

# Kündigungsschutzgesetz Der Topaktuelle Praxiskomm

Right here, we have countless books **Kündigungsschutzgesetz Der Topaktuelle Praxiskomm** and collections to check out. We additionally find the money for variant types and then type of the books to browse. The usual book, fiction, history, novel, scientific research, as with ease as various other sorts of books are readily comprehensible here.

As this Kündigungsschutzgesetz Der Topaktuelle Praxiskomm , it ends going on visceral one of the favored book Kündigungsschutzgesetz Der Topaktuelle Praxiskomm collections that we have. This is why you remain in the best website to look the unbelievable books to have.

Neue Justiz - 2004

**Karlsruher juristische Bibliographie** - 2005

Settlements of Trade Disputes Between China and Latin American Countries - Dan Wei 2015

Presenting a wealth of highly original and innovative analyses and case studies, this book examines the strategic ties between various emerging economies, their different approaches to finding mutual trade solutions, and new trends in the use of contingent protection. The research methodology can also be applied to the study of specific Latin American countries or other developed or developing states in comparison to China. The book presents new theories and offers a valuable template for further studies in this area. Further, the application of the New Haven approach can further develop the studies' potential to offer guidance in a broader context.

*International Labour Law Under the Rome Conventions* - Olaf Deinert 2017-01-26

International Labour Law under the Rome Conventions offers a full academic examination of the conflict-of-laws questions in Labour Law, as far as they are standardised in Europe (Rome I and for industrial action Rome II). It also deals with the unregulated (or only partial regulated) field of the law referring to the applicable employment law. This book answers detailed conflict-of-laws questions of the international Labour Law, including: classification Law governing formal validity; connection factors for capacity and contractual capability; connection factors for the employment contract; special connecting rule for overriding mandatory provisions; creation of the contract; subject matter of the contract; termination of the contract; post-termination effects of the employment contract; and industrial action. [Subject: Labor & Discrimination Law, Contract Law, Commercial Law]

**Mistake, Fraud and Duties to Inform in European Contract Law** - Ruth Sefton-Green 2005-02-10

This 2005 examination of twelve case studies about mistake, fraud and duties to inform reveals significant differences about how contract law works in thirteen European legal systems and, despite the fact that the solutions proposed are often similar, what divergent values underlie the legal rules. Whereas some jurisdictions recognise increasing duties to inform in numerous contracts so that the destiny of mistake and fraud (classical defects of consent) may appear to be uncertain, other jurisdictions continue to refuse such duties as a general rule or fail to recognise the need to protect one of the parties where there is an imbalance in bargaining power or information. Avoiding preconceptions as to where and why these differences exist, this book first examines the historical origins and development of defects of consent, then considers the issues from a comparative and critical standpoint.

**The Fundamental Principles of EEA Law** - Carl Baudenbacher 2017-10-24

This book features eleven contributions on the fundamental principles of EEA law: legislative and judicial homogeneity, reciprocity, prosperity, priority, authority, loyalty, proportionality, equality, liability and sovereignty. Written by EFTA Court and national judges, high EFTA officials, private practitioners and scholars, it raises awareness of EEA law and provides insights for EEA and EU law practitioners and researchers. It focuses on the principles at the core of EEA law, some of which are common to EU and EEA law, while others have a specific place in EEA law and some ensure consistency between the EEA Agreement and the Treaty on the Functioning of the European Union. It is the only book to focus on the fundamental principles of EEA law.

*Recht der Arbeit* - 1997

**Judicial Application of International Law in Southeast Europe** - Siniša Rodin 2016-10-17

This edited volume presents comparative research on how the courts in Southeast Europe apply international law. After the introductory Part I, Part II discusses specific areas of international law, notably the law of Association Agreements between the EU and third countries, the law of the World Trade Organization, and international environmental law (the Aarhus Convention). Part III consists of country reports on how national courts in Albania, Bosnia and Herzegovina, Croatia, Kosovo, Macedonia, Montenegro, Serbia and Slovenia are currently applying international law.

