Margaret Thatcher - Charles Moore 2016

"With unequaled authority and dramatic detail, the first volume of Charles Moore's authorized biography of Margaret Thatcher reveals as never before the early life, rise to power, and first years as prime minister of the woman who transformed Britain and the world in the late twentieth century, "--NoveList.

Margaret Thatcher - David Cannadine 2017

This concise, lively, and authoritative biography examines the life of Margaret Thatcher and sets it in the context of recent British history. Written by leading international historian David Cannadine, it covers her early life, political career, life after politics, impact, and legacy.

Thatcher - Graham Goodlad

2015-12-14

Thatcher provides an accessible and scholarly introduction to the personality and career of Britain's first female political leader and the twentieth century's longest serving Prime Minister. Providing a balanced narrative and assessment of one of the most significant figures of the post-war era, this new biography examines the reasons why Margaret Thatcher has been admired by many as an architect of national revival, yet loathed by others as the author of widening social and geographical division. The book begins by examining the making of Margaret Thatcher, her education, the beginning of her political career and her rise through the Conservative Party to her appointment as unexpected leader. Moving on to her tenure as Prime Minister, Graham Goodlad then examines her impact at home and abroad, covering her controversial economic policies and hard line with the trade unions, leadership through the

Falklands conflict and during the last decade of the Cold War, and influence on Britain's relationship with a more closely integrated Europe. Finally, the biography closes with a review of Thatcher's legacy before and after her death in April 2013, and considers how far she shaped the politics and society of the 1980s and those of our own time. Thatcher is essential reading for all students of twentieth-century history and politics.

Madam Prime Minister - Libby Hughes 2000-11-01

Margaret Thatcher was a strong-willed child and an iron-willed leader. Whatever she achieved was through hard work. This biography takes the reader through her youthful years into politics, marriage, law, children, and eventually to eleven years as Britain's prime minister.

The Path to Power - Margaret Thatcher 2011-01-04

In her international bestseller, *The Downing Street Years*, Margaret Thatcher provided an acclaimed account of her years

as Prime Minister. This second volume reflects on the early years of her life and how they influenced her political career.

The Autobiography -

Margaret Thatcher 2013

A newly edited, single-volume commemorative edition of 'The Path to Power' and 'Downing Street Years'; this is Margaret Thatcher in her own words. Margaret Thatcher was the towering figure of late-twentieth-century British politics. Now following her death in 2013, this is her account of her remarkable life. Beginning with her upbringing in Grantham, she goes on to describe her entry into Parliament. Rising through the ranks of this man's world, she led the Conservative Party to victory in 1979, becoming Britain's first woman prime minister. Offering a riveting firsthand version of the critical moments of her premiership - the Falklands War, the miners' strike, the Brighton bomb and her unprecedented three election victories, the book reaches a gripping climax with an hour-by-hour description of

her dramatic final days in 10 Downing Street. Margaret Thatcher's frank and compelling autobiography stands as a powerful testament to her influential legacy.

Margaret Thatcher: At Her Zenith - Charles Moore
2016-12-13

"One of the masterpieces of British political history" (The New York Times) boasts unprecedented access to Thatcher colleagues, friends, family, and all her government and private papers, and offers a groundbreaking and essential portrait of a titanic figure, with all her capabilities and flaw, during the years of her greatest power. In June 1983 Margaret Thatcher won the biggest increase in a government's parliamentary majority in British electoral history and proceeded to transform relations with Europe, prioritize British industry, and reinvigorate the economy. For the only time since Churchill, Britain had a central place in dealings between the superpowers. But even at her zenith, Thatcher

Downloaded from
nbsolutions.com on by
guest

was best by difficulties. She regularly faced calls for resignation, grew isolated in her own government, butted heads with the Queen, bullied her senior colleagues, and was deceived by her closest ally, Ronald Reagan, during the U.S. invasion of Grenada. Thatcher storms from these pages as from no other book.

