Toward a Translation Criticism - Antoine Berman
2009

Françoise Massardier-Kenney's translation of Antoine Berman's *Toward a Translation Criticism* makes available for the first time in the English-speaking world one of the twentieth-century's foundational texts in translation studies. Berman's book, published posthumously in France, develops an original concept of "criticism of translation" and a methodology

to anchor the practice of this criticism. He demonstrates how the work of translation is a critical process as well as a creative one. Moving away from nonsystematic evaluative approaches that focus on the shortcomings of translations or the normative approaches that study the cultural and literary systems into which the translations are inserted, Berman applies the notion of ethics he developed in his earlier works, calling for a translation that is

nonethnocentric and stipulating that the creativity required by translation be focused on the re-creation of the original in the other language without being over-determined by the personal poetics of the writer-translator. Berman achieves a rare combination of hermeneutic and stylistic analysis, of commentary on the original and analysis of its translations, giving the reader access both "to the language of the original--to the way in which poetry and thought are deployed--and to the actual work of translation." Toward a Translation Criticism is divided into two separate but interlinked parts, each focused on one element of the ethics of translation: theory (reflection) and practice (experience). In the first part Berman presents what he calls a general "productive criticism," while in the second part he applies the general theoretical principles of this criticism to the analysis of the translations of John Donne's work into French and Spanish. The translation of

Berman's text is accompanied by an introduction placing Berman's thought in its intellectual context and by supplementary notes that complete the bibliographic material presented in the French-language version. This study is essential reading for translation studies scholars, readers interested in the creative literary process, in the nature of literary criticism, and in the philosophy of language. It will also be of interest to John Donne specialists.

Minister's Guide for Effective Shepherding - Emmanuel D Apau Jr 2020-01-15 Luke 15:7 tells us that the whole heaven rejoices when one soul is won. It is the work of the shepherd to care for the souls of the Lord. They are tasked to watch over them, discipline them, teach them, guide them, etc. For this reason, shepherds are the heart beat of the Lord. The Lord Jesus Christ Himself is called the "Good Shepherd". To shepherd a soul is the greatest work and greatest miracle here

on earth and those who do it faithfully will have a great reward. The salvation of a soul is precious in the sight of God and is the only event that is able to move the entire heavenly host to rejoice and celebrate the blood and the done work of the cross. Most importantly, shepherds must follow the Chief Shepherd-Jesus Christ-to lay down their lives. They must first follow Him and then teach the congregation to follow as well, according to the will of God. Martin Ka?ur - Ivan Cankar
2009-01-01

The novel *Martin Ka?ur*, which dates from 1907, tells the engrossing story of a young schoolteacher who moves from one provincial Slovene town to the next, trying to enlighten his countrymen and countrywomen but instead receiving only the mistrust and scorn of the traditional-minded and petty population. The novel is ruthless in its analysis and self-analysis of the failure of this abstract idealist. Brilliant descriptions of Slovenia's natural beauty alternate with the haze of alcoholic despair, rural violence, marital alienation, and the death of a young and beloved child. The Slovene prose writer, poet, and dramatist Cankar's characterizations of duplicitous political and religious leaders (the village priest, the mayor, other teachers, doctors, etc.) and the treacherous social

scene are remarkable in their engaging clarity. No doubt the raw emotional impact of Martin Káur derives partly from Cankar's portrayal of the way society isolates people, denying them sympathy and solidarity. Cankar's style here owes a debt both to naturalism and to symbolism and contains, in its sometimes frantic pace and associative interior monologues, hints of early expressionism.

Poems and Prose of Mihai Eminescu - Mihai Eminescu 2021-05-28

Poems and Prose of Mihai Eminescu is a selection of the best English-language renditions of poems and prose by this remarkable cultural figure of the nineteenth century, whom the British

writer George Bernard Shaw once referred to as [the Moldavian who raised the XVIII-XIX fin de siècle from its grave.] To have an appreciation of Romanian culture one must become acquainted with the works of the country's national poet, Mihai Eminescu. The leading cultural figure of nineteenth century Romania, Eminescu (1850-1889) was not only a poet, but also a philosopher, prose writer, translator, and journalist. He is best seen as a man who embodied the national culture and, therefore, through his work, helped to give it shape. The selections in this volume include some of Eminescu's best-known poems such as Doina, Lacul, ?i dac?, Luceaf?rul, Od? (în metru antic), Mai am un singur dor, Scrisoarea III, and many others. It also includes English versions of his most important prose writings [F?t Frumos din lacrimi, S?rmanul Dionis, Geniu pustiu, and Cezara. The Mastery of Love: a Practical Guide to the Art of Relationship: a Toltec Wisdom Book by Don Miguel Ruiz - Don Ruiz 2018-07