Law and the Balance of Power - Stewart Macaulay 1966-12-31

Stewart Macaulay teaches contracts at the University of Wisconsin Law School and is interested in the part the legal system plays in implementing, regulating, and hindering economic relationships, and how it does these things. This book is a descriptive analysis of organizational change that has resulted from automobile dealers' attempts to find a legal remedy for what they consider unfair practices of the manufacturers. It advances our understanding of the limitations and the positive functions of formal rules in the regulation of human conduct, and shows how informal procedures can develop as a result of pressure for changes in the formal rules.

**Die vorzeitige Beendbarkeit des Anstellverhältnisses eines AG-Vorstandmitglieds gegen seinen Willen** - Marion Schumacher-Mohr 2017-01-27

Obwohl das Schicksal von Organ- und Anstellungsverhältnis in rechtlicher Hinsicht grundsätzlich unabhängig voneinander zu beurteilen ist, hat die besondere Bedeutung des Vorstandsamts dennoch weitreichende Auswirkungen auf die Frage nach der Beendbarkeit des Anstellungsverhältnisses eines AG-Vorstandsmitglieds gegen den Willen des Betroffenen. Aus Sicht der Gesellschaft führen die klassischen dienstvertragsrechtlichen Beendigungsmöglichkeiten in den seltensten Fällen zum Erfolg. Aufgrund dieses Befundes empfiehlt es sich, bereits bei Abschluss des Anstellungsvertrages Vorsorge zur Entschärfung der Beendigungsproblematik zu treffen. Im Fall der Nichtbeendbarkeit stellt sich häufig die Frage, mit welchem Inhalt das Anstellungsverhältnis eines abberufenen Vorstandsmitglieds fortbesteht. Hier untersucht die Arbeit zum einen, ob dem Abberufenen ein Anspruch auf tatsächliche Beschäftigung zusteht und zum anderen, auf welcher Hierarchieebene der Gesellschaft ein abberufenes Vorstandsmitglied auch gegen seinen Willen beschäftigt werden kann. Die Erörterung der Beendigungsproblematik erfolgt unter Einbeziehung der in der Praxis höchst unterschiedlichen Ausgestaltungsmodalitäten des Anstellungsverhältnisses. Besondere Berücksichtigung findet die Frage, ob ein Vorstandsmitglied bei im Einzelfall vorliegender sozialer Schutzbedürftigkeit in direkter oder entsprechender Anwendung arbeitsrechtlichen Sonderkündigungsschutz für sich in Anspruch nehmen kann. Zudem wird die Frage erörtert, wie die Beendbarkeit im Fall des Aufstiegs eines Arbeitnehmers zum Vorstandsmitglieds zu beurteilen ist bzw. welche Auswirkungen eine Fortbeschäftigung nach Beendigung der Organstellung entfaltet. Die Arbeit schließt mit einer Untersuchung der Besonderheiten im Konzernverbund.

*Die betriebsbedingte Kündigung in Deutschland und China* - Yong Wu 2019-07-03

Das Werk befasst sich durch eine rechtsvergleichende Analyse mit der betriebsbedingten Kündigung in Deutschland und China. Bei der Prüfung der betriebsbedingten Kündigung werden die "Betriebsbedingtheit", das "Ultima-Ratio-Prinzip" und die "Sozialauswahl" erläutert. Anhand der funktionellen Betrachtungsweise mit dem vergleichbaren Rechtsinstitut im deutschen Recht zeigt das Werk die Schwächen der "betriebsbedingten" Kündigung im chinesischen Recht und entsprechende Verbesserungsmöglichkeiten auf. Dabei werden die Modelle im Hinblick auf die Verhinderung und Lösung sozialer Konflikte analysiert. Außerdem leistet das Werk für die deutsche Rechtswissenschaft einen Beitrag, indem sie wie eine Einführung ins

chinesische Kündigungsrecht fungiert, auf dass man daraus Anregungen für die deutsche Rechtspolitik und Gesetzgebung gewinnen kann ("fünfte Auslegungsmethode").

