Gap Selling - Keenan 2019-11-05

People don't buy from people they like. No! Your buyer doesn't care about you or your product or service. It's not your job to overcome objections, it's your buyer's. Closing isn't a skill of good salespeople; it's the skill of weak salespeople. Price isn't the main reason salespeople lose the sale. Gap Selling shreds traditional and closely held sales beliefs that have been hurting salespeople for decades. For years, salespeople have embraced a myriad of sales tactics and belief systems that have unknowingly created many of the issues they have been trying to avoid such as: long sales cycles, price objections, no decision, prospects going dark, last minute feature requests, and more. Success at sales requires more than a set of tactics. Salespeople need to understand the game of sales, how sales works, and what the buyer is going through in order to make the decision to buy (change) or not to buy (not change). Gap Selling is a game-changing book designed to raise the sales IQ of selling organizations around the world. In his unapologetic and irreverent style, Keenan breaks down the tired old sales myths causing today's frustrating sales issues, to highlight a deceptively powerful new way to connect with buyers. Today's sales world is littered with glorified order takers, beholden to a frustrated buyer, unable to influence the sale and create value. Gap Selling flips the script and creates salespeople with immense influence at every stage of the buying process, capable of impacting the sales metrics that matter: Shorter Sales Cycles Increased Revenue Elevated Deal Values Higher Win Rates Fewer No Decisions More Leads And Happier Buyers Gap Selling elevates the sales world's selling IQ and turns sales order takers into sales influencers.

Broken Idols of the English Reformation - Margaret Aston 2015-11-26

Why were so many religious images and objects broken and damaged in the course of the Reformation? Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images, rails and screens to bells, organs and stained glass windows. She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity. She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers. Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of religious learning. Idol-breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing, hearing and remembering.

Raising Sinners - Lisa Clark 2016-05-12

Lisa's parenting journey began over 26 years ago, but it wasn't until she started teaching bible study at Prestonwood Baptist Church that the Lord told her "parenting" was her niche. God gave Lisa a word about biblical parenting, and so she started the process of teaching and encouraging moms throughout the Dallas area. This led her to partner with Sky Ranch Christian Camps in 2007 and the development of SkyMoms Ministry with her friend and Sky Ranch CEO, Linda Paulk. Lisa has a unique teaching style, which couples humor and personal stories of raising her own two daughters with biblical insights. Grounded in God's Word, Lisa has a passion for encouraging moms in the day-to-day struggles of parenting preteens and teens. "I am not a perfect parent and realize that as long as I am covered in flesh, I will fall short on a daily basis. But I also realize that God has given me what I need to parent confidently. Confident parenting is the key. I am the parent and God has commissioned me to be the parent. I have a responsibility to give Him, my husband and my children my very best." Lisa is married to Brad, her husband of almost 30 years, and they are enjoying their empty nest in Frisco, Texas. They have two daughters, Caroline and Camryn. Caroline

and her husband, Brent, lead a ministry in Norman, Oklahoma called Crossover Norman. Camryn is engaged to Brett and the newlyweds will reside in Dallas."

Monuments, Empires, and Resistance - Tom D. Dillehay 2007-04-30

From AD 1550 to 1850, the Araucanian polity in southern Chile was a center of political resistance to the intruding Spanish empire. In this 2007 book, Tom D. Dillehay examines the resistance strategies of the Araucanians and how they used mound building and other sacred monuments to reorganize their political and culture life in order to unite against the Spanish. Drawing on anthropological research conducted over three decades, Dillehay focuses on the development of leadership, shamanism, ritual, and power relations. His study combines developments in social theory with the archaeological, ethnographic, and historical records. Both theoretically and empirically informed, this book is a fascinating account of the only indigenous ethnic group to successfully resist outsiders for more than three centuries and to flourish under these conditions.

The O'Ruddy - Stephen Crane 2011-08-23

Stephen Crane (1871-1900) is one of the best loved American writers of all time. He is renowned for his novel "The Red Badge of Courage" and short stories, including "Open Boat" and "The Blue Hotel." He died before he finished writing his last novel, the Irish romance titled "The O'Ruddy." Completed upon his death by Robert Barr, the book was published in New York in 1903. Also included in this edition are Crane's "Irish Notes" (1897). According to the New York Times review, "There is hardly a dull page in the book, while dozens will sweep you along breathless. And it leaves no man a chance to laugh at it. Always it laughs first." *Strong Enough?* - Mark Rippetoe 2007-01-01

An Anglo-Norman Reader - Jane Bliss 2018-02-08

This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

A History of the American People - Paul Johnson 1999-02-17

"The creation of the United States of America is the greatest of all human adventures," begins Paul Johnson's remarkable new American history. "No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind." Johnson's history is a reinterpretation of American history from the first settlements to the Clinton administration. It covers every aspect of U.S. history--politics; business and economics; art, literature and science; society and customs; complex traditions and religious beliefs. The story is told in terms of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Wherever possible, letters, diaries, and recorded conversations are used to ensure a sense of actuality. "The book has new and often

trenchant things to say about every aspect and period of America's past," says Johnson, "and I do not seek, as some historians do, to conceal my opinions." Johnson's history presents John Winthrop, Roger Williams, Anne Hutchinson, Cotton Mather, Franklin, Tom Paine, Washington, Adams, Jefferson, Hamilton, and Madison from a fresh perspective. It emphasizes the role of religion in American history and how early America was linked to England's history and culture and includes incisive portraits of Andrew Jackson, Chief Justice Marshall, Clay, Lincoln, and Jefferson Davis. Johnson shows how Grover Cleveland and Teddy Roosevelt ushered in the age of big business and industry and how Woodrow Wilson revolutionized the government's role. He offers new views of Harding, Coolidge, and Hoover and of Franklin Roosevelt's New Deal and his role as commander in chief during World War II. An examination of the unforeseen greatness of Harry Truman and reassessments of Eisenhower, Kennedy, Johnson, Nixon, Reagan, and Bush follow. "Compulsively readable," said Foreign Affairs of Johnson's unique narrative skills and sharp profiles of people. This is an in-depth portrait of a great people, from their fragile origins through their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power and its sole superpower. Johnson discusses such contemporary topics as the politics of racism, education, Vietnam, the power of the press, political correctness, the growth of litigation, and the rising influence of women. He sees Americans as a problem-solving people and the story of America as "essentially one of difficulties being overcome by intelligence and skill, by faith and strength of purpose, by courage and persistence... Looking back on its past, and forward to its future, the auguries are that it will not disappoint humanity." This challenging narrative and interpretation of American history by the author of many distinguished historical works is sometimes controversial and always provocative. Johnson's views of individuals, events, themes, and issues are original, critical, and admiring, for he is, above all, a strong believer in the history and the destiny of the American people.
