[Alternative Globalizations](#) - Jerry Harris 2006

Global Politics - Andrew Heywood 2014-03-11

The extensively revised new edition of Global Politics provides a systematic and integrated analysis of the theory and practice of contemporary international relations. Written with outstanding clarity and drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning:

- Full-page case studies of Global Politics in Action, the majority entirely new to this edition, look behind the headlines to illuminate major events in world affairs
- Global Actor case studies consider the nature and significance of key players on the world stage, from Google to the G-20
- Focus and Debating features look closer at issues and approaches to promote critical thinking
- Photographs and biographies of influential theorists introduce the people, as well as the ideas, that have shaped the subject.

This second edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration. An entirely new chapter on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international relations.

[Political Theory, Third Edition](#) - Andrew Heywood 2004-09-18

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Political Theory - Andrew Heywood 1999

The new third edition of the highly successful text has been revised and updated throughout to take account of new issues such as identity and difference, globalization and multiculturalism. The book provides a clear and accessible introduction to political theory and key concepts in political analysis. Each chapter discusses a cluster of interrelated terms, examines how they have been used by different thinkers and in the various political traditions, and explores related debates and controversies.

Essentials of UK Politics and Government - Andrew Heywood
2021-07-08

Essentials of UK Politics and Government is the go-to textbook for all A-

level Politics students studying the Edexcel specification. Building on Andrew Heywood's signature accessible style, this new fifth edition has been thoroughly updated by Kathy Schindler and Adam Tomes who draw on their experience to provide an innovative guide to UK Politics. This book covers all the core topics from Democracy and Participation, Elections and Referendums and Voting Behaviour, to the Constitution, the Prime Minister and Parliament. Packed with contemporary examples, this edition includes material on the 2017 and 2019 General Elections, Covid-19 and the latest Brexit developments. Curated pedagogical features such as Key Topic Debates, Case Studies and Synoptic Links will encourage students to strengthen their critical thinking skills and hone their ability to debate with confidence. Accompanying the book is a content-rich companion website featuring bonus case studies, further sample student answers with annotations, tips for planning and organising revision and much more.

Issues in Political Theory - Catriona McKinnon 2019-03-14

With a focus on real-world issues and an extensive range of thought-provoking case studies, *Issues in Political Theory* provides the clearest, most engaging introduction to political theory and how it is applied to address the most important issues confronting the world today. Authoritative yet accessible, it is essential reading for students of political theory at any level.

Political Ideologies, Fourth Edition - Andrew Heywood 2007-05-15

This revised and updated fourth edition of the leading text on political ideologies contains a new chapter on multiculturalism, consideration of the changing nature of ideological discourse, including the transition from "traditional" to "new" ideologies, and coverage of the impact on the major ideological traditions of developments such as globalization and the "war on terror".

Essentials of Political Ideas - Andrew Heywood 2018-02-21

"Andrew Heywood investigates the ideas that have dominated political thinking across the globe, and examines the different ways in which they have been interpreted and reinterpreted. Written in an accessible and engaging style, it covers the key ideological traditions, offering an

exposition of their history and development, their core themes and internal divisions and their impact on contemporary political behaviour, movements, parties and governments."--Provided by publisher.

Political Ideologies - Paul Wetherly 2017

"Political Ideologies provides a broad-ranging introduction to both the classical and contemporary political ideologies. Adopting a global outlook, it introduces readers to ideologies' increasingly global reach and the different national versions of these ideologies. Importantly, ideologies are presented as frameworks of interpretation and political commitment, encouraging readers to evaluate how ideologies work in practice, the problematic links between ideas and political action, and the impact of ideologies. Regular learning features encourage readers to think critically about ideologies, and view them as competing and contestable ways of interpreting the world. A unique 'stop and think' feature calls for readers to reflect on their own ideological beliefs." -- Provided by publisher.