**Basics on European Social Law** - Christina Hießl 2021-01-07

European Social Law at a glance The present book sets out - in a concise manner - the social law of the European Union. Apart from core areas of European labour law, the regulation of which is based on the EU's competence in social policy, it covers notably the numerous rights based on the free movement of workers and other EU citizens, as well as the coordination of social security. Beyond that, the book refers to other fields of EU regulation which are prone to cause conflicts between the member states' national social law and the relevant EU norms, which remain challenging to resolve to this day. Extensive reference is made to the case law of the European Court of Justice, which continues to have a paramount role in shaping the social law of the EU as it stands. The book is primarily aimed at students confronted with European social law for the first time. Besides, it should constitute a well-structured source of reference for law practitioners in the rising number of cases where EU law is of relevance for national legal practice.

*The Position of the German Language in the World* - Ulrich Ammon 2019  
The Position of the German Language in the World focuses on the global position of German and the factors which work towards sustaining its use and utility for international communication. From the perspective of the global language constellation, the detailed data analysis of this substantial research project depicts German as an example of a second-rank language. The book also provides a model for analysis and description of international languages other than English. It offers a framework for strengthening the position of languages such as Arabic, Chinese, French, Portuguese, Spanish and others and for countering exaggerated claims about the global monopoly position of English. This comprehensive handbook of the state of the German language in the world was originally published in 2015 by Walter de Gruyter in German and has been critically acclaimed. Suitable for scholars and researchers of the German language, the handbook shows in detail how intricately and thoroughly German and other second-rank languages are tied up with a great number of societies and how these statistics support or weaken the languages' functions and maintenance.

**Civil Litigation in China and Europe** - C.H. (Remco) van Rhee 2013-12-03

This volume addresses the role of the judge and the parties in civil litigation in mainland China, Hong Kong and various European jurisdictions. It provides an overview and an analysis of how these respective roles have been changed in order to cope with growing caseloads and quality demands. It also shows the different approaches chosen in the jurisdictions covered. Mainland China is introducing far-reaching reforms in its system of civil litigation. From an inquisitorial procedure, in which the parties play a relatively minor role, the country is changing to a more adversarial system with increased powers for the parties. At the same time, case management and the role of the judge as it is understood in mainland China remains different from case management and the role of the judge in Western countries, mainly as regards the limited powers of individual Chinese judges in this respect. Changes in China are justified by the ever-increasing case load of the Chinese courts and the consequent inability to deal with cases in an adequate manner, even though generally speaking Chinese courts still adjudicate civil cases within a relatively short time frame (this may, however, be problematic when viewed from the perspective of the quality of adjudication). Growing caseloads and quality concerns may also be observed in various European states and Hong Kong. In these jurisdictions the civil procedural systems have a relatively adversarial character and it is some of the adversarial features of the existing systems of procedure which are felt to be problematic. Therefore, the lawmakers have opted for increasing the powers of the judge, often making the judge and the parties mutually responsible for the proper conduct of civil cases. Starting from opposite directions, mainland China and the various European states and Hong Kong could meet half way in their reform attempts. This is, however, only possible if a proper understanding is fostered of the developments in these different parts of the World. Even though in both China and Europe the academic community and lawmakers are showing a keen interest in the relevant developments abroad, a study addressing the role of the judge and the parties in civil litigation in both China and Europe is still missing. This book aims to fill this gap in the existing literature.

*Reading Max Weber's Sociology of Law* - Hubert Treiber 2020-08-20  
Reading Max Weber's Sociology of Law serves both as an introduction

and as a distillation of more than thirty years of reading and reflection on Weber's scholarship. It provides a solid and comprehensive introduction to Weber and sets out his main concepts. Drawing on recent research in the history of law, this book also presents and critiques the process by which the law was rationalized and which Weber divided into four ideal-typical stages of development. Hubert Treiber provides commentary in a manner informed both historically and sociologically. The book explores Weber's concepts in relation to the creation of laws between secular the religious powers. The book goes on to examine the codifications that were undertaken by Prussian absolutism and Napoleon in the Code Civil. It further covers Weber's thoughts on antiformal legal tendencies, issues that are still prevalent in law today. This text is no mere reiteration of Weber's concepts. The volume contextualizes Weber's work in the light of current research, setting out to amend misinterpretations and misunderstandings that have prevailed from Weber's original texts. Treiber's introduction is much more than a simple guide through a complicated text. It is an important work in its own right and critical for any student of the sociology of law.