In *The Mastery of Love*, don Miguel Ruiz illuminates the fear-based beliefs and assumptions that undermine love and lead to suffering and drama in our relationships. Using insightful stories to bring his message to life, Ruiz

shows us how to heal our emotional wounds, recover the freedom and joy that are our birthright, and restore the spirit of playfulness that is vital to loving relationships. The Mastery of Love includes: * Why "domestication" and the "image of perfection" lead to self-rejection * The war of control that slowly destroys most relationships * Why we hunt for love in others, and how to capture the love inside us * How to finally accept and forgive ourselves and others "Happiness can only come from inside of you and is the result of your love. No Natural Weather -

WeatherWar 101 2017-05-24

Once upon a time, all over the world, we saw fluffy white clouds in a blue sky. Today we see white lines and streaks, and many of us, in many countries, live under a layer of

white haze. Children no longer know what real clouds look like, as the three basic cloud types are no longer seen. Remember the high-altitude cirrus, feathery and white, made of ice crystals? I have not seen real cirrus clouds for 15 years. What occurs now is what NASA calls "man-made cirrus" or "jet cirrus" - an actual admission of something unnatural and artificial. "No Natural Weather" is a clearly written simple tutorial about weather modification and much more, designed for newcomers to the concept, but also full of explanations and clarifications that will add to the research of those who are already aware. Start at the beginning and let this narrative take you on a journey from soup to nuts, A to Z. Share the series with your family and friends! There is no better time than now to educate yourself to what is and has been going on, and the thoughtful guidance provided by this seasoned researcher is the best company you could have on such an alarming journey. For yes, it is alarming

to learn that our planet is being altered in ways that it may never recover from. It is time for us all to voice our collective power, but no one can do so until the actual knowledge has been given and shared. Thank you, WeatherWar101, for your immense contribution!Sofia Smallstorm - (Excerpt from Foreword)

California Surfing and Climbing in the Fifties -
2013-12-31

The story told by the photographs in "California Surfing and Climbing in the Fifties" takes place against the larger backdrop of postwar America: Truman and Eisenhower, the Korean War, the Cold War and the Red Scare. Young people were embracing new symbols of non-conformity: Elvis Presley, Jack Kerouac, Marlon Brando and James Dean. All along the California coast, surfing became popular as heavy balsawood boards were replaced with lightweight ones crafted from polyurethane foam, fiberglass and resin. Meanwhile, climbers descended on Tahquitz Rock in the south and Yosemite Valley to the north to test handcrafted equipment that would set new standards for safety, technique and performance. The photographs in this volume include images of legendary surfers such as Joe Quigg, Tom Zahn, Dale Velzy and Renny Yater, in locations such as

Rincon, Malibu, South Bay, Laguna and San Onofre; and famous climbers such as Warren Harding, Royal Robbins and Wayne Merry among others, photographed mostly in the Yosemite Valley by the likes of Bob Swift, Alan Steck, Jerry Gallwas and Frank Hoover. Soaked in surf, sun and adrenaline, the photographs in "California Surfing and Climbing in the Fifties" depict the birth of an era and an exhilarating moment in Californian history.

Thyme in a Bottle - Ingrid Croce 1996-04-16

In 1985 Ingrid Croce opened Croce's Restaurant and Jazz Bar as a tribute to her late husband, singer and songwriter Jim Croce. Attempting to recreate the warmth and energy from their early days of entertaining together, Ingrid infused Croce's with great food, live music and an inviting, casual atmosphere. She has since parlayed the success of this unbeatable combination into a group of popular restaurants and clubs as one of the

pioneers in the rejuvenated Gaslamp district of downtown San Diego. Now many of the recipes that have made her restaurants famous are available here. Current culinary trends are reflected in the seasonal American cuisine and Southwestern fare of Ingrid's Cantina and Sidewalk Cafe in recipes such as Santa Barbara Sea Bass with Caramelized Onions and Fig, Ricotta Gnocchi with Wild Mushrooms and Sage, and Pacific Rim Tamales. Drawing on Ingrid's multicultural background and interests, *Thyme in a Bottle* features Italian favorites as interpreted by the Croce family, like Roasted Pepperonata Salad and Fried Zucchini Blossoms, as well as the Russian and Jewish classics of her childhood, such as brisket and tzimmes with kasha and varnishkas. Ingrid also reveals the secrets behind her own signature blitzes and "poppers." Interpreted with the recipes is Ingrid's own inspired story. She writes openly about her intense romance with Jim Croce, their happy but