Politics, Third Edition - Andrew Heywood 2007-06-15

Stimulating, succinct, and accessible, this highly successful text offers a truly comprehensive introduction to the study of politics, written from an international perspective. This third edition of *Politics* has a new chapter on the mass media and political communication and contains substantial new material on developments such as the "War on Terror," identity politics and multiculturalism, and state transformation. It also takes into account throughout of the increasing importance of the global dimension of politics, and features new boxed material on major thinkers and key concepts.

Comparative Politics - J. Tyler Dickovick 2020-01-02

Integrating theories, methods, and country cases with an emphasis on application and analysis. Combining thematic organization and a variety of country-specific case studies, *Comparative Politics Integrating Theories, Methods, and Cases* is an engaging and accessible introduction to comparative politics. Methodological tools are introduced early in the text and integrated throughout to help students develop a systematic way of doing their own analyses of concepts and issues. These tools include

theories, the basics of the comparative method, and manageable case materials for practice, all in the context of the big questions in comparative politics today.

Introduction to Political Psychology - Martha L. Cottam 2004-04-26

The first comprehensive textbook on political psychology, this user-friendly volume explores the psychological origins of political behavior. Using psychological concepts to explain types of political behavior, the authors introduce a broad range of theories and cases of political activity to illustrate the behavior. The book examines many patterns of political behaviors including leadership, group behavior, voting, race, ethnicity, nationalism, political extremism, terrorism, war, and genocide. Text boxes highlight current and historical events to help students see the connection between the world around them and the concepts they are learning. Examples highlight a variety of research methodologies used in the discipline such as experimentation and content analysis. The "Political Being" is used throughout to remind the reader of the psychological theories and concepts to be explored in each chapter. Introduction to Political Psychology explores some of the most horrific things people do to one another for political purposes, as well as how to prevent and resolve conflict, and how to recover from it. The goal is to help the reader understand the enormous complexity of human behavior and the significant role political psychology can play in improving the human condition. Designed for upper division courses on political psychology or political behavior, this volume also contains material of interest to those in the policymaking community.

Political Ideologies - Mostafa Rejai 1994-12-02

Designed for classroom use, this book develops a framework for the comparative analysis of political ideologies and examines the most prominent political ideologies of modern time. This revised edition has been enlarged to include feminism and environmentalism.

Global Politics - Maja Zehfuss 2013-08-22

The 2nd edition of Global Politics: A New Introduction continues to provide a completely original way of teaching and learning about world politics. The book engages directly with the issues in global politics that

students are most interested in, helping them to understand the key questions and theories and also to develop a critical and inquiring perspective. Completely revised and updated throughout, the 2nd edition also offers additional chapters on key issues such as environmental politics, nationalism, the internet, democratization, colonialism, the financial crisis, political violence and human rights. Global Politics: Examines the most significant issues in global politics - from war, peacebuilding, terrorism, security, violence, nationalism and authority to poverty, development, postcolonialism, human rights, gender, inequality, ethnicity and what we can do to change the world Offers chapters written to a common structure which is ideal for teaching and learning and features a key question, an illustrative example, general responses and broader issues Integrates theory and practice throughout the text, by presenting theoretical ideas and concepts in conjunction with a global range of historical and contemporary case studies Drawing on theoretical perspectives from a broad range of disciplines including international relations, political theory, postcolonial studies, sociology, geography, peace studies and development this innovative textbook is essential reading for all students of global politics and international relations.

Politics - Andrew Heywood 2019-03-12

The fifth edition of this seminal textbook by best-selling author Andrew Heywood continues to lead the way in providing a comprehensive and authoritative introduction to politics. Renowned for its engaging and accessible style, this book helps students to understand the discipline's foundational concepts and theories and use these to make sense of its key subfields, from elections and voting to security and global governance. Systematically revised and updated throughout, it also uses a range of tried-and-tested pedagogical features to draw links between different standpoints and help make contemporary institutions, events and developments come to life. Drawing on a wide range of international examples, this text is the ideal choice for lecturers around the world. Carefully designed and written to map onto the way the subject is introduced at degree level, it remains the go-to text for undergraduate introductory and comparative politics courses. Furthermore, it can also