**Pure Economic Loss in Europe** - Mauro Bussani 2003-07-31

Pure economic loss is one of the most discussed and controversial legal issues in Europe today, raising complex questions which affect the law of tort and contract. How far can tort liability expand without imposing excessive burdens upon individual activity? Should the recovery of pure economic loss be the domain principally of the law of contract? And is there a common core of principles, policies and rules governing tortious liability for pure economic loss in Europe? Originally published in 2003, this is a comprehensive study of the subject, using a fact-based comparative method and in-depth research into the laws of thirteen European countries. Following a historical and analytical introduction to economic loss, experts from most European countries consider how their national systems would deal with the same practical problem, highlighting similarities and differences in a range of comprehensive issues. This is the third publication of the Common Core of European Private Law.

*Private law reform* - Petr Lavický, 1977- 2014

*The Enforceability of Promises in European Contract Law* - James Gordley 2001-07-12

Civil law and common law systems are held to enforce promises differently: civil law, in principle, will enforce any promise, while common law will enforce only those with 'consideration'. In that respect, modern civil law supposedly differs from the Roman law from which it descended, where a promise was enforced depending on the type of contract the parties had made. This 2001 volume is concerned with the extent to which these characterizations are true, and how these and other differences affect the enforceability of promises. Beginning with a concise history of these distinctions, the volume then considers how twelve European legal systems would deal with fifteen concrete situations. Finally, a comparative section considers why legal systems enforce certain promises and not others, and what promises should be enforced. This is the second completed project of The Common Core of European Private Law launched at the University of Trento.

**Business Criminal Law** - Lukas Staffler 2021-12-15

This textbook deals with business criminal law from the perspective of Germany, Austria, Liechtenstein and Switzerland. It primarily addresses students in business and economics (master's programme) as well as business practitioners, but is also meant for lawyers and law students. As criminal law legislators exert considerable influence on economic life, raising and growing awareness in the area of criminal law seems compulsory for future managers and executives. This textbook approaches the legal field less normatively and rather in a practical and entrepreneurial way. Its contents are based on the master level class "Business Criminal Law" at "MCI | The Entrepreneurial School" taught by the author. This textbook has been recommended and developed for university courses in Germany, Austria and Switzerland.

**The Description Logic Handbook** - Franz Baader 2003-01-09

**The General Civil Code of Austria** - Austria 1972

**Anzeiger des österreichischen Buchhandels** - 1988

**Sachgrundlose Befristung und das Verbot der Vorbeschäftigung bei demselben Arbeitgeber** - Christian Warns 2013-02-07

Studienarbeit aus dem Jahr 2012 im Fachbereich Jura - Zivilrecht / Arbeitsrecht, Note: 13 Punkte, Ruprecht-Karls-Universität Heidelberg,