occasionally troubled marriage. She tells of the difficult repercussions of Jim's early death, from battles with the music industry to rearing a young son on her own. And she shares the challenges of starting a restaurant and becoming a real player in a notoriously competitive business. It is all told with such candor, warmth, and enthusiasm that by the time Ingrid concludes her story with personal and professional triumphs, we are cheering the heartening success of such a vibrant spirit. Fans of the late Jim Croce will delight in this collection of recipes and memoirs by his wife, Ingrid. Ingrid's inspiration comes from memories of the exceptional food and music that her and Jim created in their Pennsylvania farmhouse in the late sixties and early seventies. As proprietor of five award-winning San Diego restaurants and clubs, Ingrid has garnered an enviable reputation in the culinary world. In *Thyme in a Bottle* she serves up the delicious recipes that make her

restaurant so successful as well as anecdotes about her life and times. With its wonderful diversity of menus--from traditional Italian and Russian favorites to contemporary American and Southwestern cuisine--this warm and engaging cookbook is an excellent addition to any cook's library.

Histories of Computing - Michael Sean Mahoney 2011-06-20

Computer technology is pervasive in the modern world, its role ever more important as it becomes embedded in a myriad of physical systems and disciplinary ways of thinking. The late Michael Sean Mahoney was a pioneer scholar of the history of computing, one of the first established historians of science to take seriously the challenges and opportunities posed by

information technology to our understanding of the twentieth century. Mahoney's work ranged widely, from logic and the theory of computation to the development of software and applications as craft-work. But it was always informed by a unique perspective derived from his distinguished work on the history of medieval mathematics and experimental practice during the Scientific Revolution. His writings offered a new angle on very recent events and ideas and bridged the gaps between academic historians and computer scientists. Indeed, he came to believe that the field was irreducibly pluralistic and that there could be only histories of computing. In this collection, Thomas Haigh presents thirteen of Mahoney's essays and papers organized across three categories: historiography, software engineering, and theoretical computer science. His introduction surveys Mahoney's work to trace the development of key themes, illuminate connections among

different areas of his research, and put his contributions into context. The volume also includes an essay on Mahoney by his former students Jed Z. Buchwald and D. Graham Burnett. The result is a landmark work, of interest to computer professionals as well as historians of technology and science.

[Haiku for a Season / Haiku per una stagione](#) - Andrea Zanzotto 2012-10-29

Andrea Zanzotto is one of the most important and acclaimed poets of postwar Italy. This collection of ninety-one pseudo-haiku in English and Italian—written over several months during 1984 and then revised slowly over the years—confirms his commitment to experimentation throughout his life. *Haiku for a Season* represents a multilevel experiment for Zanzotto: first, to compose poetry bilingually;

and second, to write in a form foreign to Western poetry. The volume traces the life of a woman from youth to adulthood, using the seasons and the varying landscape as a mirror to reflect her growth and changing attitudes and perceptions. With a lifelong interest in the intersections of nature and culture, Zanzotto displays here his usual precise and surprising sense of the living world. These never-before-published original poems in English appear alongside their Italian versions—not strict translations but parallel texts that can be read separately or in conjunction with the originals. As a sequence of interlinked poems, *Haiku for a Season* reveals Zanzotto also as a master poet of minimalism. Zanzotto's recent death is a blow to world poetry, and the publication of this book, the last that he approved in manuscript, will be an event in both the United States and in Italy.

Lost Downtown - Peter Hujar
2016-02

It's a vanished world, and Peter Hujar was right there in it. The Lower East Side between 1972 and 1985 -- filled with artists, wannabe artists and hangers-on -- was a community of the misbegotten gathered from every town in America and relocated in the mean streets between Broadway and the

Bowery. Nothing but their talent, their flamboyance, their rank gender-bending mockery and their arch irony supported them. Some made their names. Many came to grief. A few made art. In those days, the gutted streets of the Lower East Side looked like a war zone. Everyone lived and worked on the extreme outer margins of money and art, penniless and unknown. As a community, Downtown was a counterstatement to the rich New York of the banks, museums, media, corporations ... and the art world itself. That Downtown is forever gone. Time, gentrification, disease and death have taken their toll and turned this vibrant epoch into a chapter of art history. But before it vanished, its extravagant cast sat for Peter Hujar's camera -- and is now

alive again in front of our eyes. Featured among others: Joe Brainard, William Burroughs, Remy Charlip, Edwin Denby, Divine, Ray Johnson, Fran Lebowitz, Charles Ludlum, Susan Sontag, Paul Thek, John Waters, Robert Wilson, David Wojnarowicz.