be used as pre-course reading or as a point of reference throughout politics degrees, majors or minors. New to this Edition: - Restructured and revised to reflect the decline of democracy and the rise of populism and authoritarianism in different parts of the world - New Politics in Action features reflect the latest political developments - including 'Trump's triumph: politics as polarization'; 'South Africa: a one-party state?'; and 'North Korea: a rogue nuclear power?' - Discusses the transformation of the media landscape, assessing the advent and impact of social media and 'fake news' - New and improved text design reflecting the book's contemporary and engaging coverage - Accompanied by a brand new website, featuring a flashcard glossary, additional cases, interactive simulations and weblinks for students, PowerPoint slides for lecturers, a testbank and a guide to using the book.

Modern Political Ideologies - Andrew Vincent 2009-03-30

Thoroughly revised and updated, this third edition provides a comprehensive account of the major political ideologies of the past two centuries. Provides an expanded and thoroughly updated account of the major political ideologies of the past two centuries, including liberalism, conservatism, socialism, anarchism, fascism, feminism, environmentalism, and nationalism. Features a brand new chapter on fundamentalism, along with greater emphasis on the global impact of ideologies in general. Examines the complex overlap and interplay of ideas that exist both within and between ideologies. Incorporates the newest developments and scholarship in the field, and includes a helpful new glossary of key terms.

Concepts and Theories of Modern Democracy - Anthony H. Birch
2002-01-04

The first aim of this text book is to define and examine the principle concepts that are employed when people write or argue about modern democratic politics, to discuss the implications of using the concepts in this way or that, and to examine the normative theories associated with the concepts. A second purpose is to summarise methods of analysis used by political scientists and to discuss the controversies that have arisen about these methods, with particular reference to attempts to create a

science of politics.

UK Government & Politics - Mark Garnett 2005-09-30

This highly popular textbook has been written specifically to meet the needs of AS students, providing comprehensive, accessible and up-to-date coverage of core topics in AS government and politics.

Political Ideas and Concepts - Andrew Heywood 1994

Global Politics - Andrew Heywood 2014-03-11

In this extensively revised new edition of *Global Politics*, internationally renowned author Andrew Heywood provides a systematic and integrated analysis of the theory and practice of contemporary international relations. This edition is fully updated to cover key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of current issues like international migration. An entirely new chapter on the importance and impact of theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in global politics. Drawing on an exceptionally wide range of theoretical perspectives throughout, each chapter is packed with innovative features to aid study and reinforce learning. To complement this textbook, there is a companion website with resources for both lecturers and students, offering exam questions, PowerPoint slides, online-only case-studies, self-test questions, and more. This new edition offers: - Updated key developments, from the Arab Spring to the global financial crisis, and provides enhanced coverage of issues like international migration - An entirely new chapter on theory at the end of the book revisits key perspectives, and addresses deeper questions about the nature and purpose of theory in international relations - Full page case studies of *Global Politics in Action*, illuminating major events in world affairs - *Global Actor* case studies considering the nature and significance of key players on the world stage, from Google to the G-20 - Focus and debating features looking closely at issues and approaches.

Introduction to International Development 2e / Making Sense in the Social Sciences Pack - Paul Haslam 2013-02-15

Introduction to International Development is a collection of original essays by leading experts from disciplines as varied as geography, history, sociology, political science, economics, women's studies, and anthropology. Contributed chapters present foundational overviews as well as in-depth coverage of issues at the heart of today's most pressing international debates - from intensifying environmental threats as we near the expiry of the Kyoto Protocol to the ongoing social and political turmoil in Afghanistan. Fully updated and revised, this second edition features a new chapter on urban development and a new epilogue, along with a fresh, student-friendly design that is sure to engage students in the study of international development.

Political Thinkers - David Boucher 2017

An introduction to the history of Western political thought written by scholars from four continents. This collection provides an overview of the canon of great theorists from Socrates and the Sophist to contemporary thinkers such as Habermas and Foucault.