Sprache: Deutsch, Abstract: In der politischen Debatte spielt die Frage nach der sachgrundlosen Befristung und insbesondere auch das Verbot der Vorbeschäftigung bei demselben Arbeitgeber eine immer wiederkehrende Rolle. Jüngst hat der Deutsche Bundestag im September 2011 die jeweiligen Anträge der Fraktion der SPD<sup>1</sup>, der Fraktion DIE LINKE<sup>2</sup> und der Fraktion BÜNDNIS 90/Die GRÜNEN<sup>3</sup>, die Möglichkeit der sachgrundlosen Befristung nach § 14 Abs. 2 TzBfG abzuschaffen, abgelehnt<sup>4</sup>. Damit wurde die aktuelle Gesetzeslage bestätigt, die es dem Arbeitgeber ermöglicht, einen Arbeitnehmer befristet für zwei Jahre ohne Nennung eines Sachgrundes einzustellen, sofern zuvor kein Arbeitsverhältnis mit diesem Arbeitgeber bestanden hat. Ein Ende dieser Debatte scheint bisher jedoch nicht absehbar zu sein. So sieht der Koalitionsvertrag der Regierungsparteien vor, dass in der laufenden Legislaturperiode die Regelung des § 14 Abs. 2 S. 2 TzBfG hinsichtlich des Vorbeschäftigungsverbots zugunsten einer verkürzten Wartezeit von lediglich einem Jahr geändert werden soll<sup>5</sup>. Dass eine derart rege Diskussion zu diesem Thema stattfindet, ist insbesondere auch den tatsächlichen Verhältnissen geschuldet. Mit der erleichterten Befristungsmöglichkeit werden zuvorderst beschäftigungspolitische Ziele verfolgt. Dabei war von dem damaligen Gesetzgeber<sup>6</sup> anerkannt, dass es sich bei dem unbefristeten Arbeitsverhältnis um den Idealtypus handelt. Dem befristeten Arbeitsverhältnis wird hingegen eine Mittlerstellung zwischen Idealtypus und Nichtbeschäftigung zuerkannt. Zuvorderst ist die Regelung somit durch die Erhöhung von Beschäftigungschancen für Arbeitnehmer motiviert. Hinzu treten weitere Interessen auf Seiten der Arbeitgeber wie beispielsweise eine Flexibilisierung bei der Personalplanung. Die aktuellen Kritiker<sup>7</sup> der sachgrundlosen Befristung bezweifeln, dass durch die Befristung im Ergebnis der Idealtypus des unbefristeten Arbeitsverhältnisses gefördert wird. Sie sehen die Gefahr der Umgehung des Kündigungsschutzes und der Externalisierung des unternehmerischen Risikos. Damit würden insbesondere gerade die Schwächsten am Arbeitsmarkt benachteiligt. Die vorliegende Arbeit überprüft in diesem Kontext die Gestaltungsmöglichkeiten, die § 14 Abs. 2 TzBfG ermöglicht, und beleuchtet insbesondere auch die Rechtsprechung des Bundesarbeitsgerichts (BAG) zu dem Verbot der Vorbeschäftigung bei demselben Arbeitgeber.

#### **Krankenhausmanagement** - Winfried Zapp 2014-11-13

Der Gesundheitsbereich unterliegt seit Jahren vielfältigen Veränderungsprozessen, die Auswirkungen haben auf Ziele, Strukturen und Führung. Die Spannweite der unterschiedlichen Begrifflichkeiten und Modelltheorien sind dabei differenziert zu betrachten, abzugrenzen und anwendungsorientiert auf die Praxis zu gestalten. Das vorliegende Werk ergänzt die sach-rationale Perspektive der Krankenhausmanagementlehre um die sozio-emotionale Dimension des Organisatorischen Wandels und Leadership & denn ein erfolgreiches Management bedarf des Leadership. Die Beiträge umfassen die Bereiche Gesundheitsökonomie, Krankenhausmanagement, Interessengruppen, Strukturen, Funktionen, Professionen und den Leistungserstellungsprozess und wurden von zahlreichen namhaften Autoren verfasst. Sie widmen als Wegbegleiter, Kollegen, Freunde und Schüler das vorliegende Werk Frau Professorin Barbara Schmidt-Rettig, die im Sommer 2014 nach 28 Jahren die Hochschule Osnabrück verließ.

#### **Das Anstellungsverhältnis des abberufenen GmbH-Geschäftsführers** - Florian Langenbacher 2020-10-26

Bei vorzeitiger Abberufung des GmbH-Geschäftsführers stellt sich die Fragen, welche Rechte und Pflichten für die Vertragsparteien aus dem fortbestehenden Anstellungsverhältnis resultieren. Daraus folgt, welche Handlungsmöglichkeiten sie im Trennungsszenario haben. Das Werk entwickelt ein bislang fehlendes kohärentes Konzept zu diesen Fragen und stellt damit zugleich einen praxisnahen Ratgeber für das Verhalten von Geschäftsführern und GmbHs in dieser Situation dar. Ferner geht der Autor der Frage nach, inwieweit die Parteien bereits durch Regelungen im Anstellungsvertrag Vorkehrungen für den Fall der vorzeitigen Abberufung treffen können, um die Rechtslage zu modifizieren. Hierbei arbeitet er heraus, wo die Grenzen zulässiger Vertragsgestaltung liegen. Damit ist das Werk insbesondere für die beratende Praxis von besonderem Interesse. Der Autor ist Rechtsanwalt und befasst sich sowohl wissenschaftlich als auch in seiner praktischen Tätigkeit mit dem Arbeitsrecht.

