The Senses of Preaching - 1988-01-01

Written in conversational style, *The Senses of Preaching* is a thought-provoking book using anecdotes to take a careful look at the relationship between preachers and congregations. Thomas Long provides insight into faith and life as well as preaching and homiletics. He offers preachers a better understanding of the whole concept of their craft and complements it with sermon-starter ideas. This compact volume shows preachers how to develop and implement a preaching experience that encourages the hearing of the gospel.

Ancient Egypt Transformed - Adela Oppenheim 2015-10-12

The Middle Kingdom (ca. 2030-1650 B.C.) was a transformational period in ancient Egypt, during which older artistic conventions, cultural principles, religious beliefs, and political systems were revived and reimagined. *Ancient Egypt Transformed* presents a comprehensive picture of the art of the Middle Kingdom, arguably the least known of Egypt's three kingdoms and yet one that saw the creation of powerful, compelling works rendered with great subtlety and sensitivity. The book brings together nearly 300 diverse works— including sculpture, relief decoration, stelae, jewelry, coffins, funerary objects, and personal possessions from the world's leading collections of Egyptian art. Essays on architecture, statuary, tomb and temple relief decoration, and stele explore how Middle Kingdom artists adapted forms and iconography of the Old Kingdom, using existing conventions to create strikingly original works. Twelve lavishly illustrated chapters, each with a scholarly essay and entries on related objects, begin with discussions of the distinctive art that arose in the south during the early Middle Kingdom, the artistic

developments that followed the return to Egypt's traditional capital in the north, and the renewed construction of pyramid complexes. Thematic chapters devoted to the pharaoh, royal women, the court, and the vital role of family explore art created for different strata of Egyptian society, while others provide insight into Egypt's expanding relations with foreign lands and the themes of Middle Kingdom literature. The era's religious beliefs and practices, such as the pilgrimage to Abydos, are revealed through magnificent objects created for tombs, chapels, and temples. Finally, the book discusses Middle Kingdom archaeological sites, including excavations undertaken by the Metropolitan Museum over a number of decades. Written by an international team of respected Egyptologists and Middle Kingdom specialists, the text provides recent scholarship and fresh insights, making the book an authoritative resource.

Crime Films - Thomas Leitch 2002-08-15

This book surveys the entire range of crime films, including important subgenres such as the gangster film, the private eye film, film noir, as well as the victim film, the erotic thriller, and the crime comedy. Focusing on ten films that span the range of the twentieth century, Thomas Leitch traces the transformation of the three leading figures that are common to all crime films: the criminal, the victim and the avenger. Analyzing how each of the subgenres establishes oppositions among its ritual antagonists, he shows how the distinctions among them become blurred throughout the course of the century. This blurring, Leitch maintains, reflects and fosters a deep social ambivalence towards crime and criminals, while the criminal, victim and avenger characters effectively map the shifting relations between subgenres, such as the erotic thriller and the police film, within the larger genre of crime film that informs them all.

Googled - Ken Auletta 2010-10-26

"The fullest account yet of the rise of one of the most profitable, most powerful, and oddest businesses the world has ever seen." -San Francisco Chronicle Just eleven years old, Google has profoundly transformed the way we live and work-we've all been Googled. Esteemed media writer Ken Auletta uses the story of Google's rise to explore the future of media at large. This book is based on the most extensive cooperation ever granted a journalist, including access to closed-door meetings and interviews with industry legends, including Google founders Larry Page and Sergey Brin, Marc Andreessen, and media guru "Coach" Bill Campbell. Auletta's unmatched analysis, vivid details, and rich anecdotes illuminate how the Google wave grew, how it threatens to drown media institutions, and where it's taking us next.

Prayer Cookbook for Busy People - Elisha Goodman 2009-07-18

A rainmaker is someone who brings timely solutions to spiritual problems. He or she does this through "targeted" prayers. In the Bible, people like Hannah, Elijah and even our Lord Jesus were rainmakers. Today, 21st century rainmakers are busy using the principles of scripture to pray for healing, deliverance and prosperity, and bringing joy to the lives thousands all over the world. This book reveals their secrets and shows you how you can manifest your daily divine blessings through prayer.

Passion Prayer of Jesus the Christ - Michael Ini-Abasi 2004-05-01

PASSION PRAYER OF JESUS THE CHRIST The 7 Secret Principles of Jesus

Jews and Humor - Leonard J. Greenspoon 2011-10-01

Jews and humor is for most people a natural and felicitous collocation. In spite of or perhaps because of a history of crises and living on the edge Jews have often created or resorted to humor. But what is "humor"? and what makes certain types instances or performances of humor "Jewish"? These are among the myriad queries addressed by the fourteen authors whose essays are collected in this volume. and thankfully their observations always apt and often witty are expressed with a lightness of style and a depth of analysis that are appropriate to the many topics they cover. The chronological range of these essays is vast: from the Hebrew Bible to the 2000s with many stops in between for Talmudic texts medieval parodies eighteenth century joke books and twentieth century popular entertainment. The subject matter is equally impressive. In addition to rounding up many of the "usual suspects" such as Woody Allen the Marx Brothers and Gilda Radner these authors also scout out some unlikely comic resources like the author of the biblical book of Exodus the rabbinic writer of Genesis Rabbah and the party records star Belle Barth. Without forcing any of these characters into a pre-constructed mold the scholars who contributed to this collection allow readers both to discern the common features that make up "Jewish humor" and to delight in the individualism and eccentricities of the many figures whose lives and accomplishments are narrated here. Because these essays are written in a clear jargon-free style they will appeal to everyone-even those who don't usually crack a smile!

Channels of Propaganda - J. Michael Sproule 1994

Defining propaganda as "efforts by special interests to win over the public covertly by infiltrating messages into various channels of public expression ordinarily viewed as politically neutral," this book argues that propaganda has become pervasive in American life. Pointing out that the 1990s society is inundated with propaganda from numerous sources

(including government, business, researchers, religious groups, the news media, educators, and the entertainment industry) the book exposes these channels of propaganda and the cumulative effect they have on public opinion and the functioning of American democracy. Chapter 1 reviews materials on diverse vantage points from which American writers and opinion leaders have tried to reconcile mass persuasion with the democratic way of life during the 20th century. Chapters 2-6 examine propaganda in: (1) government (e.g., Federal Bureau of Investigation, aid to the Contras, Star Wars, presidential styles); (2) research and religion (e.g., national security, private sector, religion and politics); (3) news (e.g., getting good coverage, pressure groups, and business); (4) classroom (e.g., business propaganda, pressure groups, textbooks, pressures on teachers); and (5) entertainment (e.g., film, television). Chapters 7 and 8 question: (1) what action a democratic people should take to safeguard intelligent discussion and free choice from the taint of devious communication; (2) to what extent propaganda casts a shadow over public life; and (3) whether large-scale, engineered persuasion can ever be squared with the ideal of democratic public deliberation. Extensive chapter notes and an index are included. (NKA)