Political Economy: A Comparative Approach, 3rd Edition - Barry Clark Professor Emeritus 2016-03-21

This nontechnical book provides a comprehensive and interdisciplinary survey of political economy that can easily be understood by any reader with an introductory-level background in economics. • Provides in-depth historical analysis of the development of political/economic ideologies and their influence on contemporary debates among social scientists as well as the general public • Gathers ideas and policy proposals from many prominent social scientists representing divergent ideological perspectives into a single volume • Analyzes the roles of science and ideology in the development of political economy • Exposes students to the findings of advanced social science research in easily understood and accessible language

An Introduction to Political Philosophy - Colin Bird 2006-12-14

Providing a comprehensive introduction to political philosophy, this 2006 book combines discussion of historical and contemporary figures, together with numerous real-life examples. It ranges over an unusually broad range of topics in the field, including the just distribution of

wealth, both within countries and globally; the nature and justification of political authority; the meaning and significance of freedom; arguments for and against democratic rule; the problem of war; and the grounds for toleration in public life. It also offers an accessible, non-technical discussion of perfectionism, utilitarianism, theories of the social contract, and of recently popular forms of critical theory. Throughout, the book challenges readers to think critically about political arguments and institutions that they might otherwise take for granted. It will be a provocative text for any student of philosophy or political science.

Key Concepts in Politics - Andrew Heywood 2000-01-01

An accessible and comprehensive guide to the major concepts encountered in political analysis. Each is defined clearly and fully, and its significance for political argument and practice is explored. The introduction explains how political concepts are used and why they are so often abused.

British Politics - Simon Griffiths 2018-03-14

Fully revised and updated third edition of a popular, established textbook, providing a definitive introduction to Britain's politics, political institutions and processes. Comprehensively re-worked and re-structured to better align with courses, this new edition places great emphasis on the changing context of British politics while addressing key themes such as the ongoing importance of gender and ethnicity to political and social life in Britain. Furthermore, the book's familiar authoritative style has been retained with a fresh look and revitalized pedagogical features to provide a complete learning package. The book is designed for courses on or related to British politics. Its accessible style and context-setting Part 1 will make it ideal for students new to the field (particularly those who haven't studied the subject at school level or international students), but its rigour will stimulate and engage more experienced students. New to this Edition: - Fully updated to cover the 2016 EU Referendum, the 2017 General Election and other key political developments - 'Politics in Action' videos with key academic experts and practitioners offer differing viewpoints on the political system - Expanded companion website featuring regular updates and additional pedagogic tools for students

and lecturers alike, such as self-test quizzes, flashcards, timelines, a lecturer testbank and lecture slides - Vibrant and engaging full colour page design to help your students navigate the book's broad coverage
Foundations of Comparative Politics - Kenneth Newton 2016-05-12
The new edition of this leading overview of comparative politics once again blends theory and evidence across democratic systems to provide unparalleled coverage. The student-friendly structure and clear, concise writing ensure that complex issues are clearly explained and students engage with the key theories. The third edition is updated throughout, with a new chapter, 'Public Spending and Public Policies', increased coverage of defective democracies, and revised coverage of e-democracy and the power of the media. The pedagogy is simplified with a focus on 'Briefings' and 'Controversies' that feature examples from across the globe, alongside clear key terms, 'What We Have Learned' and 'Lessons of Comparison' sections, and a wealth of online materials to complete a rich teaching and learning package.

Does the Elephant Dance? - David Malone 2011-04-07

Surveys the main features of contemporary Indian foreign policy.

The Globalization of World Politics - John Baylis 2020-01-02

The *Globalization of World Politics*, the bestselling introduction to international relations, offers the most comprehensive coverage of the key theories and global issues in world politics. The eighth edition engages with contemporary global challenges, featuring a brand new chapter on Refugees and Forced Migration and updated coverage of decolonization to ensure the book continues to cover those topics that will define the key issues in IR into the future. Tailored pedagogical features help readers to evaluate key IR debates and apply theory and concepts to real world events. A fully updated Opposing Opinions feature facilitates critical and reflective debate on contemporary policy challenges, from decolonising universities to debates over migration and the state. Leading scholars in the field introduce readers to the history, theory, structures and key issues in IR, providing students with an ideal introduction and a constant guide throughout their studies. Students and lecturers are further supported by extensive online resources to