#### **Facetten der Digitalisierung** - Yvonne Thorhauer 2020-04-15

In diesem Buch thematisiert die Professorenschaft der accadis Hochschule die Auswirkungen der Digitalisierung auf ihre Fachbereiche: Notwendige Umbrüche der Wirtschaftsethik, Auswirkungen künstlicher Intelligenz auf Marketing und Produktentwicklung, Veränderungen in

der Unternehmenskommunikation, digitale Innovationen in Sport- und Gesundheitsmanagement, intelligente Distribution mit Blockchain-Technologien sowie Tokens im Finanzmarkt.

#### **State Aid Uncovered - Critical Analysis of Developments in State Aid 2014** - Phedon Nicolaides 2015-02-01

State aid law - A constantly evolving field that continued to be marked by new interpretations and applications in 2014. In this accessible and topical compilation, Phedon Nicolaides casts a critical eye on State aid rules and judgments from 2014. The book represents the first annual review of legal and policy developments of the preceding year and is made up of articles originally published on a weekly basis on Lexxion's StateAidHub.eu. The compilation is conveniently grouped into sixteen thematic chapters covering important issues such as "Selectivity," "Infrastructure Projects," or "Recovery of Incompatible State Aid." Each article outlines the main points of the court ruling or Commission decision in question, puts the respective ruling or decision in the context of similar case law, analyses the ruling body's reasoning, and identifies any inconsistencies or insufficient assessment. To find current analyses, visit Lexxion's StateAidHub.eu.

#### **Der Kündigungsschutz ausserhalb des Kündigungsschutzgesetzes** - Sandra Urban 2001

#### **Security Rights in Movable Property in European Private Law** - Eva-Maria Kieninger 2004-08-26

For every transnational lawyer, it is vital to know the differences between national secured transactions laws. Since the applicable law is determined by the place where the collateral is situated, it may change when movables are brought from one state to another. Introductory essays from comparative lawyers set the scene. The book then presents a survey of the law relating to secured transactions in the member states of the European Union. Following the Common Core approach, the national reports are centred around fifteen hypothetical cases dealing with the most important issues of secured transactions law, such as the creation of security rights in different business situations, the relationship between debtor and secured creditor, the nature of the creditor's rights and their enforcement as against third parties. Each case is followed by a comparative summary. A general report evaluates the possibilities of European harmonisation in the field of secured transactions law.

#### **Text, Cases and Materials on Medical Law and Ethics** - Marc Stauch 2018-08-06

Text, Cases and Materials on Medical Law and Ethics presents a valuable collection of materials relating to often controversial areas of the law. Comprising extracts from statutes, cases and scholarly articles alongside expert author commentary and guidance which signposts the key issues and principles, this book is an ideal companion to this increasingly popular subject. Fully revised, this new edition incorporates expanded content, including: updated coverage of consent and decision making, including the the *Montgomery v Lanarkshire Health Board* (2015) judgment; the impacts of the EC directive for clinical trials and GDPR on the research use of patient data; and discussion of other recent developments in the case law, including the 2017 *Charlie Gard* litigation, the 2016 Privy Council decision in *Williams v Bermuda* on negligence causation, and the UK Supreme Court judgment in *A & B v SS for Health* (2017) on funding for patients from Northern Ireland seeking terminations elsewhere. Providing a comprehensive and up-to-date resource on this topical area of the law, this textbook is an invaluable reference tool for students of medical law as well as those studying medicine.

#### **Betrieb und Wirtschaft** - 1997

#### **The Unfair Commercial Practices Directive** - European Commission. Directorate-General for Health and Consumer Protection 2006

Recoge: 1. Time for clear legislation - 2. Unfair commercial practices - 3. Who is concerned? - 4. The black list - 5. Implementing the directive.

