*The Divorce and Divorce Therapy Handbook* - Martin R. Textor 1989

The Divorce and Divorce Therapy Handbook presents the most important findings on divorce, as well as the rich variety of therapeutic approaches that have been developed. Written by practitioners for practitioners, this is a comprehensive handbook for all mental health professionals, therapists, and counselors who have to deal with the multitude of problems associated with divorce and remarriage.

**Helping Families with Special Problems** - Martin R. Textor 1983

Therapeutic approaches for the treatment of families with members who suffer with significant emotional and behavioral disturbances have been developing rapidly. This volume makes available to both individual and family therapists the most effective clinical techniques for helping families with members exhibiting such problems as schizophrenia, acting out, depression, hysteria, phobia, personality disorder, childish behavior, learning disorder, drug abuse, psychosomatic illness, sexual dysfunction, physical disability, disease, and terminal illness; and for helping the divorcing, divorced, or remarried family. Each contributor considers the relevant knowledge concerning pathogenic mechanisms and pathological characteristics of one or more family types and describes the different family therapy approaches used to treat them.

*My Big Bear, My Little Bear and Me* - Margarita Del Mazo 2019-10-22

**The Nordic Model** - Mary Hilson 2008-06-24

The political structures of the Scandinavian nations have long stood as models for government and public policy. This comprehensive study examines how that "Nordic model" of government developed, as well as its far-reaching influence. Respected Scandinavian historian Mary Hilson surveys the political bureaucracies of the five Nordic countries—Denmark, Finland, Iceland, Norway, and Sweden—and traces their historical influences and the ways they have changed, individually and as a group, over time. The book investigates issues such as economic development, foreign policy, politics, government, and the welfare state, and it also explores prevailing cultural perceptions of Scandinavia in the twentieth century. Hilson then turns to the future of the Nordic region as a unified whole within Europe as well as in the world, and considers the re-emergence of the Baltic Sea as a pivotal region on the global stage. The Nordic Model offers an incisive assessment of Scandinavia yesterday and today, making this an essential text for students and scholars of political science, European history, and Scandinavian studies.

**Race, Gender, and Culture in International Relations** - Randolph Persaud 2018-03-05

International relations theory has broadened out considerably since the end of the Cold War. Topics and issues once deemed irrelevant to the discipline have been systematically drawn into the debate and great

strides have been made in the areas of culture/identity, race, and gender in the discipline. However, despite these major developments over the last two decades, currently there are no comprehensive textbooks that deal with race, gender, and culture in IR from a postcolonial perspective. This textbook fills this important gap. Persaud and Sajed have drawn together an outstanding lineup of scholars, with each chapter illustrating the ways these specific lenses (race, gender, culture) condition or alter our assumptions about world politics. This book: covers a wide range of topics including war, global inequality, postcolonialism, nation/nationalism, indigeneity, sexuality, celebrity humanitarianism, and religion; follows a clear structure, with each chapter situating the topic within IR, reviewing the main approaches and debates surrounding the topic and illustrating the subject matter through case studies; features pedagogical tools and resources in every chapter - boxes to highlight major points; illustrative narratives; and a list of suggested readings. Drawing together prominent scholars in critical International Relations, this work shows why and how race, gender and culture matter and will be essential reading for all students of global politics and International Relations theory.

*Hypnobirthing* - Marie F. Mongan 2007

The most remarkable natural childbirth technique to have been developed in decades. Marie Mongan takes the pregnant woman through the techniques and philosophy of a new form of gentle birthing. Drawing on self-hypnosis, guided imagery and special breathing techniques the Hypnobirthing Method can bring about a shorter, easier, more enjoyable birth, free of the drugs that can harm the mother and the baby. It also allows the mother to fully control her own birthing experience as the mother remains awake, aware and alert.

