**The Well-fed Writer** - Peter Bowerman 2009  
FACT: Businesses Need Writers, and Will Pay Handsomely For Them... Attention: Aspiring writers, career-changers, at-home Moms, journalists, staff writers, recent college grads, 55+ or anyone else interested in making a handsome living as a writer. Here's your roadmap to hourly rates of \$50-125+ - and a writing lifestyle most can only dream of - in the lucrative field of "commercial" freelancing! This is the updated compilation of the TWO Well-Fed Writer "standards" you've heard about forever! Why Commercial Freelancing? Writing drives business. In the course of communicating with its customers and employees, an average corporation generates an enormous volume of writing. Yet, in today's downsized business world, the catchword is outsourcing. Many companies are asking: "Why pay salaries and benefits when freelancers - offering a range of talent and fresh "outsider" perspectives - give us only what we need, and only when we need it?" In TWWF, you'll learn what those writing projects are, where they are, how to land them, and how to get hired again and again (even with less-than-brilliant writing ability...). A Surprisingly Accessible (and Lucrative) Writing Direction... With NO industry contacts, NO previous paid writing experience, and NO writing training, the author built a commercial writing business from fantasy to full-time in less than four months. Have an unusual niche? Live in a small town? Need to start part-time? Terrified of "sales and marketing"? It's all here. Follow this step-by-step blueprint for leveraging your background into a profitable writing practice that moves light years beyond "starving

writing"! [www.wellfedwriter.com](http://www.wellfedwriter.com)