Margaret Thatcher (Volume 2)

- Charles Moore 2016-11-22

The sensational second volume of Charles Moore's bestselling authorized biography of the Iron Lady In June 1983 Margaret Thatcher won the biggest increase in a government's Parliamentary majority in British electoral history. Over the next four years, as Charles Moore relates in this central volume of his uniquely authoritative biography, Britain's first woman prime minister changed the course of her country's history and that of the world, often by sheer force of will. The book reveals as never before how she faced down the Miners' Strike, transformed relations with Europe,

privatized the commanding heights of British industry and continued the reinvigoration of the British economy. It describes her role on the world stage with dramatic immediacy, identifying Mikhail Gorbachev as 'a man to do business with' before he became leader of the Soviet Union, and then persistently pushing him and Ronald Reagan, her great ideological soulmate, to order world affairs according to her vision. For the only time since Churchill, she ensured that Britain had a central place in dealings between the superpowers. But even at her zenith she was beset by difficulties. The beloved Reagan two-timed her during the US invasion of Grenada. She lost the minister to whom she was personally closest to scandal and almost had to resign as a result of the Westland affair. She found herself isolated within her own government over Europe. She was at odds with the Queen over the Commonwealth and South Africa. She bullied senior colleagues and she set in

motion the poll tax. Both these last would later return to wound her, fatally. In all this, Charles Moore has had unprecedented access to all Mrs Thatcher's private and government papers. The participants in the events described have been so frank in interview that we feel we are eavesdropping on their conversations as they pass. We look over Mrs Thatcher's shoulder as she vigorously annotates documents, so seeing her views on many particular issues in detail, and we understand for the first time how closely she relied on a handful of trusted advisors to help shape her views and carry out her will. We see her as a public performer, an often anxious mother, a workaholic and the first woman in western democratic history who truly came to dominate her country in her time. In the early hours of 12 October 1984, during the Conservative party conference in Brighton, the IRA attempted to assassinate her. She carried on within hours to give her leader's speech at the

conference (and later went on to sign the Anglo-Irish agreement). One of her many left-wing critics, watching her that day, said 'I don't approve of her as Prime Minister, but by God she's a great tank commander.' This titanic figure, with all her capacities and all her flaws, storms from these pages as from no other book.

[Not for Turning: The Life of Margaret Thatcher](#) - Robin Harris 2013-09-24

Margaret Thatcher is one of the most significant political figures of the twentieth century—a Prime Minister whose impact on modern English history is comparable only to Winston Churchill's. Like them or not, her radical policies made Britain the country it is today. And like her or not, Margaret Thatcher's legacy remains a massive political force, responsible for laying the groundwork for New Labour, Tony Blair, and David Cameron, and for England's strong political allegiance to the United States throughout the Cold War. Now Robin

Harris, for many years Mrs. Thatcher's speechwriter, close adviser, and the draftsman of both volumes of her autobiography, has written the definitive book about this indomitable English woman. In this international bestseller, he tells the compelling story of her life, from humble beginnings above her father's grocery store in Grantham, her early days as one of the first women in Westminster (she became known as "Thatcher Milk Snatcher" during her time in the Ministry of Education), and then on to her groundbreaking career as Prime Minister (by which time her reputation already demanded a more powerful epithet: "Iron Lady"). We follow Thatcher through hard-fought political battles and experience with her the tribulations of the English miners' strike and the Falklands War, of her sometimes troubled friendship with Ronald Reagan, and their shared staunch opposition to Communism. We learn of the political intrigue behind the scenes at Ten Downing Street.

And how during one of the darkest hours of her premiership she refused to alter course and, adapting the words of an English play, declared to her enemies, inside and outside the Government, "You turn if you want to. The Lady's Not for Turning," summing up for admirers and detractors alike the defiance and consistency of Mrs. Thatcher's approach. Throughout *Not for Turning* we sense the passionate intellect which fuelled her ambitions, drove her into and out of one of the highest offices in the English-speaking world, and has established a unique political legacy that continues even after her death... *Not for Turning* is an unforgettable portrait of Britain's first female Prime Minister, written by one of her most trusted advisers, and a fitting tribute to an extraordinary politician and leader.

