*The Many Faces of Jesus Christ* - Volker Küster 2001

This work offers a compendium of different christologies from Africa, Asia and Latin America, and in so doing provides a good introduction to the theologies of the Third World generally. But it is more than an encyclopaedic account; it asks what these christologies have in common and where they differ, and what they mean for ecumenism. Some of the figures discussed here, like M.M. Thomas and Stanley Samartha from India or C.S. Song from Taiwan and Kosuke Koyama from Japan, Leonardo Boff and Jon Sobrino from Latin America, James Cone from the USA and Alan Boesak from South Africa, may be familiar. But there are also many new and significant names, particularly from Africa, where new titles for Christ are being created which seek to express the significance of Jesus in the categories of African thought. There are also accounts of Korean Minjung theology, Indian Dalit theology and Japanese Burakumin theology, expressing the pictures of a suffering Christ created by a suffering people.

**When the Whales Leave** - Yuri Rytkheu 2019-12-05

This fable of an indigenous Arctic people "offers profound considerations about stewardship of and people's relationships to the natural world" (Publishers Weekly). Nau cannot remember a time when she was not one with the world around her: with the fast breeze, the green grass, the high clouds, and the endless blue sky above the Shingled Spit. But her greatest joy is to visit the sea, where whales gather every morning to gaily spout rainbows. Then one day, she finds a man in the mist where a whale should be: Reu, who has taken human form out of his Great Love for her. Together these first humans become parents to two whales, and then to mankind. Even after Reu dies, Nau continues on, sharing her story of brotherhood between the two species. But as these origins grow distant, the old woman's tales are subsumed into myth—and her descendants are increasingly bent on parading their dominance over the natural world. Buoyantly translated into English for the first time by Ilona Yazhbin Chavasse, this new entry in the Seedbank series is at once a vibrant retelling of the origin story of the Chukchi, a timely parable about the destructive power of human ego—and another unforgettable work of fiction from Yuri Rytkheu, "arguably the foremost writer to emerge from the minority peoples of Russia's far north" (New York Review of Books). "We have so little intimate information about these Arctic people, and the writer's deep emotional attachment to this landscape of ice (today melting away under global warming forces) makes every sentence seem a poetic revelation." —Annie Proulx

**The Withdrawal of Soviet Troops from East Central Europe** - Christoph Meißner 2021-10-11

The withdrawal of Soviet troops is a so far largely unresearched process of international political and military reorganization after 1989/90, which was accompanied by political, economic, social and geopolitical factors that had different effects in different nations. The anthology contains national studies that examine the withdrawal from a scientific perspective. But it also analyses the international conditions that led to the geopolitical reorganization and reduction of weapons. In addition to the country studies, the reforms and the collapse of the Soviet empire are examined from a military-political perspective in order to make the conditions for returning home understandable. Finally, the legacy of the retreat is also considered in the light of current policies and the current threats to the countries of East Central Europe from the increasing aggression in this geopolitical space.

**Peccatum magnificare** - Johannes Block 2010-04-28

Das Buch greift mit dem Stichwort Sünde ein weithin vergessenes, aber bei dem Praktischen Theologen Christian Möller wichtig gewordenes Stichwort auf. In Aufnahme der reformatorischen Formel »peccatum magnificare« wird ein geistlicher Erfahrungsraum beschrieben, der jenseits aller menschlichen Möglichkeiten liegt und der von Gottes Charisma erfüllt ist. Im Licht des Evangeliums vollzieht sich eine Sündenerkenntnis, die das Machbarkeitsdenken des sich selbst erlösenden Menschen entlarvt. Durch den Riss in der menschlichen Existenz leuchtet die allem vorausliegende Güte Gottes auf. Die AutorInnen dieser Festschrift loten den Erkenntnisgewinn des evangelischen Sündenbegriffs für das Selbstverständnis der Praktischen Theologie aus. Dies geschieht aus der jeweiligen Perspektive einer praktisch-theologischen

