What do Henry Ford, Thomas Edison, Mae West, Howard Hughes, John Madden, the Partridge Family, Ken Kesey, The Who, and Barbie have in common? Each had a home on wheels-be it an old converted school bus, a massive RV cruiser, or elegant house car. These celebrity motorhomes are only the frosting on the cake in Douglas Keister's entertaining and informative new book *Mobile Mansions*. From the eclectic to the exquisite, the luxurious to the rare, Keister's incredible photography showcases the history and diversity of some of the most historic and lovingly restored RVs on the road today. Keister documents an amazing range of vehicles, including small camp cars from the 1920s, house cars from the 1930s, campers from the 1950s and finally modern-day motorhomes that first emerged in the 1960s. Well-known brands like Winnebago, GMC, and Travco are featured as well as one-of-a-kind vehicles like the Lamsted Kampcar, built by Anheuser Busch, the Zeppelin House Car, and Buckminster Fuller's Dymaxion car. Step inside a wide variety of motorhomes, from diminutive camp cars to diesel-belching, lumbering leviathans complete with saunas, balconies, and gourmet kitchens. *Mobile Mansions* details this fascinating chapter of America's history with lively text, luscious full color photographs, rare vintage photographs and offers a concise history of the recreational vehicle.

## **Love Lifts the Heart** - Nancy Crapser Hunt 2009-12-15

This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down's syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby's case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it.

**Lessons in Leadership from the War of 1812** - Sr Dr Marc a Desimone 2017-08-29  
Leadership has had a great impact on the History of the United States of America. Individual people who have risen to the occasion of leadership have played key roles on that great stage called life. In this new look at leaders and leadership during the War of 1812, the historical profiles of 43 personalities have been carefully selected based on the various roles they played in that dramatic conflict and the modern lessons in leadership that can be gleaned from reviewing each as a "case study." The spotlight has been placed on the lessons learned from these very personal stories which teach practical principles of leadership for today's leaders. There is nothing quite like learning vicariously from the revealing experiences of others. These individual stories cover a wide spectrum of events, from the first shots fired in the war, to the signing of the Treaty of Ghent by President Madison at the very end of that international conflict. Each vignette holds a valuable piece of the puzzle as to what makes a great leader during times of existential crisis. The authors maintain that good leadership principles can be learned, and that the powerful lessons presented here are quite relevant - and totally applicable - to leadership today! There are many different kinds of leaders presented in this book, as well as lessons regarding the varied ways to develop future leaders. Here, one will get a taste of a wide-spectrum look at the phenomenon of leadership depicted in these studies. It is hoped that the reader will savor this captivating approach to learning leadership lessons through the authentic, and sometimes surprising, examples of real people, in real situations, and particularly through the examination of how they reacted as they faced real pressures and the extremes of wartime conditions. In this book, the reader will also meet American, British, Canadian, and Indian leaders, who affected the outcome of the War of 1812. Almost anyone can show some leadership ability in easy times - when everything is going to plan - almost anyone can be somewhat inspirational, innovative and strong. The real question, however, is "how does one do when everything's falling apart?" That is the ultimate test of exceptional leadership. As seen here, real leadership is not so much about titles, rank, or raw "power," as it is about character, preparation, and courage. Prepare for a journey of discovery from the lessons in leadership from the War of 1812!