Margaret Thatcher - Charles Moore
2020-11-24

The final part of Charles Moore's bestselling and definitive biography of Britain's first female Prime Minister, 'One of the great biographical achievements of our times' (Sunday Times) A TIMES, SUNDAY TIMES, FINANCIAL

TIMES, TELEGRAPH, IRISH TIMES, NEW STATESMAN AND SPECTATOR BOOK OF THE YEAR How did Margaret Thatcher change and divide Britain? How did her model of combative female leadership help shape the way we live now? How did the woman who won the Cold War and three general elections in succession find herself pushed out by her own MPs? Charles Moore's full account, based on unique access to Margaret Thatcher herself, her papers and her closest associates, tells the story of her last period in office, her combative retirement and the controversy that surrounded her even in death. It includes the Fall of the Berlin Wall which she had fought for and the rise of the modern EU which she feared. It lays bare her growing quarrels with colleagues and reveals the truth about her political assassination. Moore's three-part biography of Britain's most important peacetime prime minister paints an intimate political and personal portrait of the

victories and defeats, the iron will but surprising vulnerability of the woman who dominated in an age of male power. This is the full, enthralling story.

Margaret Thatcher - John Blundell 2008

Margaret Thatcher - Margaret Thatcher 2013-04-09

Margaret Thatcher is the epic and revealing autobiography of Britain's extraordinary former Prime Minister, the first woman in history to lead a major western democracy. Originally published in two volumes—*The Path to Power* and *The Downing Street Years*—Margaret Thatcher is the first collected omnibus edition of this towering political figure's remarkable personal history.

Downing Street Years - Margaret Thatcher 2011-01-04

This first volume of Margaret Thatcher's memoirs encompasses the whole of her time as Prime Minister - the formation of her goals in the early 1980s, the Falklands, the General Election victories of 1983 and 1987 and, eventually,

the circumstances of her fall from political power. She also gives frank accounts of her dealings with foreign statesmen and her own ministers.

Margaret Thatcher - Russell Lewis 1984

"Margaret Hilda Thatcher, Baroness Thatcher, LG, OM, PC, FRS, née Roberts (born 13 October 1925) is a British politician, the longest-serving (1979?1990) Prime Minister of the United Kingdom of the 20th century, and the only woman ever to have held the post. A Soviet journalist called her the "Iron Lady", a nickname which became associated with her uncompromising politics and leadership style. As Prime Minister, she implemented Conservative policies that have come to be known as Thatcherism."--Wikipedia.

and fiery Margaret Hilda Roberts - later, Prime Minister Margaret Thatcher - somehow became (for all of its good and bad) the groundbreaking, trailblazing "Iron Lady." She did not consider her background or her sex to be a weakness. In fact, she transformed them into a unique proposition. She transformed them into strengths on her way to becoming Europe's first female Prime Minister. They became part of her brand and iconography, and she sold the sometimes bitter pill of her tough politics with her characteristics. This is her story...

The Commanding Heights - Daniel Yergin 2008-12-26

The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace - a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to seize and control the 'commanding heights' of the

economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created - as are huge opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, THE COMMANDING HEIGHTS shows how a revolution in ideas is transforming the world economy - why it is happening, how it can go wrong and what it will mean for the global economy going into the twenty-first century.

Margaret Thatcher biography, is available just in time for the movie starring Meryl Streep as one of the most infamous figures in postwar politics. Whether you love her or hate her, Margaret Thatcher's impact on twentieth-century history is undeniable. From her humble, small-town upbringing to her rise to power as the United Kingdom's first female prime minister, to her dramatic fall from grace after more than three decades of service, celebrated biographer John Campbell delves into the story of this fascinating woman's life as no one has before. The result of more than nine years of meticulous research, *The Iron Lady* is the only balanced, unvarnished portrait of Margaret Thatcher, one of the most vital and controversial political figures of our time.