Disziplin heraus. Von der Reflexion werden Bezüge zur kirchlichen Praxis entfaltet. Es wird gezeigt, welches theologische Potenzial das Stichwort Sünde für eine Praxis bietet, die weiter reicht als das menschlich Mögliche und Machbare. Mit Beiträgen von Johannes Block, Rudolf Bohren, Peter Bubmann, Corinna Dahlgrün, Holger Eschmann, Tanja Gojny, Michael Heymel, Klaus-Peter Jörns, Manfred Josuttis, Ralph Kunz, Fritz Lienhard, Michael Meyer-Blanck, Klaus Raschzok, Wolfgang Ratzmann, Ingrid Schoberth, Helmut Schwier und Peter Zimmerling.

Venice's Hidden Enemies - John Martin 1993-07-27

How could early modern Venice, a city renowned for its political freedom and social harmony, also have become a center of religious dissent and inquisitorial repression? To answer this question, John Martin develops an innovative approach that deftly connects social and cultural history. The result is a profoundly important contribution to Renaissance and Reformation studies. Martin offers a vivid re-creation of the social and cultural worlds of the Venetian heretics—those men and women who articulated their hopes for religious and political reform and whose ideologies ranged from evangelical to anabaptist and even millenarian positions. In exploring the connections between religious beliefs and social experience, he weaves a rich tapestry of Renaissance urban life that is sure to intrigue all those involved in anthropological, religious, and historical studies—students and scholars alike.

**Preaching Poverty in Late Antiquity** - Pauline Allen 2009

In 2002 the influential scholar of Late Antiquity, Peter Brown, published a series of lectures as a monograph titled *Poverty and Leadership in the Later Roman Empire*. Brown set out to explain a trend in the late Roman world observed in the 1970s by French social and economic historians, especially Paul Veyne and Evelyn Patlagean, namely that prior to the fourth century and the rise in dominance of Christianity, the poor in society went unrecognized as an economic category. This corresponded with the Greco-Roman understanding of patronage, whereby the state and private donors concentrated their largesse upon the citizen body. Non-citizens, for instance, were excluded from the dole system, in which grain was distributed to citizens of a city regardless of their economic status. By the end of the sixth century, rich and poor were not only recognized economic categories, but the largesse of private citizens was now focused on the poor. Brown proposed that the Christian bishop lay at the heart of this change. The authors set out to test Brown's thesis amid growing interest in the poor and their role in early Christianity and in Late Antique society. They find that the development and its causes were more subtle and complex than Brown proposed and that his account is inadequate on a number of crucial points including rhetorical distortion of the realities of poverty in episcopal letters, homilies and hagiography, the episcopal emphasis on discriminate giving and self-interested giving, and the degree to which existing civic patronage structures adhered in the Later Roman Empire of the fourth and fifth centuries.

*Love in the Big City* - Sang Young Park 2021-11-16

A funny, transporting, surprising, and poignant novel that was one of the highest-selling debuts of recent years in Korea, *Love in the Big City* tells the story of a young gay man searching for happiness in the lonely city of Seoul. *Love in the Big City* is the English-language debut of Sang Young Park, one of Korea's most exciting young writers. A runaway bestseller, the novel hit the top five lists of all the major bookstores, went into twenty-six printings, and was praised for its unique literary voice and perspective. It is now poised to capture a worldwide readership. Young is a cynical yet fun-loving Korean student who pinballs from home to class to the beds of recent Tinder matches. **A New Approach to Textual Criticism** - Tommy Wasserman 2017-11-17

An essential introduction for scholars and students of New Testament Greek With the publication of the widely used 28th edition of Nestle-Aland's *Novum Testamentum Graece* and the 5th edition of the United Bible Society Greek New Testament, a computer-assisted method known as the Coherence-Based Genealogical Method (CBGM) was used for the first time to determine the most valuable witnesses and establish the initial text. This book offers the first full-length, student-friendly introduction to this important new method. After setting out the method's history, separate chapters clarify its key concepts, including genealogical coherence, textual flow diagrams, and the global stemma. Examples from across the New Testament are used to show how the method works in practice. The result is an essential introduction that will be of interest to students, translators, commentators, and anyone else who studies the Greek New Testament. Features A clear explanation of how and why the text of the Greek New Testament is changing Step-by-step guidance on how to use the CBGM in textual criticism Diagrams, illustrations, and glossary of key terms