#### **The Active Role of Courts in Consumer Litigation** - Anthi Beka 2018

The Active Role of Courts in Consumer Litigation traces the emergence of a specific EU Law doctrine governing the role of the national courts in proceedings involving consumers that whilst only established more recently, has already become an important benchmark for effective consumer protection. According to the 'active consumer court' doctrine, developed in the case-law of the CJEU, national courts are required to raise, of their own motion, mandatory rules of EU consumer contract law, notably those protecting consumers from the use of unfair terms. This results in the strengthening of procedural consumer protection

standards in ordinary proceedings but also in payment order proceedings, consumer insolvency proceedings or repossession proceedings directed against the primary family residence of the mortgage debtor. The considerations of contractual imbalance will now have to be taken into account in court proceedings leading, where necessary, to the reform of national procedural safeguards to protect the weaker contractual party. Dr Anthi Beka is a legal administrator with the chambers of Judge M. Vilaras in the Court of Justice of the European Union. She holds a PhD from the Faculty of Law, University of Luxembourg.

**EU Digital Law** - Reiner Schulze 2020-07-08

Die Regeln zum digitalen EU-Binnenmarkt gelten als Meilenstein des Verbraucherschutzes. Sie haben die Bereitstellung digitaler Inhalte und Online-Verkäufe europaweit harmonisiert. Der neue Kommentar zum "EU Digital Law" kommentiert Artikel für Artikel die wichtigsten europäischen Regelungen zum digitalen Recht in der EU: die Digitale-Inhalte-Richtlinie; die EU-Verbraucherrechte-Richtlinie; die E-Commerce Richtlinie; die Portabilitäts-Verordnung. Damit wird der Rechtsrahmen für digitale Inhalte fundamental neu gefasst. Die Autor/innen sind Experten aus der ganzen EU. Ihre Kommentierungen bieten detaillierte Erläuterungen zu Hintergrund und Zweck der Bestimmungen und zeigen konkrete Wege zur Umsetzung auf.

**Handbuch der Managerverträge** - Ulrich Weber 2000

**Incapable Adults** - South African Law Commission 2001

*Prekäre Beschäftigungsverhältnisse* - Gerrit Horstmeier 2009-07-14

According to an estimate issued by the Institute of Employment Market and Occupational Research, 50% of the employees in Germany are currently working outside the scope of a collective wage agreement. This situation requires systematization and a new assessment of those employment conditions that are no longer comparable to the classic employment conditions.

*The Hidden Welfare State* - Christopher Howard 1999-02-22

Despite costing hundreds of billions of dollars and subsidizing everything from homeownership and child care to health insurance, tax expenditures (commonly known as tax loopholes) have received little attention from those who study American government. This oversight has contributed to an incomplete and misleading portrait of U.S. social policy. Here Christopher Howard analyzes the "hidden" welfare state created by such programs as tax deductions for home mortgage interest and employer-provided retirement pensions, the Earned Income Tax Credit, and the Targeted Jobs Tax Credit. Basing his work on the histories of these four tax expenditures, Howard highlights the distinctive characteristics of all such policies. Tax expenditures are created more routinely and quietly than traditional social programs, for instance, and over time generate unusual coalitions of support. They expand and contract without deliberate changes to individual programs. Howard helps the reader to appreciate the historic links between the hidden welfare state and U.S. tax policy, which accentuate the importance of Congress and political parties. He also focuses on the reasons why individuals, businesses, and public officials support tax expenditures. The Hidden Welfare State will appeal to anyone interested in the origins, development, and structure of the American welfare state. Students of public finance will gain new insights into the politics of taxation. And as policymakers increasingly promote tax expenditures to address social problems, the book offers some sobering lessons about how such programs work.

*Privatrecht* - Heinz Krejci 1993

**European Copyright Law** - Michel Walter 2010-03-25

For the first time in the English language, this book offers the reader everything they need to know on European copyright law in one volume. Thoroughly covering all of the EU Directives and related rights, with detailed article-by-article analysis of the provisions, it is a must have for copyright lawyers across Europe and the rest of the world.
