Perfect Health - Deepak Chopra 1990

The author's Quantum Healing: Exploring the Frontiers of Mind/Body Medicine, aimed to show how health and sickness are controlled by awareness at the level of quantum physics, where mind and body are one. Now Dr Chopra has written a practical guide to harnessing that healing power of the mind, a book based on the principles of Ayurveda, a 5000-year-old system of mind/body medicine that has recently been rediscovered. The book provides a step-by-step programme of mind/body medicine tailored to the individual's need. The result is a plan for re-establishing the body's essential balance with nature.

Original.

Islands Magazine - 2008-11

Retreat - Jay Crownover 2016-12-27

Every once in a while, you need to get away from it all. I was a woman on the edge, shaken and shattered after a breakup that felt like it tore my entire world apart. My best friend, sick of watching me drown in misery and melancholy, harassed me until I agreed to go with her on a week-long wilderness retreat. She promised days spent bonding and getting in touch with our inner bad asses. It was supposed to be all about the two of us roughing it and making do with the bare minimum. She assured me we were going to be pushed to our limits in ways that were unimaginable. Neither one of us could have ever guessed just how right she was. Nowhere in the glossy brochure did it say anything about the fact I was going to have to battle the insufferable but deliciously rugged and sexy trail guide instead of the elements. The brochure also forgot to mention the part that warned when you left civilization behind, there was no place to pack your inhibitions and fears. I was told that I would be facing a week where the only thing I should expect was the unexpected. However, no one mentioned that I was going to have to fight for my life...and my heart

as soon as I ventured into the unknown. I was a pro at hiding from my feelings but when it came time to face a real threat, one that could change everything, I learned I was more of a no surrender, no retreat kind of girl. Retreat is a standalone novel, the first in the Getaway series which centers on the hardheaded and brokenhearted Warner brothers and the women that dare to love them. These boys are very good at putting the wild in wilderness.

The Wigwam Resort - Lance W. Burton 2007

The evolution of an arid desert area into the verdant oasis that is the Wigwam Resort was ultimately brought about by an unlikely crop needed by an important American corporation in the early 20th century. The crop was long-staple cotton and the corporation was the Goodyear Tire and Rubber Company. When the U.S. Department of Agriculture discovered that Arizona's Salt River Valley was an ideal location to domestically grow long-staple cotton, Goodyear purchased 16,000 acres in the desert west of Phoenix to cultivate the crop for their newly developed pneumatic tire. The company built a three-room lodge, originally called the "Organization House," for the executives that came to oversee the farming operations. The location became a popular winter retreat within the company, and in 1929, Goodyear expanded the facilities and opened "The Wigwam" as a hotel. As the years progressed, amenities such as golf and fine dining were added, and the Wigwam Resort became one of the premier luxury destinations in the Southwest.