Healing Light of the Tao - Mantak Chia 2008-05-27

The guide to engaging and directing the three primordial forces of Earth, Heaven, and Higher Self to achieve enlightenment and immortality • Explains how to circulate the life force, or chi, by balancing yang (male) and yin (female) currents of bioenergy • Includes an overview of the complete Taoist body/mind/spirit system along with newly refined methods of activating the life force • The sequel to the classic *Awaken Healing Energy Through the Tao* In 1983, Mantak Chia introduced the "Microcosmic Orbit" to the West. Prior to that time, most of the Eastern energy practices transmitted to the West were incomplete, dealing only with the ascending yang/masculine channel, which shoots life-force energy up the spine. The Microcosmic Orbit showed practitioners how to establish the descending yin/feminine channel of the life-force energy loop. Within Taoist systems, cultivating feminine energy has always been seen as the key to gaining balance and wholeness. *Healing Light of the Tao* presents the more advanced methods of chi cultivation in the Microcosmic Orbit, offering a full understanding of Taoist spiritual theory through its comprehensive overview of the complete Taoist body/mind/spirit system. The book also includes more advanced meditation methods for absorbing the higher frequencies of Earth Force, Cosmic Force, and Universal Force (Heavenly chi) into the basic orbit. It establishes a spiritual science that not only emphasizes practical benefits to health, sexual vitality, and emotional balance, but also shows how changes made in the energy body can lead to physical rejuvenation that the Taoists called immortality.

**The Child in You** - Stefanie Stahl 2020-12-29

The breakthrough two-million-copy international bestseller about how to befriend your inner child to find happiness "Compassionate, clear-eyed, and insightful . . . The Child in You is like your own personal therapist that you can carry around with you." --Lori Gottlieb, New York Times bestselling author of *Maybe You Should Talk to Someone* Nominated for Malcolm Gladwell, Susan Cain, Adam Grant, and Daniel H. Pink's Next Big Idea Club We all want to be loved and to feel safe to express who we really are. But over time we grow estranged from what brings us our purest happiness--because everyday traumas, unyielding societal expectations, and the judgment of our parents and peers submerge our true self beneath layers of behaviors rooted in fear and shame and mistrust. In *The Child in You*, psychologist Stefanie Stahl guides you, step-by-step, through her therapeutic method that has helped millions to peel away these layers and reconnect with their inner child--both the shadow child, representing our deepest insecurities and the part of our self-esteem that is injured and unstable, and the sun child, representing our greatest joys and the part of our self-esteem that remains positive and intact. The many examples and exercises in this book will help you discover your shadow child and sun child, identify which of the shadow child's dozen self-protection strategies are at work in you, and put into practice the array of proven self-reflection strategies to overcome negative influences and beliefs. Because it's never too late to have a happy childhood, or to bring your authentic self out from the shadows so you can embody your radiant individuality. A PENGUIN LIFE TITLE

**The Illustrated History of Medicine** - Jean-Charles Sournia 1992-01-01

*Palace of Flies* - Walter Kappacher 2022-05-03

"One of those rare biographical novels that bring a whole world to life in a way that lingers in memory." -- Jay Parini, author of *Borges and Me* This absorbing, sensitive novel portrays a famed author in a moment of crisis: an aging Hugo von Hofmannsthal returns to a summer resort outside of Salzburg that he visited as a child. But in the spa town where he once thrilled to the joys of youth, he now feels unproductive and uninspired, adrift in the modern world born after World War One. Over ten days in 1924 in a ramshackle inn that has been renamed the Grand Hotel, Hofmannsthal fruitlessly attempts to complete a play he's long been wrestling with. The writer is plagued by feelings of loneliness and failure that echo in a buzz of inner monologues, imaginary conversations and nostalgic memories of relationships with glittering cultural figures. *Palace of Flies* conjures up an individual state of distress and disruption at a time of fundamental societal transformation that speaks eloquently to our own age.

*Pause, Rest, Be* - Octavia F. Raheem 2022-02-01

Restoring your body, mind, and spirit amid change is an act of courage, empowerment, and hope. This warm, powerful guide will help you honor the changes and spaces in your life with purposeful rest and reflection. If you're trying to push your way through endings, beginnings, and places of uncertainty, only to find yourself more confused, disconnected, tired, and uncertain, this book will hold and fortify you. Yoga teacher and activist Octavia Raheem offers us the motivation and guidance we need to restore ourselves in the midst of all sorts of change. Change in our lives--whether it be welcome, joyful, challenging, or more subtle--presents us with the opportunity to pause and gather our energy to work with whatever lies ahead. Drawing wisdom from yoga philosophy and her many years of teaching experience, Raheem offers us the motivation and guidance we need to restore ourselves in the midst of all types of change. She gives us three simple restorative yoga poses (savasana, side lying pose, and child's pose), and offers short teachings, reflections, and practices to see us through times of ending, beginning, and liminal/transitional space. She shows us how slowing down, stillness, and deeper connection to our own transitions empower us to move through collective shifts with more grace--and what it means to navigate shifts and change with presence and courage.

