Initiation à l'astrologie - Emilie Charton 2019-10-08

Islamic Life and Thought - Seyyed Hossein Nasr 2013-10-18

This collection of essays by one of the best known contemporary Muslim scholars writing in English covers many facets of Islamic life and thought. The author has brought together studies dealing with the practical as well as intellectual aspects of Islam in both their historical and contemporary reality. The contemporary significance of themes such as religion and secularism, the meaning of freedom, and the tradition of Islamic science and philosophy is given particular attention. *Livres de France* - 2001

Initiation into the Mysteries of the Ancient World - Jan N. Bremmer 2014-07-28

The ancient Mysteries have long attracted the interest of scholars, an interest that goes back at least to the time of the Reformation. After a period of interest around the turn of the twentieth century, recent decades have seen an important study of Walter Burkert (1987). Yet his thematic approach makes it hard to see how the actual initiation into the Mysteries took place. To do precisely that is the aim of this book. It gives a 'thick description' of the major Mysteries, not only of the famous Eleusinian Mysteries, but also those located at the interface of Greece and Anatolia: the Mysteries of Samothrace, Imbros and Lemnos as well as those of the Corybants. It then proceeds to look at the Orphic-Bacchic Mysteries, which have become increasingly better understood due to

the many discoveries of new texts in the recent times. Having looked at classical Greece we move on to the Roman Empire, where we study not only the lesser Mysteries, which we know especially from Pausanias, but also the new ones of Isis and Mithras. We conclude our book with a discussion of the possible influence of the Mysteries on emerging Christianity. Its detailed references and up-to-date bibliography will make this book indispensable for any scholar interested in the Mysteries and ancient religion, but also for those scholars who work on initiation or esoteric rituals, which were often inspired by the ancient Mysteries.

Astrologie initiatique et pratique - Kléa 2020-06-05

Dans notre monde trop matérialiste, la personnalité seule a droit d'existence ; or chacun comprend aussi une âme et un esprit, mais a tendance à s'amputer de ces meilleures parts pour laisser la place à l'égoïsme. L'âme veut vivre et ceux qui l'étouffent ressentent un manque indéfinissable. Dans l'enseignement du maître tibétain D K, transmis par Alice Bailey, une part importante est consacrée à l'astrologie, cette Grande Mère cosmique qui permet de retrouver sa véritable essence divine, loin de toute forme de mercantilisme divinatoire. Dans cette nouvelle édition, Kléa tente de rendre enfin compréhensible et praticable ce message magistral. La première partie de cet ouvrage traite du symbolisme et de la définition de chaque planète à tous les niveaux : initiatique, psychologique, social, professionnel, familial,

affectif et physique. Les interprétations abordent les deux polarités négatives et positives, afin de permettre à chacun un travail de transmutation et de réharmonisation. Dans le même esprit, la deuxième partie traite des signes et des maisons. Chaque signe intègre un enseignement spécifique d'une fantastique richesse, à la portée de tous, parfaitement praticable, porteur de bonheur et d'une sérénité à toute épreuve s'il est bien compris. Un effort est certes demandé, mais pas plus que de mettre un pied devant l'autre pour avancer - cette fois à la verticale ! Les maisons ou secteurs de vie révèlent les problèmes individuels, mais aussi les solutions intérieures permettant de décoder leurs causes profondes, en même temps que les moyens de les transcender et de les dépasser. Entrez donc dans la " voie royale " du zodiaque...