encourage deeper engagement with content: Student resources:
International relations simulations encourage students to develop negotiation and problem solving skills by engaging with topical events and processes
IR theory in practice case studies encourage students to apply theories to current and evolving global events
Video podcasts from contributors help students to engage with key issues and cases in IR
Guidance on how to evaluate the Opposing Opinions feature, supporting students to engage in nuanced debate over key policy challenges
Interactive library of links to journal articles, blogs and video content to deepen students' understanding of key topics and explore their research interests
Flashcard glossary to reinforce understanding of key terms
Multiple choice questions for self-study help students to reinforce their understanding of the key points of each chapter
Revision guide to consolidate understanding and revise key terms and themes
Instructor Resources: Case studies help to contextualise and deepen theoretical understanding
Test bank - fully customisable assessment questions to test and reinforce students' understanding of key concepts
Question bank - a bank of short answer and essay questions to promote students' critical reflection on core issues and themes within each chapter
Customisable PowerPoint slides help to support effective teaching preparation
Figures and tables from the book allow clear presentation of key data and support students' data analysis

The Political Theory Reader - Paul Schumaker 2010-02-22

Utilizing 100 key readings, *The Political Theory Reader* explores the rich tradition of ideas that shape the way we live and the great issues in political theory today. Allows students to see how competing ideological viewpoints think about the same political issues
Provides readers with direct access to authors covered in the *From Ideologies to Public Philosophies* text
Facilitates discussions by having readings arranged thematically throughout text
Extracts of works specifically chosen to focus on topics central to issues covered in chapters.

To Democratize or Not? Trials and Tribulations in the Postcolonial World - Volkan Ipek 2020-07-06

This volume, a product of the first Tricontinental Conference organized

by Yeditepe University, İstanbul, brings together perspectives on democracy and development in Africa, the Middle East and Latin America. Representing local voices and insight, the contributors here respond to the dearth of comparative analysis on these three regions. In spite of the differences observed in colonial practices and postcolonial transitions, a shared disenchantment with the performance of competitive politics comes to the forefront in these geographical areas. Decades after decolonization, low-intensity democracy and the continuing potential for democratic reversals and backsliding make the study of these three regions relevant. Considering the debates on protests, social upheavals, activism, change and continuity, this book encourages the reader to survey the various trials and tribulations of the postcolonial era.

Theories Of Comparative Politics - Ronald H Chilcote 2018-02-12
Extensively revised and updated, this classic text revisits the central problem of searching for mainstream and alternative paradigms to guide us in comparative political inquiry. Building upon the first edition's comprehensive and systematic overview of frameworks, ideologies, and theories, the second edition highlights new directions and developments over the past decade, including the continuation of an ideological political science methodological innovations such as rational-choice, historical, and postbehavioural approaches new emphases on and links between political culture and participation the recasting of modernization theory and the revitalization of class analysis and a thoroughgoing post-Keynesian political economy point of view. The second edition continues the tradition of the first in updating what one reviewer commended as outstanding, excellent annotated bibliographies at the end of each chapter and the thorough survey of the general literature of comparative politics at the end of the book." In addition, the new edition includes an appendix of definitions that facilitate clarity and understanding of political science terminology, important for students at every level from the introductory on up. In a post-Cold War world in which challenges to comparative inquiry abound, ethnic conflict, authoritarian repression, state building and disintegration, new

industrialization and postindustrialization, security systems redefined, the search for new paradigms that Theories of Comparative Politics represents gains in importance daily.

Political Ideologies - Andrew Heywood 2003

This substantially revised third edition of the leading text on political ideologies takes full account of the impact of the post-Cold War world order, the challenge of postmodernism, the advance of globalization, and the advent of global terrorism, and includes additional coverage of the prospects for ideologies in the 21st century.

