The Colonizers' Idols -

Christina Harker 2018-02-02

In this work, Christina Harker deconstructs the prevailing

treatment of the New Testament as anti-imperial by contextualizing both New Testament scholarship and the Galatian experience within imperialist discourses that survived the dissolution of conventional empires in the twentieth century. She critiques simplistic treatments of empire as post-imperial (that is, replicating patterns of imperialist ideology, albeit unwittingly). To solve the problem, a new interpretation of Galatians is proposed that reworks and complicates the portrait of the Galatians themselves, rather than Paul, within what then emerges as a diverse social world peopled by complex individuals with heterogeneous social and cultural identities. The author is thus able to show how New Testament scholars who rehabilitate the Bible and Paul as anti-empire perpetuate the same imperialist modes of interpretation they seek to repudiate.

Henry Drax is a harpooner on the Volunteer, a Yorkshire whaler bound for the rich hunting waters of the arctic circle. Also aboard for the first time is Patrick Sumner, an ex-army surgeon with a shattered reputation, no money, and no better option than to sail as the

ship's medic on this violent, filthy, and ill-fated voyage. In India, during the Siege of Delhi, Sumner thought he had experienced the depths to which man can stoop. He had hoped to find temporary respite on the Volunteer, but rest proves impossible with Drax on board. The discovery of something evil in the hold rouses Sumner to action. And as the confrontation between the two men plays out amid the freezing darkness of an arctic winter, the fateful question arises: who will survive until spring? With savage, unstoppable momentum and the blackest wit, Ian McGuire's *The North Water* weaves a superlative story of humanity under the most extreme conditions.

Capturing Hill 70 - Douglas Edward Delaney 2016

In August 1917, the Canadian Corps captured Hill 70, vital terrain just north of the French town of Lens. The Canadians suffered some 5,400 casualties and in three harrowing days defeated twenty-one German counterattacks. This spectacularly successful but shockingly costly battle was as innovative as Vimy, yet few Canadians have heard of it or of subsequent attempts to capture Lens, which resulted in nearly 3,300 more casualties. Capturing Hill 70 marks the centenary of this triumph by dissecting different facets of the battle, from planning and conducting operations to long-term repercussions and commemoration. It reinstates Hill 70 to its rightful place among the pantheon of battles that forged the reputation of the famed Canadian Corps during the First World War.

Witness to Loss - Jordan Stanger-Ross 2017-10-18

When the federal government uprooted and interned Japanese Canadians en masse in 1942, Kishizo Kimura saw his life upended along with tens of thousands of others. But his story is also unique: as a member of two controversial committees that oversaw the forced sale of the property of Japanese Canadians in Vancouver during the Second World War, Kimura participated in the dispossession of his own community. In *Witness to Loss* Kimura's previously unknown memoir - written in the last years of his life - is translated from Japanese to English and published for the first time. This remarkable document chronicles a history of racism in British Columbia, describes the activities of the committees on which Kimura served, and seeks to defend his actions. Diverse reflections of leading historians, sociologists, and a community activist and

educator who lived through this history give context to the memoir, inviting readers to grapple with a rich and contentious past. More complex than just hero or villain, oppressor or victim, Kimura raises important questions about the meaning of resistance and collaboration and the constraints faced by an entire generation. Illuminating the difficult, even impossible, circumstances that confronted the victims of racist state action in the mid-twentieth century, *Witness to Loss* reminds us that the challenge of understanding is greater than that of judgment.

California Surfing and Climbing in the Fifties - 2013-12-31

The story told by the photographs in "California Surfing and Climbing in the Fifties" takes place against the larger backdrop of postwar America: Truman and Eisenhower, the Korean War, the Cold War and the Red Scare. Young people were embracing new symbols of non-conformity: Elvis Presley, Jack Kerouac, Marlon Brando and James Dean. All along the

California coast, surfing became popular as heavy balsawood boards were replaced with lightweight ones crafted from polyurethane foam, fiberglass and resin. Meanwhile, climbers descended on Tahquitz Rock in the south and Yosemite Valley to the north to test handcrafted equipment that would set new standards for safety, technique and performance. The photographs in this volume include images of legendary surfers such as Joe Quigg, Tom Zahn, Dale Velzy and Renny Yater, in locations such as Rincon, Malibu, South Bay, Laguna and San Onofre; and famous climbers such as Warren Harding, Royal Robbins and Wayne Merry among others, photographed mostly in the Yosemite Valley by the likes of Bob Swift, Alan Steck, Jerry Gallwas and Frank Hoover. Soaked in surf, sun and adrenaline, the photographs in "California Surfing and Climbing in the Fifties" depict the birth of an era and an exhilarating moment in Californian history.