**Intercountry Adoption** - ALTSTEIN Howard (Ed.). 1991

This volume's contributors describe the experiences of foreign born adoptees and their families in such countries as the United States, Canada, Norway, West Germany, Denmark, the Netherlands, and Israel. They provide a brief history of intercountry adoption; specify rules and procedures employed in various countries; and evaluate pros and cons in the seven nations. The contributors discuss each country's formal statutes on transracial and intercountry adoption, and describe the organizations and/or social movements advocating such adoptions as well as those opposing them. Altstein and Simon conclude with a summary based on case studies on the successes and failures of intercountry adoption.

**Animal Beauty** - Christiane Nusslein-Volhard 2019-05-14

An illustrated exploration of colors and patterns in the animal kingdom, what they communicate, and how they function in the social life of animals. Are animals able to appreciate what humans refer to as "beauty"? The term scarcely ever appears nowadays in a scientific description of living things, but we humans may nonetheless find the colors, patterns, and songs of animals to be beautiful in apparently the same way that we see beauty in works of art. In *Animal Beauty*, Nobel Prize-winning biologist Christiane Nüsslein-Volhard describes how the colors and patterns displayed by animals arise, what they communicate, and how they function in the social life of animals. Watercolor drawings illustrate these amazing instances of animal beauty. Darwin addressed the topic of ornament in his 1871 book *The Descent of Man and Selection in Relation to Sex*, and did not hesitate to engage with criteria of beauty, convinced that animals experienced color and ornament as attractive and agreeable in the same way that we do, and that the role this played in mate choice pointed to a "sexual selection" distinct from natural selection. Nüsslein-Volhard examines key examples of ornament and sexual selection in the animal kingdom and lays the groundwork for biological aesthetics. Noting that color patterns have not been a research priority—perhaps because they appeared to be nonessential luxuries rather than functional necessities—Nüsslein-Volhard looks at recent scientific developments on the topic. In part because of Nüsslein-Volhard's own research on the zebrafish, it is now possible to decipher the molecular genetic mechanisms that lead to production of colors in animal skin and its appendages and control its pattern and distribution.

Wie spät ist zu spät? - Christiane Schwarz 2016-03-31

How to Be a Marxist in Philosophy - Louis Althusser 2017-11-16

In *How to Be a Marxist in Philosophy* one of the most famous Marxist philosophers of the 20th century shares his concept of what it means to function fruitfully as a political thinker within the discipline and environs of philosophy. This is the first English translation to Althusser's provocative and, often, controversial guide to being a true Marxist philosopher. Althusser argues that philosophy needs Marxism. It can't exist fully without it. Similarly, Marxism requires the rigour and structures of philosophy to give it form and focus. He calls all thinking people to, 'Remember: a philosopher is a man who fights in theory, and when he understands the reasons for this fight, he joined the ranks of the struggle of workers and popular classes.' In short, this book comprises Althusser's elucidation of what praxis means and why it continues to matter. With a superb introduction from translator and Althusser archivist G.M. Goshgarian, this is a book that will re-inspire contemporary Marxist thought and reinvigorate our notions of what political activism can be.

*Is Daddy Coming Back in a Minute?* - Elke Barber 2016-07-21

When we were on a No Girls Allowed! holiday, my daddy's heart stopped beating and I had to find help all by myself. He was very badly broken. Not even the ambulance people could help him... This honest, sensitive and beautifully illustrated picture book is designed to help explain the concept of death to children aged 3+. Written in Alex's own words, it is based on the real-life conversations that Elke Barber had with her then three-year-old son, Alex, after the sudden death of his father. The book provides reassurance and understanding to readers through clear and honest answers to the difficult questions that can follow the death of a loved one, and carries the invaluable message that it is okay to be sad, but it is okay to be happy, too.