An Introduction to Political Theory - John Hoffman 2013-09-13

"This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. Introduction to Political Theory relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of: · Case studies demonstrate how political ideas, concepts and issues manifest in the real world · 'Focus' boxes encourage students to appreciate alternative viewpoints · A range of thought provoking photographs challenge students to examine concepts from a different angle · Suggestions for further reading and weblinks are also provided to

help students to further their understanding Introduction to Political Theory is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.

Politics: An Introduction - Barrie Axford 2018-05-30

The second edition of this user-friendly text for students taking introductory courses in politics builds on the success of the first edition. It provides completely updated and stimulating coverage of topics essential to the understanding of contemporary politics. Ideal for students taking combined degrees at introductory level in politics and the social sciences, it emphasises the individual and social dimension of politics and covers theories and concepts in an accessible way. New features in the second edition include: * new examples drawn from Western democracies and other political systems * expanded sections on nationalism, religion, alternative politics, globalisation and ethnic conflict * updated examples from the most contemporary political events * biographies of key political thinkers and figures.

Essentials of UK Politics - Andrew Heywood 2015-07

This is a textbook for the AS level in government and politics covering all topics in the Edexcel and AQA syllabi and the core requirements of other boards. It is packed with features to aid learning and revision.

Introduction to International and Global Studies, Third Edition -

Shawn C. Smallman 2020-07-06

Shawn C. Smallman and Kimberley Brown's popular introductory textbook for undergraduates in international and global studies is now released in a substantially revised and updated third edition.

Encompassing the latest scholarship in what has become a markedly interdisciplinary endeavor and an increasingly chosen undergraduate major, the book introduces key concepts, themes, and issues and then examines each in lively chapters on essential topics, including the history of globalization; economic, political, and cultural globalization; security, energy, and development; health; agriculture and food; and the environment. Within these topics the authors explore such diverse and

pressing subjects as commodity chains, labor (including present-day slavery), pandemics, human rights, and multinational corporations and the connections among them. This textbook, used successfully in both traditional and online courses, provides the newest and most crucial information needed for understanding our rapidly changing world. New to this edition: *Close to 50% new material *New illustrations, maps, and tables *New and expanded emphases on political and economic globalization and populism; health; climate change, and development *Extensively revised exercises and activities *New resume-writing exercise in careers chapter *Thoroughly revised online teacher's manual

Geographies of Development - Robert Potter 2019-03-07

Now in its fourth edition, *Geographies of Development: An Introduction to Development Studies* remains a core, balanced and comprehensive introductory textbook for students of Development Studies, Development Geography and related fields. This clear and concise text encourages critical engagement by integrating theory alongside practice and related key topics throughout. It demonstrates informatively that ideas concerning development have been many and varied and highly contested - varying from time to time and from place to place. Clearly written and accessible for students, who have no prior knowledge of development, the book provides the basics in terms of a geographical approach to development what situation is, where, when and why. Over 200 maps, charts, tables, textboxes and pictures break up the text and offer alternative ways of showing the information. The text is further enhanced by a range of pedagogical features: chapter outlines, case studies, key thinkers, critical reflections, key points and summaries, discussion topics and further reading. *Geographies of Development* continues to be an invaluable introductory text not only for geography students, but also anyone in area studies, international studies and development studies.

Key Concepts in Politics and International Relations - Andrew Heywood

2015-07-07

Concepts have a particular importance for students of politics and international relations. Political argument often boils down to a struggle over the legitimate meaning of terms and enemies may argue, fight and even go to war, each claiming to be 'defending freedom', 'upholding democracy' or 'supporting justice'. The problem is that words such as 'freedom', 'democracy' and 'justice' have different meanings to different

people, so that the concepts themselves come to seem problematic. This book provides an accessible and comprehensive guide to the major concepts encountered in political analysis. Each term is defined clearly and fully, and its significance for political argument and practice is explored. The text has been updated and expanded to take account of the increasing influence of globalization on politics and now features 70 additional concepts. Renowned for its lively, engaging style and user-friendly approach, the second edition is an invaluable companion to the study of politics and international relations.