The British Prime Minister Margaret Thatcher - Doug West 2016-12-21

Margaret Thatcher was a British stateswoman and the first female Prime Minister of the United Kingdom. From 1975 to 1990, she was the

Leader of the Conservative Party. She was elected Prime Minister three times and served for 11 years, longer than any other British prime minister of the 20th century. Her political views, based on loose economics and individual self-realization, along with her policies, were referred to as Thatcherism, which for decades remained an influential political concept in the United Kingdom.

Thatcherism was also used to describe Thatcher's ethical principles and personal style, including such aspects as nationalism, individualism, or the refusal to compromise on the pursuit of certain political goals. This short book covers Margaret Thatcher's life in enough detail for the reader to learn about this amazing woman without having to read a large-volume biography.

Thatcher, Carol is a national treasure with a unique story to tell. Her remarkable mixture of bravery, honesty and humour won her a place in the nation's hearts on ITV's I'm a Celebrity, Get Me Out of Here...! when millions of viewers voted her the second 'Queen of the Jungle'. In this candid memoir, she tells us about what it was like to grow up as the 'Milk Snatcher's' daughter, sister of the infamous Mark, living a life she describes as a 'swim-on part in the goldfish bowl'. Her tales of behind-the-scenes at Number 10, her extraordinary travels, and dinners with world leaders, are both rivetingly funny and refreshingly revealing. This Ebook does not contain pictures.

Margaret Thatcher - Jonathan Aitken 2013-10-14

As Britain's first woman Prime Minister Margaret Thatcher brought about the biggest social and political revolution in the nation's post-war history. She achieved this largely by the driving force of her personality - a subject of endless speculation among

both her friends and her foes. Jonathan Aitken has an insider's view of Margaret Thatcher's story. He is well qualified to explore her strong and sometimes difficult personality during half a century of political dramas. From first meeting her when she was a junior shadow minister in the mid 1960s, during her time as leader of the Opposition when he was a close family friend, and as a Member of Parliament throughout her years in power, Aitken had a ring side seat at many private and public spectacles in the Margaret Thatcher saga. From his unique vantage point, Aitken brings new light to many crucial episodes of Thatcherism. They include her ousting of Ted Heath, her battles with her Cabinet, the Falklands War, the Miners' Strike, her relationships with world leaders such as Ronald Reagan, Mikhail Gorbachev and King Fahd of Saudi Arabia and the build up to the Shakespearian coup inside the Conservative Party which

Downloaded from
nbt solutions.com on by
guest

brought about her downfall. Drawing on his own diaries, and a wealth of extensive research including some ninety interviews which range from international statesmen like Mikhail Gorbachev, Henry Kissinger and Lord Carrington to many of her No.10 private secretaries and personal friends, Jonathan Aitken's Margaret Thatcher - Power and Personality breaks new ground as a fresh and fascinating portrait of the most influential political leader of post-war Britain.

There Is No Alternative - Claire Berlinski 2011-11-08
Great Britain in the 1970s appeared to be in terminal decline—ungovernable, an economic train wreck, and rapidly headed for global irrelevance. Three decades later, it is the richest and most influential country in Europe, and Margaret Thatcher is the reason. The preternaturally determined Thatcher rose from nothing, seized control of Britain's Conservative party, and took a sledgehammer to the nation's postwar socialist

consensus. She proved that socialism could be reversed, inspiring a global free-market revolution. Simultaneously exploiting every politically useful aspect of her femininity and defying every conventional expectation of women in power, Thatcher crushed her enemies with a calculated ruthlessness that stunned the British public and without doubt caused immense collateral damage. Ultimately, however, Claire Berlinski agrees with Thatcher: There was no alternative. Berlinski explains what Thatcher did, why it matters, and how she got away with it in this vivid and immensely readable portrait of one of the towering figures of the twentieth century.

