Mémoires couronnés et autres mémoires - 1880

The Anime Machine - Thomas Lamarre 2013-11-30

Despite the longevity of animation and its significance within the history of cinema, film theorists have focused on live-action motion pictures and largely ignored hand-drawn and computer-generated movies. Thomas Lamarre contends that the history, techniques, and complex visual language of animation, particularly Japanese animation, demands serious and sustained engagement, and in *The Anime Machine* he lays the foundation for a new critical theory for reading Japanese animation, showing how anime fundamentally differs from other visual media. *The Anime Machine* defines the visual characteristics of anime and the meanings generated by those specifically “animetic” effects—the multiplanar image, the distributive field of vision, exploded projection, modulation, and other techniques of character animation—through close analysis of major films and television series, studios, animators, and directors, as well as Japanese theories of animation. Lamarre first addresses the technology of anime: the cells on which the images are drawn, the animation stand at which the animator works, the layers of drawings in a frame, the techniques of drawing and blurring lines, how characters are made to move. He then examines foundational works of anime, including the films and television series of Miyazaki Hayao and Anno Hideaki, the multimedia art of Murakami Takashi, and CLAMP's manga and anime adaptations, to illuminate the profound connections between animators, characters, spectators, and technology. Working at the intersection of the philosophy of technology and the history of thought, Lamarre explores how anime and its related media entail material orientations and demonstrates concretely how the “animetic machine” encourages a specific approach to thinking about technology and opens new ways for understanding our place in the technologized world around us.

Berserk Volume 1 - Kentaro Miura 2017-07-18

Created by Kentaro Miura, Berserk is manga mayhem to the extreme - violent, horrifying, and mercilessly funny - and the wellspring for the internationally popular anime series. Not for the squeamish or the easily offended, Berserk asks for no quarter - and offers none! His name is Guts, the Black Swordsman, a feared warrior spoken of only in whispers. Bearer of a gigantic sword, an iron hand, and the scars of countless battles and tortures, his flesh is also indelibly marked with The Brand, an unholy symbol that draws the forces of darkness to him and dooms him as their sacrifice. But Guts won't take his fate lying down; he'll cut a crimson swath of carnage through the ranks of the damned - and anyone else foolish enough to oppose him! Accompanied by Puck the Elf, more an annoyance than a companion, Guts relentlessly follows a dark, bloodstained path that leads only to death...or vengeance.

Le Livre de la profondeur des choses - Geneviève Gobillot 1996

Al-Hakim al-Tirmidhi (m. 318/930) est l'auteur de l'une des oeuvres de mystique musulmane les plus anciennes et les plus importantes qui nous soit parvenue à ce jour et dont l'authenticité ne peut être mise en doute. Ses livres, dont une quinzaine ont été édités, sur soixante environ recensés, constituent un témoignage capital sur les mouvements spirituels qui sont nés et se sont développés au Khurasan à l'époque où il y a vécu. On y découvre l'intensité et la richesse des échanges d'idées qui ont eu lieu dans une région où se côtoyaient, au sein des vestiges d'une civilisation bouddhiste, des Zoroastriens, des Manichéens, des juifs, des Chrétiens et des adeptes de courants néo-platonisants ou gnostiques, ainsi que des représentants de toutes les tendances musulmanes de l'époque. Si l'instabilité politique et la crainte des invasions constituaient alors une préoccupation essentielle, il n'en reste pas moins que de nombreux penseurs, en groupe ou de manière solitaire, comme Tirmidhi lui-même, ont tendu toutes leurs énergies vers la recherche d'une réalité totalement intemporelle : les chemins d'accès à la sainteté qui n'est autre que l'état d'amitié et de proximité divines. Le livre de la Profondeur des choses qui est, de l'aveu même de l'auteur, l'une de ses premières oeuvres, contient déjà tous les éléments d'un système très élaboré qui aura une influence sur la pensée mystique postérieure, en particulier celle d'Ibn 'Arabî. L'anthropologie spirituelle, la préexistence des âmes, l'initiation à la connaissance et la notion d'amour véridique en sont les thèmes majeurs. Il y est question également de la liberté de l'être humain qui n'est autre, selon l'auteur, que la liberté d'aimer, Dieu ayant voulu que le secret du coeur reste la part inaliénable de chacun.

A Bride's Story, Vol. 5 - Kaoru Mori 2018-09-25

Acclaimed creator Kaoru Mori's tale of life on the nineteenth-century Silk Road takes on an air of celebration as, at long last, Laila and Leily's wedding day arrives! But the marriage ceremony may be even more taxing for the girls than their search for a pair of grooms. Sitting still and silent as their guests celebrate and eat is a trial that will push the girls' patience to its limit, not to mention that of Sami and Sarm! As the twins finally make their vows and commit themselves to their husbands, the gravity of the moment finally sets in. Though they have dreamed of marriage for years, only now do they realize that everything in their lives is about to change... Crafted in painstaking detail, Ms. Mori's pen breathes life into the scenery and architecture of the period in this heart-warming, slice-of-life tale that is at once wholly exotic, yet familiar and accessible through the everyday lives of the characters she has created.

Money Shot Vol. 2 - Tim Seeley 2021-05-11

The XXX-pplorers have a good thing going, funding science with sex. Then the President of the U.S.A. decides he wants in on the action. Meanwhile, strife, STIs, chainsaw genitalia, and the threat of total eradication by aliens loom large. A STORY ABOUT SCIENTISTS HAVING SEX WITH ALIENS FOR THE GLORY OF MANKIND—AND MONEY. Just as the XXX-pplorers get into the groove of funding science with sex, the man who helped take away all their funding in the first place demands to join the team: THE PRESIDENT OF THE DAMN UNITED STATES. Now saddled with pretty much the worst person in the whole country, the group must overcome interpersonal strife, STD fears, and chainsaw genitalia to convince the universe that we don't deserve to be eradicated. Collects issues #6 to #10.

Perfect World 2 - Rie Aruga 2018-05-15