Swansong 1945: A Collective Diary of the Last Days of the Third Reich - Walter Kempowski 2015-04-13

A monumental work of history that captures the last days of the Third Reich as never before. Swansong 1945 chronicles the end of Nazi Germany through more than 1,000 extracts from letters, diaries, and autobiographical accounts, written by civilians and soldiers alike. Together, they present a panoramic view of four tumultuous days that fateful spring: Hitler's birthday on April 20, American and Soviet troops meeting at the Elbe on April 25, Hitler's suicide on April 30, and the German surrender on May 8. An extraordinary account of suffering and survival, Swansong 1945 brings to vivid life the end of World War II in Europe.

The Hanoverian Dimension in British History, 1714-1837 - Brendan Simms 2007-02-08

For more than 120 years (1714-1837) Great Britain was linked to the German Electorate, later Kingdom, of Hanover through Personal Union. This made Britain a continental European state in many respects, and

diluted her sense of insular apartness. The geopolitical focus of Britain was now as much on Germany, on the Elbe and the Weser as it was on the Channel or overseas. At the same time, the Hanoverian connection was a major and highly controversial factor in British high politics and popular political debate. This volume was the first systematically to explore the subject by a team of experts drawn from the UK, US and Germany. They integrate the burgeoning specialist literature on aspects of the Personal Union into the broader history of eighteenth- and early nineteenth-century Britain. Never before had the impact of the Hanoverian connection on British politics, monarchy and the public sphere, been so thoroughly investigated.

**Reading Books and Prints as Cultural Objects** - Evangelhia Stead 2019-06-04

This book contributes significantly to book, image and media studies from an interdisciplinary, comparative point of view. Its broad perspective spans medieval manuscripts to e-readers. Inventive methodology offers numerous insights into visual, manuscript and print culture: material objects relate to meaning and reading processes; images and texts are examined in varied associations; the symbolic, representational and cultural agency of books and prints is brought forward. An introduction substantiates methods and approaches, ten chapters follow along media lines: from manuscripts to prints, printed books, and e-readers. Eleven contributors from six countries challenge the idea of a unified field, revealing the role of books and prints in transformation and circulation between varying cultural trends, 'high' and 'low'. Mostly Europe-based, the collection offers book and print professionals, academics and graduates, models for future research, imaginatively combining material culture with archival data, cultural and reading theories with historical patterns.

*The Common Peace* - Cynthia B. Herrup 1989-08-25

The Common Peace traces the attitudes behind the enforcement of the criminal law in early modern England. Focusing on five stages in prosecution (arrest, bail, indictment, conviction and sentencing), the book uses a variety of types of sources - court records, biographical information, state papers, legal commentaries, popular and didactic literature - to reconstruct who actually enforced the criminal law and what values they brought to its enforcement. A close study of the courts in eastern Sussex between 1592 and 1640 allows Dr Herrup to show that an amorphous collection of modest property holders participated actively in the legal process. These yeomen and husbandmen who appeared as victims, constables, witnesses and jurors were as important to the credibility of the law as were the justices and judges. The uses of the law embodied the ideas of these middling men about not only law and order but also religion and good government. By arguing that legal administration was part of the routine agenda of obligation for middling property holders, Dr Herrup shows how the expectations produced by legal activities are important for understanding the decades immediately before the outbreak of the English Civil War. As the first book to use early seventeenth-century legal records outside of Essex, *The Common Peace* adopts an explicitly comparative framework, attempting to trace the ways that social conditions influenced legal process as well as law enforcement in various counties. By blending social history, legal history and political history, this volume offers a complement to more conventional studies of legal records and of local government.