dramatic detail, the first volume of Charles Moore's authorized biography of Margaret Thatcher reveals as never before the early life, rise to power, and initial period as prime minister of the woman who transformed Britain and the world in the late twentieth century. Moore illuminates Thatcher's youth--her relationship with her parents and early romantic attachments, including her courtship and marriage to Denis Thatcher--moving forward to the determination and boldness that marked even the very beginning of her political career. His account of her political relationship with Ronald Reagan is riveting. Throughout Moore explores in compelling detail the obstacles and indignities that Thatcher encountered as a woman in what was still overwhelmingly a man's world. A clear-eyed, fair account, conveying Thatcher's remarkable talents and sometimes infuriating qualities, Moore's portrait enlivens the woman who was prime minister for more than a

decade (1979-1990), re-creating the circumstances and experiences that shaped one of the most significant world leaders of the postwar era.

Margaret Thatcher - Charles Moore 2022-02-22

The final part of Charles Moore's bestselling and definitive biography of Britain's first female Prime Minister, 'One of the great biographical achievements of our times' (Sunday Times) A TIMES, SUNDAY TIMES, FINANCIAL TIMES, TELEGRAPH, IRISH TIMES, NEW STATESMAN AND SPECTATOR BOOK OF THE YEAR How did Margaret Thatcher change and divide Britain? How did her model of combative female leadership help shape the way we live now? This is the full, enthralling story.

Margaret Thatcher - Charles Moore 2014-07-01

Not For Turning is the first volume of Charles Moore's authorized biography of Margaret Thatcher, the longest serving Prime Minister of the twentieth century and one of the most influential political figures of the postwar era. Charles Moore's biography of Margaret Thatcher, published after her death on 8 April 2013, immediately supersedes all

earlier books written about her. At the moment when she becomes a historical figure, this book also makes her into a three dimensional one for the first time. It gives unparalleled insight into her early life and formation, especially through her extensive correspondence with her sister, which Moore is the first author to draw on. It recreates brilliantly the atmosphere of British politics as she was making her way, and takes her up to what was arguably the zenith of her power, victory in the Falklands. (This volume ends with the Falklands Dinner in Downing Street in November 1982.) Moore is clearly an admirer of his subject, but he does not shy away from criticising her or identifying weaknesses and mistakes where he feels it is justified. Based on unrestricted access to all Lady Thatcher's papers, unpublished interviews with her and all her major colleagues, this is the indispensable, fully rounded portrait of a towering figure of our times.

Examines the childhood, education, and political career of the woman who has been elected prime minister of Great Britain three times.

People Like Us - Caroline Slocock 2018-04-19

The first ever female private secretary to any British Prime Minister, Caroline Slocock had a front-row seat for the final eighteen months of Margaret Thatcher's premiership. A left-wing feminist, Slocock was no natural ally and yet she became fascinated by the woman behind the Iron Lady façade and by how she dealt with a world dominated by men. As events led inexorably to Thatcher's downfall, Slocock observed the vulnerabilities and contradictions of the woman considered by many to be the ultimate anti-feminist, and witnessed the astonishing way in which she was brought down by her closest political allies. In this vivid first-hand account, Slocock reflects on the challenges women still face in public life and concludes that it's time to rewrite how we

portray female leaders. A remarkable political and personal memoir, People Like Us charts the dying days of Thatcher's No. 10 and reflects on women and power, then and now.

Margaret Thatcher - Charles Moore 2019

The third and climactic volume of Charles Moore's authorized biography gives the definitive account of Margaret Thatcher's third term in office and her life after it. Three stories run through the whole book. The first is Mrs. Thatcher's dominance of her government in almost every domestic field, but also her growing intolerance of dissent, the increasing alienation of her most senior ministers over Europe and the fatal corrosion which followed. The second is her commanding presence on the world stage, her role in the ending of the Cold War, her central position in the response to the invasion of Kuwait, and her increasing isolation as America's priorities in Europe changed. The third is how she, a woman, coped and led in

Downloaded from
nbsolutions.com on by
guest

political worlds almost entirely occupied by men. Throughout, we see Mrs. Thatcher's astonishing capacity to articulate her principles in the clearest possible terms and to fashion policy from them. --

From publisher's description.