Introduction to the Kalachakra Initiation - Alexander Berzin 2011-03-16

Kalachakra is a system of highest tantra practice for overcoming the limitations imposed by historical, astrological, and biological cycles so as to become a Buddha for the benefit of all. His Holiness the Dalai Lama and other great Tibetan teachers have been conferring the Kalachakra initiation in the West, empowering prepared practitioners to engage in its meditations. Large numbers of people also attend this initiation as interested observers and gain inspiration for their spiritual growth. Introduction to the Kalachakra Initiation explains on a practical level and in everyday language the theory of tantra, the vows, commitments, and their implications, the factors to consider in deciding if one is ready to attend a Kalachakra initiation as a participant, how to visualize during the initiation, and the most important thoughts and feelings for participants and observers at each step of the empowerment. In preparing this

guidebook, Alexander Berzin has done a great service to everyone interested in the Kalachakra initiation. It will help people to prepare for the ceremony and understand the essential points of each step of the procedure.

Die galaktische Dimension der Astrologie - Birgit Braun 2020-12-28

Dieses Buch handelt vom galaktischen Ursprung der Astrologie. Es beschreibt vier wesentliche galaktische Faktoren - das galaktische Zentrum der Milchstraße, das supergalaktische Zentrum des Virgo-Galaxienhaufens, das Zentrum der benachbarten Andromeda-Galaxie und das Zentrum des Shapley Supergalaxienhaufens. Gemeinsam bilden sie ein für die Erde aus astrologischer, mythologischer und philosophischer Sicht bedeutsames kosmisches Vierergespann, das sich erstaunlich sinnvoll in den Rhythmus der astrologischen Weltzeitalter und des zyklischen Verlaufs der Menschheitsgeschichte einfügt. Auf den individuellen Menschen übertragen erlauben sie eine umfassende Sicht auf die seelisch-geistige Konstitution des Menschen. Der erste Teil KOSMOS beschreibt die Kosmologien

ausgewählter europäischer und asiatischer Schöpfungsmythen der Antike bis hin zum kosmologischen Standardmodell der Gegenwart und stellt vier die galaktischen Zentren - das Zentrum der Milchstraße und der Virgo Supergalaxie, der Andromeda-Galaxie und des Shapley Supergalaxienhaufen - in Verbindung zu den Mythen ihrer Sternbilder, ihren Beziehungen zur Erde und ihren Einflüssen auf die unterschiedlichen Zyklen der gesamten Menschheitsgeschichte vor. Der zweite Teil SEELE beschäftigt sich mit der Geschichte des Selbstbegriffs und seine Rezeption in Philosophie, Psychologie und Astrologie mit Schwerpunkt auf den psychologischen Konstitutionsmodellen der Vedischen Astrologie und der Astrologischen Psychologie (Huber-Methode) mit Deutungsvorschlägen für die Integration der galaktischen Ebene in die astrologische Deutungsarbeit. Dem schließt sich ein Kapitel über den Asteroiden CHIRON an, dessen Schlüsselfunktion - die individuelle Bewusstwerdung des kosmischen Ursprungs der Seele - anhand seines Entdeckungshoroskops nachvollzogen wird. Im dritten Teil PRAXIS wird die Bedeutsamkeit der galaktischen Zentren in Kurzdeutungen zahlreicher Beispielhoroskope anschaulich und praktisch nachvollziehbar.

Les nouveaux enjeux de la concession et des contrats apparentés - Christian Bettinger 1996

The Cambridge Intellectual History of Byzantium - Anthony Kaldellis 2017-11-30

This volume brings into being the field of Byzantine intellectual history. Shifting focus from the cultural, social, and economic study of Byzantium to the life and evolution of ideas in their context, it provides an authoritative history of intellectual endeavors from Late Antiquity to the fifteenth century. At its heart lie the transmission, transformation, and shifts of Hellenic, Christian, and Byzantine ideas and concepts as exemplified in diverse aspects of intellectual life, from philosophy, theology, and rhetoric to astrology, astronomy, and politics. Case studies introduce the major players in Byzantine intellectual life, and particular emphasis is placed on the reception of ancient thought and its significance for secular as well as religious modes of thinking and acting. New insights are offered regarding controversial, understudied, or promising topics of research, such as philosophy and medical thought in Byzantium, and intellectual exchanges with the Arab world.
