ayesha Jalal 2013-02-21

Saadat Hasan Manto (1912-1955) was an established Urdu short story writer and a rising screenwriter in Bombay at the time of India's partition in 1947, and he is perhaps best known for the short stories he wrote following his migration to Lahore in newly formed Pakistan. Today Manto is an acknowledged master of twentieth-century Urdu literature, and his fiction serves as a lens through which the tragedy of partition is brought sharply into focus. In *The Pity of Partition*, Manto's life and work serve as a prism to capture the human dimension of sectarian conflict in the final decades and immediate aftermath of the British raj. Ayesha Jalal draws on Manto's stories, sketches, and essays, as well as a trove of his private letters, to

present an intimate history of partition and its devastating toll. Probing the creative tension between literature and history, she charts a new way of reconnecting the histories of individuals, families, and communities in the throes of cataclysmic change. Jalal brings to life the people, locales, and events that inspired Manto's fiction, which is characterized by an eye for detail, a measure of wit and irreverence, and elements of suspense and surprise. In turn, she mines these writings for fresh insights into everyday cosmopolitanism in Bombay and Lahore, the experience and causes of partition, the postcolonial transition, and the advent of the Cold War in South Asia. The first in-depth look in English at this influential literary figure, *The Pity of Partition* demonstrates the revelatory power of art in times of great historical rupture.

A Knock at Midnight - Brittany K. Barnett
2021-08-03

LOS ANGELES TIMES BOOK PRIZE FINALIST • NAACP IMAGE AWARD NOMINEE • A "powerful and devastating" (The Washington Post) call to free those buried alive by America's legal system, and an inspiring true story about unwavering belief in humanity—from a gifted young lawyer and important new voice in the movement to transform the system. "An essential book for our time . . . Brittany K. Barnett is a star."—Van Jones, CEO of REFORM Alliance, CNN Host, and New York Times bestselling author
Brittany K. Barnett was only a law student when she came across the case that would change her life forever—that of Sharanda Jones, single mother, business owner, and, like Brittany, Black daughter of the rural South. A victim of America's devastating war on drugs, Sharanda had been torn away from her young daughter and was serving a life sentence without parole—for a first-time drug offense. In Sharanda, Brittany saw haunting echoes of her own life, as the daughter of a formerly incarcerated mother. As she studied this case, a system came into focus in which widespread racial injustice forms the core of America's addiction to incarceration. Moved by Sharanda's plight, Brittany set to work to gain her freedom. This had never been the plan. Bright and ambitious, Brittany was a successful accountant on her way to a high-powered future in corporate law. But Sharanda's case opened the door to a harrowing journey through the

criminal justice system. By day she moved billion-dollar deals, and by night she worked pro bono to free clients in near hopeless legal battles. Ultimately, her path transformed her understanding of injustice in the courts, of genius languishing behind bars, and the very definition of freedom itself. Brittany's riveting memoir is at once a coming-of-age story and a powerful evocation of what it takes to bring hope and justice to a system built to resist them both.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY KIRKUS REVIEWS

The Longest August - Dilip Hiro 2015-02-24

The partitioning of British India into independent Pakistan and India in August 1947 occurred in the midst of communal holocaust, with Hindus and Sikhs on one side and Muslims on the other. More than 750,000 people were butchered, and 12 million fled their homes -- primarily in caravans of bullock-carts -- to seek refuge across the new border: it was the largest exodus in history. Sixty-seven years later, it is as if that August never ended. Renowned historian and journalist Dilip Hiro provides a riveting account of the relationship between India and Pakistan, tracing the landmark events that led to the division of the sub-continent and the evolution of the contentious relationship between Hindus and Muslims. To this day, a reasonable resolution to their dispute has proved elusive, and the Line of Control in Kashmir remains the most heavily fortified frontier in the world, with 400,000 soldiers arrayed on either side. Since partition, there have been several acute crises between the neighbors, including the secession of East Pakistan to form an independent Bangladesh in 1971, and the acquisition of nuclear weapons by both sides resulting in a scarcely avoided confrontation in 1999 and again in 2002. Hiro amply demonstrates the geopolitical importance of the India-Pakistan conflict by chronicling their respective ties not only with America and the Soviet Union, but also with China, Israel, and Afghanistan. Hiro weaves these threads into a lucid narrative, enlivened with colorful biographies of leaders, vivid descriptions of wars, sensational assassinations, gross violations of human rights -- and cultural signifiers like cricket matches. *The Longest August* is incomparable in its scope and presents the first

definitive history of one of the world's longest-running and most intractable conflicts.

India - John Keay 2010

Partition - Barney White-Spunner 2017-08-10

Between January and August 1947 the conflicting political, religious and social tensions in India culminated in independence from Britain and the creation of Pakistan. Those months saw the end of ninety years of the British Raj, and the effective power of the Maharajahs, as the Congress Party established itself commanding a democratic government in Delhi. They also witnessed the rushed creation of Pakistan as a country in two halves whose capitals were two thousand kilometers apart. From September to December 1947 the euphoria surrounding the realization of the dream of independence dissipated into shame and incrimination; nearly 1 million people died and countless more lost their homes and their livelihoods as partition was realized. The events of those months would dictate the history of South Asia for the next seventy years, leading to three wars, countless acts of terrorism, polarization around the Cold War powers and to two nations with millions living in poverty spending disproportionate amounts on their military. The roots of much of the violence in the region today, and worldwide, are in the decisions taken that year. Not only were those decisions controversial but the people who made them were themselves to become some of the most enduring characters of the twentieth century. Gandhi and Nehru enjoyed almost saint like status in India, and still do, whilst Jinnah is lionized in Pakistan. The British cast, from Churchill to Attlee and Mountbatten, find their

contribution praised and damned in equal measure. Yet it is not only the national players whose stories fascinate. Many of those ordinary people who witnessed the events of that year are still alive. Although most were, predictably, only children, there are still some in their late eighties and nineties who have a clear recollection of the excitement and the horror. Illustrating the story of 1947 with their experiences and what independence and partition meant to the farmers of the Punjab, those living in Lahore and Calcutta, or what it felt like to be a soldier in a divided and largely passive army, makes the story real. Partition will bring to life this terrible era for the Indian Sub Continent.

It was December 3, 1984. In the ancient city of Bhopal, a cloud of toxic gas escaped from an American pesticide plant, killing and injuring thousands of people. Readers will meet the poetry-loving factory worker who unleashes the apocalypse, the young Indian bride who was to be married that terrible night, and the doctors who died that night saving others. It is a gripping, fascinating account that is already mesmerizing readers around the world.

Midnight's Furies - Nisid Hajari 2015-06-03

After centuries of British rule, nobody expected Indian Independence and the birth of Pakistan to be so bloody - they were supposed to be the answer to the dreams of Muslims and Hindus. Jawaharlal Nehru, Gandhi's protégé and the political leader of India, believed Indians were an inherently nonviolent, peaceful people. Pakistan's founder, Mohammad Ali Jinnah, was a secular lawyer, not a firebrand. But in August 1946, exactly a year before Independence, Calcutta erupted in street-gang fighting. A cycle of riots - targeting Hindus, then Muslims, then Sikhs - spiraled out of control. As the summer of 1947 approached, all three groups were heavily armed and on edge, and the British rushed to leave. Hell let loose. Trains carried Muslims west and Hindus east to their slaughter. Some of the most brutal and widespread ethnic cleansing in modern history erupted on both sides of the new border, carving a gulf between India and Pakistan that remains a root cause of many evils. From jihadi terrorism to nuclear proliferation, the searing tale told in *Midnight's Furies* explains all too many of the headlines we read today.
