**Kierkegaardian Essays** - Clare Carlisle 2022-04-19

Søren Kierkegaard argued that the most essential truths come to light by asking "How...?" This innovative collection of essays by leading scholars focuses on this questioning "How?", asking how we should relate to ourselves, to others, and to God; how we should be in the world; how we can become human. The result is a searching, original colloquium on what it means to be Kierkegaardian in the 21st century. The adjective "Kierkegaardian" names many possibilities: ways of philosophizing, choosing, loving, looking, listening, reading, writing, teaching, making art, praying, going to church – or not going to church. "How" gestures to subjectivity, one of Kierkegaard's most fundamental philosophical categories, while "What" signals an objectifying line of thought. The authors of these essays suggest that the crucial Kierkegaardian question is not what we are and ought to do, but how we can remain true to the finitude, passivity, and ambiguity of human existence. While this Kierkegaardian "how" is often acknowledged by scholars, it is rarely thematized directly. Attending to it elicits new kinds of argument and reflection. Kierkegaardian Essays proposes a fresh approach to Kierkegaard, and is essential reading for experts and students alike.

Help your students craft convincing arguments with award-winning mentor texts written by teenagers and companion teaching guide. This bundle includes one copy each of Student Voice: 100 Argument Essays by Teens on Issues That Matter to Them and Raising Student Voice: 35 Ways to Help Students Write Better Argument Essays, from The New York Times Learning Network. At a time when examples of "student voice" are everywhere, from Greta Thunberg to the Parkland students to the teenagers in the streets of Hong Kong, the argument writing that students study in school is still almost entirely written by adults. It is a wholly different experience for teenagers to study the work of their peers. It's relatable. It's relevant. And it doesn't feel like an untouchable ideal. In this new collection of 100 essays curated by The New York Times, students will find mentor texts written by their peers—13-18-year olds—on a wide range of topics including social media, race, school lockdown drills, immigration, tackle football, the #MeToo movement, and COVID-19. For any teacher who feels that students write better when they have some choice over the topic and form, when they write for an audience beyond the teacher and a purpose beyond a grade, and when they get to sound like themselves, this anthology is an invaluable resource to accompany any composition text. In the companion teacher's guide, Katherine Schulten—a former teacher and writing coach herself—provides teachers with 35 strategies and classroom-ready activities for using these peer mentor texts with their students. Raising Student Voice also includes 500 writing prompts, a "topic generator" with questions to help students decide what they'd like to write about, and a sample essay annotated with the comments of Times judges.

Which Reminds Me - Duane Arlo Windemiller 2005-06

In Which Reminds Me Duane Windemiller paints a picture of his spiritual pilgrimage from farm boy to college professor-through wars and tranquility-social struggles and personal victory-tears and laughter, to the sense of Jesus' words: "Well done, my good and faithful servant." The picture on the cover is of the author of this book-pastor of the Hampton Beach, NH, summer time chapel. The congregation calls him Windy and he calls himself Sacred Agent 007. The chapel, known as "The Singing Church," is unusual. The bulletin board invites all to "Come as You Are-Happy Hour 9:30." There is laughter and 150 to 200 voices singing gospel music to the beat of a rocking and rolling piano-enough to drown out the shrieking and splashing from the water slide next door. **The Leader in Me** - Stephen R. Covey 2012-12-11

Children in today's world are inundated with information about who to be, what to do and how to live. But what if there was a way to teach children how to manage priorities, focus on goals and be a positive influence on the world around them? The Leader in Me is that programme. It's based on a hugely successful initiative carried out at the A.B. Combs Elementary School in North Carolina. To hear the parents of A. B. Combs talk about the school is to be amazed. In 1999, the school debuted a programme that taught The 7

Habits of Highly Effective People to a pilot group of students. The parents reported an incredible change in their children, who blossomed under the programme. By the end of the following year the average end-of-grade scores had leapt from 84 to 94. This book will launch the message onto a much larger platform. Stephen R. Covey takes the 7 Habits, that have already changed the lives of millions of people, and shows how children can use them as they develop. Those habits -- be proactive, begin with the end in mind, put first things first, think win-win, seek to understand and then to be understood, synergize, and sharpen the saw -- are critical skills to learn at a young age and bring incredible results, proving that it's never too early to teach someone how to live well.
