**Scarred Regrets** - Adelaide Forrest 2021-12-26  
Broken men don't fall in love.  
We linger in the darkness,  
consumed by the sins that  
define us. Irina is the sole  
reason my heart beats. She's  
everything that matters in a  
world filled with evil that a  
woman so good and pure  
should never have to see. She'll  
add another scar to my

collection - this one engraved  
on my heart. When she's taken  
by our enemy to use for his  
vengeance. Even knowing she  
can never be mine, I'll stop at  
nothing to see her safe. The  
Irina I rescue isn't the same  
feisty woman they stole. Her  
soul is broken. Her heart is  
hollow like mine, because of  
the things she's seen. She  
needs me in a way I've never

known. And I will destroy the man who shattered what's mine. Scarred Regrets is a full-length standalone romance, but the series presents a better reading experience when following the suggested order.

This series contains dark elements, including over-the-top antiheroes who do as they please. Read at your own discretion.

**Captain Rosalie** - Timothee de Fombelle 2019-06-11

Timothée de Fombelle and Isabelle Arsenault capture the heart-wrenching cost of war for one small girl in a delicately drawn, expertly told tale. While her father is at war, five-year-old Rosalie is a captain on her own secret mission. She wears the disguise of a little girl and tracks her progress in a secret notebook. Some evenings, Rosalie's mother reads aloud Father's letters from the front lines, so that Rosalie knows he

is thinking of her and looking forward to the end of the war and to finally coming home. But one day a letter comes that her mother doesn't read to her, and Rosalie knows her mission must soon come to an end. Author Timothée de Fombelle reveals the true consequence of war through the experiences of small, determined Rosalie, while acclaimed artist Isabelle Arsenault illustrates Rosalie's story in muted grays marked with soft spots of color -- the orange flame of Rosalie's hair, the pale pink of a scarf, the deep blue ink of her father's letters. All the more captivating for the simplicity with which it is drawn and told, this quiet tale will stay with the reader long after its last page is turned.

Memoirs from Beyond the Grave: 1768-1800 - François-René de Chateaubriand  
2018-02-20

Written over the course of four decades, François-René de Chateaubriand's epic autobiography has drawn the admiration of Baudelaire, Flaubert, Proust, Barthes, and Sebald. Here, in the first books of his massive Memoirs, spanning the years 1768 to 1800, Chateaubriand looks back on the already bygone world of his youth. He recounts the history of his aristocratic family and the first rumblings of the French Revolution. He recalls playing games on the beaches of Saint-Malo, wandering in the woods near his father's castle in Combourg, hunting with King Louis XVI at Versailles, witnessing the first heads carried on pikes through the streets of Paris, meeting with George Washington in Philadelphia, and falling

hopelessly in love with a young woman named Charlotte in the small Suffolk town of Bungay.

The volume ends with Chateaubriand's return to France after seven years of exile in England. In this new edition (the first unabridged English translation of any portion of the Memoirs to be published in more than a century), Chateaubriand emerges as a writer of great wit and clarity, a self-deprecating egotist whose meditations on the meaning of history, memory, and morality are leavened with a mixture of high whimsy and memorable gloom.

**Breaking Through** - Martine Liautaud 2016-04-18

When women succeed, we all win. Breaking Through explores the mentoring relationship, and unravels its effects on women, businesses, society, and the economy. In 2010, author Martine Liautaud founded the Women Business Mentoring Initiative (WBMI) to support women entrepreneurs with the targeted advice and personalized guidance that can only come from a mentor. In late 2015, she set up the Women Initiative Foundation to broaden her action in favor of women in the business world. This book encapsulates the WBMI mission and other

similar experiences inside international and US corporations, showing how mentoring and sponsorship can take many forms—and how each form benefits women in business. Through evidence-based narratives, you'll learn what real women have gained from both sides of the dynamic, and why they credit mentoring with the strength of their business success. These stories show how mentoring yields increased efficiency, improved financials, more effective management, increased innovation, a broader talent pool, and increased revenues, and how helping women succeed in business leads to increased philanthropy and improves community sustainability. Gender equality has made huge strides in the US and Western Europe, but this progress is only apparent in the junior levels of the workplace. This book shows how mentoring women entrepreneurs and women managers provides the key that opens the door to the new economy. Understand why

mentoring is key to women's economic advancement. Learn how mentoring yields tangible benefits beyond the workplace. Delve into the experiences of real mentor/mentee pairs. Consider the effectiveness of various types of mentoring. Despite the increasing opportunities for women in business, statistics and pervading stereotypes suggest that true gender equality is still far on the horizon. Mentoring and sponsorship can be tremendously helpful to women looking to achieve great things—the wisdom of experience is a powerful asset in business strategy and decision-making, and the mentor/mentee relationship benefits everyone. Breaking Through makes a compelling case for the effectiveness of mentoring, with real women's stories of success.