Ronald Reagan and Margaret Thatcher - Nicholas Wapshott 2007-11-08

New details of the remarkable relationship between two leaders who teamed up to change history. It's well known that Ronald Reagan and Margaret Thatcher were close allies and kindred political spirits. During their eight overlapping years as U.S. president and UK prime minister, they stood united for free markets, low taxes, and a strong defense against communism. But just how close they really were will surprise you. Nicholas Wapshott finds that the Reagan-Thatcher relationship was much deeper than an alliance of mutual interests. Drawing on extensive interviews and hundreds of recently declassified private letters and telephone calls, he

depicts a more complex, intimate, and occasionally combative relationship than has previously been revealed.

Margaret Thatcher: At Her Zenith - Charles Moore
2016-01-05

In June 1983 Margaret Thatcher won the biggest increase in a government's parliamentary majority in British electoral history. Over the next four years, as Charles Moore relates in this central volume of his uniquely authoritative biography, Britain's first woman prime minister changed the course of her country's history and that of the world, often by sheer force of will. The book reveals as never before how Mrs. Thatcher transformed relations with Europe, privatized the commanding heights of British industry and continued the reinvigoration of the British economy. It describes her role on the world stage with dramatic immediacy, identifying Mikhail Gorbachev as "a man to do business with" before he became leader of the Soviet Union, and then

persistently pushing him and Ronald Reagan, her great ideological soul mate, to order world affairs according to her vision. For the only time since Churchill, she ensured that Britain had a central place in dealings between the superpowers. But even at her zenith she was beset by difficulties. Reagan would deceive her during the U.S. invasion of Grenada. She lost the minister to whom she was personally closest to scandal and faced calls for her resignation. She found herself isolated within her own government. She was at odds with the Queen over the Commonwealth and South Africa. She bullied senior colleagues and she set in motion the poll tax. Both these last would later return to wound her, fatally. Charles Moore has had unprecedented access to all of Mrs. Thatcher's private and government papers. The participants in the events described have been so frank in interviews that we feel we are eavesdropping on their conversations as they pass. We

look over Mrs. Thatcher's shoulder as she vigorously annotates documents and as she articulates her views in detail, and we understand for the first time how closely she relied on a handful of trusted advisers to carry out her will. We see her as a public performer, an often anxious mother, a workaholic and the first woman in Western democratic history who truly came to dominate her country in her time. In the early hours of October 12, 1984, during the Conservative party conference in Brighton, the IRA attempted to assassinate her. She carried on within hours to give her leader's speech at the conference. One of her many left-wing critics, watching her that day, said, "I don't approve of her as Prime Minister, but by God she's a great tank commander." This titanic figure, with all her capabilities and her flaws, storms from these pages as from no other book.

Thatcher in One Volume
The Real Iron Lady - Gillian Shephard 2013-03-18
There are many myths about Margaret Thatcher's extraordinary personality and political career. But what was it really like to work with her? In *The Real Iron Lady: Working with Margaret Thatcher*, Gillian Shephard speaks to an eclectic and distinguished range of Mrs T.'s former colleagues; all offer a unique insight into what the Iron Lady was really like at close quarters. Among them are John Major, Geoffrey Howe, Douglas Hurd and other Cabinet colleagues, alongside an ambassador and senior civil servants. In addition, prominent Conservative Party members, distinguished journalists and a leading trade unionist add their views, as well as MPs, political advisers

and Downing Street staff. A French perspective is even provided by Hubert Védrine, foreign minister to erstwhile President François Mitterrand. Gillian Shephard has laced this miscellany of recollections of the Iron Lady with her own sparkling wit and acerbic comments - resulting in a fascinating close-up portrait of Britain's first woman Prime Minister. Most importantly, it is a portrait painted by the people who were with her throughout the dramas of her political career: the Falklands conflict, the miners' strike, the Brighton Bomb outrage and, eventually, her downfall. The book, with its wealth of previously unpublished material, portrays Margaret Thatcher as a woman of contrasts: courageous, kind, ferocious, feminine - and so far, unsurpassed.