### **The Whole-Brain Child -**

Daniel J. Siegel 2011-10-04

NEW YORK TIMES

**BESTSELLER •** More than 1 million copies in print! • The authors of No-Drama Discipline and The Yes Brain explain the new science of how a child's brain is wired and how it matures in this pioneering, practical book. "Simple, smart, and effective solutions to your child's struggles."—Harvey Karp, M.D. In this pioneering, practical book, Daniel J. Siegel, neuropsychiatrist and author of

the bestselling Mindsight, and parenting expert Tina Payne Bryson offer a revolutionary approach to child rearing with twelve key strategies that foster healthy brain development, leading to calmer, happier children. The authors explain—and make accessible—the new science of how a child's brain is wired and how it matures. The "upstairs brain," which makes decisions and balances emotions, is under construction until the mid-twenties. And especially in young children, the right brain and its emotions tend to rule over the logic of the left brain. No wonder kids throw tantrums, fight, or sulk in silence. By applying these discoveries to everyday parenting, you can turn any outburst, argument, or fear into a chance to integrate your child's brain and foster vital growth. Complete with age-appropriate strategies for dealing with day-to-day struggles and illustrations that will help you explain these concepts to your child, The Whole-Brain Child shows you

**Arabic as a Secret Song -**

Leïla Sebbar 2015-06-17

The celebrated and highly versatile writer Leïla Sebbar was born in French colonial Algeria but has lived nearly her entire adult life in France, where she is recognized as a major voice on the penetrating effects of colonialism in contemporary society. The dramatic contrast between her past and present is the subject of the nine autobiographical essays collected in this volume. Written between 1978 and 2006, they trace a journey that began in Aflou, Algeria, where her father ran a schoolhouse, and continued to France, where Sebbar traveled, alone, as a graduate student before eventually realizing her

powerful creative vision. The pieces collected in this book capture an array of experiences, sensations, and sentiments surrounding the French colonial presence in Algeria and offer an intimate and prismatic reflection on Sebbar's bicultural upbringing as the child of an Algerian father and French mother. Sebbar paints an unflinching portrait of her original disconnection from her father's Arabic language and culture, depicting her struggle to revive a cultural heritage that her family had deliberately obscured and to convey the vibrant yet muted Arabic of her father and of Algeria. Looking back from numerous vantage points throughout her life, she presents the complicated and divisive dynamics of being raised "between two shores"--the colonized and the colonizer. CARAF Books: Caribbean and African Literature Translated from French *Meeting Globalization's Challenges* - Luís Catão 2019-11-05

"In the US, in Europe, and throughout the world, globalization, in tandem with technological progress, has left a massive number of people behind, feeling dispossessed, disenfranchised, and angry. Leading the charge of "hyperglobalization" during the second half of the last century, and enforcing the Western framework of austerity in the developing world has been the International Monetary Fund. Along with the World Bank and WTO, many consider the IMF one of the most consequential institutions to have pushed the world economy blindly towards excessive globalization, while not adequately considering its powerful negative consequences. In October 2017, however, the IMF convened with some of the world's most celebrated economists and experts on trade and globalization to have an honest discussion on the most pressing concerns the world faces today as a result of globalization, and how to address the extensive challenges it has created.

Edited by chief economist Maurice Obstfeld and senior economist Luis Catao of the IMF, the book brings together a team of respected senior economists with the most promising younger scholars to address five major themes: how globalization affects economic growth and social welfare; potential political implications of an honest discussion of globalization, and that "free trade may not be politically viable"; free trade's role in global inequality; how workers adjust or not when they're dislocated by globalization; and how trade policy influences the way countries develop their economies and societies. The book could represent a historic milestone at which the world's top economists and policymakers have an unprecedented, honest debate about the real costs and consequences of globalization"-

**The Mistress's Daughter** - A. M. Homes 2007-04-05

The "fierce and eloquent" (New York Times) memoir by the award-winning author of *May We Be Forgiven* and *This Book Will Save Your Life*. The acclaimed writer A. M. Homes was given up for adoption before she was born. Her biological mother was a twenty-two-year-old single woman who was having an affair with a much older married man with a family of

his own. *The Mistress's Daughter* is the ruthlessly honest account of what happened when, thirty years later, her birth parents came looking for her. Homes relates how they initially made contact and what happened afterwards, and digs through the family history of both sets of her parents in a twenty-first-century electronic search for self. Daring, heartbreaking, and startlingly funny, Homes's memoir is a brave and profoundly moving consideration of identity and family. "A compelling, devastating, and furiously good book written with an honesty few of us would risk." —Zadie Smith "I fell in love with it from the first page and read compulsively to the end."

*Promise at Dawn* - Romain Gary 2017-10-31

A classic of modern French literature, the thrilling real-life story of the military hero, ambassador, ladies man, writer, and loving son I grew up longing for the day when I could tear down the veil of darkness and absurdity concealing the true face of the universe and discover at last a smile of kindness and wisdom; I grew up in the certitude that one day I should help my fellow men to wrest the world from our enemies and give back the earth to those who ennoble it with their courage and warm it with their love. Promise at

Dawn begins as the story of a mother's sacrifice: alone and poor, she fights fiercely to give her son the very best. Romain Gary chronicles his childhood in Russia, Poland, and on the French Riviera; he recounts his adventurous life as a young man fighting for France in World War II. But above all he tells the story of the love for his mother that was his very life—their secret and private planet, their wonderland “born out of a mother's murmur into a child's ear, a promise whispered at dawn of future triumphs and greatness, of justice and love.”
