

Karl Schranz Vom Sportidol Zum Netzwerker Mit Ein

When somebody should go to the book stores, search introduction by shop, shelf by shelf, it is truly problematic. This is why we offer the book compilations in this website. It will categorically ease you to look guide **Karl Schranz Vom Sportidol Zum Netzwerker Mit Ein** as you such as.

By searching the title, publisher, or authors of guide you truly want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you seek to download and install the Karl Schranz Vom Sportidol Zum Netzwerker Mit Ein , it is unquestionably easy then, before currently we extend the connect to purchase and make bargains to download and install Karl Schranz Vom Sportidol Zum Netzwerker Mit Ein for that reason simple!

The Visual in Sport - Mike Huggins 2013-10-18

This comprehensive, novel and exciting interdisciplinary collection brings together leading international authorities from the history of sport, social history, art history, film history, design history, cultural studies and related fields to explore the ways in which visual culture has shaped, and continues to impact upon, our understanding of sport as an integral element within popular culture. Visual representations of sport have previously been little examined and under-exploited by historians, with little focused and rigorous scrutiny of these vital historical documents. This study seeks to redress this balance by engaging with a wide variety of cultural products, ranging from sports stadia and monuments in the public arena, to paintings, prints, photographs, posters, stamps, design artefacts, films and political cartoons. By examining the contexts of both the production and reception of this historical evidence, and highlighting the multiple meanings and social significance of this body of work, the collection provides original, powerful and stimulating insights into the ways in which visual material assists our knowledge and understanding of sport. This collection will facilitate researchers, publishers and others with an interest in sport to move beyond traditional text-based scholarship and appreciate the powerful imagery of sport in new ways. This book was previously published as a special issue of the International Journal of the History of Sport.

Sport and Modern Social Theorists - Richard Giulianotti 2004-08-03

Sport and Modern Social Theorists is an innovative and exciting new collection. The chapters are written by leading social analysts of sport from across the world, and examine the contributions of major social theorists towards our critical understanding of modern sport. Social theorists under critical examination include Marx, Weber, Durkheim, Adorno, Gramsci, Habermas, Merton, C.Wright Mills, Goffman, Giddens, Elias, Bourdieu and Foucault. This book will appeal to students and scholars of sport studies, cultural studies, modern social theory, and to social scientists generally.

Karl Schranz - Florian Madl 2011-01

Atlas of Congenital Cardiac Disease - Maude E. Abbott 2006-08-09

This reprint includes a short history of Abbott's life and how she came to create the Atlas, including a discussion of the material she used for her 1934 London Exhibit, which served as the basis for the Atlas. The original text and illustrations are enhanced by color prints of fifty-five specimens in the Abbott Collection of the McGill Pathology Museum.

Affective Health and Masculinities in South Africa - Hans Reihling 2020-04-24

Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how

masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Speedseekers - Alexandra Lier 2008

The love of fast cars has moved into top gear. From its beginnings as a rebellious underground pastime, it has become a huge cult, spawning its own exciting subcultures in music, art and fashion. Speedseekers is the ultimate book on the world of Hot Rods and Custom Culture. Alexandra Lier spent a decade at the epicentre of the scene revving engines and burning rubber with the world's foremost mechanics, racers and adrenaline junkies. With hundreds of full colour photographs and graphics throughout, this book - more exciting than a nitro-burning supercharged Hemi - is the ultimate cult guide to the greatest human obsession of all... going fast!

Images des Sports in Österreich - Matthias Marschik 2018-11-12

Sport hat seit dem Ende des 19. Jahrhunderts in Österreich eine enorme gesellschaftliche und kulturelle Bedeutung. Die damit verbundenen Werte und Normen werden primär bildhaft vermittelt. Daher nimmt dieser Band zentrale Images und Topoi der Bewegungskultur in den Fokus. Durch starke Emotionen haben sich viele dieser Bilder in die kollektive Erinnerung des Landes eingeschrieben. Das Buch beleuchtet ihre aktuelle und vergangenheitspolitische Bedeutung, die immer wieder aufs Neue verhandelt werden muss. In den Beiträgen entsteht ein selektives und doch inklusives Gesamtbild des modernen österreichischen Sportgeschehens und seiner Populärkulturen von den Anfängen vor 1900 bis in die Gegenwart. Since the end of the 19th century sports are of great social and cultural importance in Austria. The values and ethics related to sports are primarily conveyed via images. Thus, this volume focuses on central images and topoi of sports. Due to their strong emotions these images have found their way into the collective memory of the country. This book illustrates their recent and past political meaning which has to be repeatedly negotiated. The contributions show a selective but yet inclusive presentation of the modern Austrian sports culture and its popular cultures from the beginning before 1900 until recent years.

The Hidden Life of Trees: What They Feel, How They Communicate - Peter Wohlleben 2017-08-24

Sunday Times Bestseller 'A paradigm-smashing chronicle of joyous entanglement' Charles Foster Waterstones Non-Fiction Book of the Month (September) Are trees social beings? How do trees live? Do they feel pain or have awareness of their surroundings?

Sample Minds - Stefan Bidner 2004

Buch und CDs versammeln Beiträge von KünstlerInnen, TheoretikerInnen, MusikerInnen und LiteratInnen zur Sampling-Kultur und erscheinen anlässlich der Ausstellungreihe copy&paste-drag&drop.sampling in kunst, musik und literatur im Kunstraum Innsbruck. Beiträge in Bild und Text von Christoph Hinterhuber, Eva Wohlgemuth, Siegfried Zielinski, Hans Ulrich Reck, Heinz von Foerster, Gerwald Rockenschaub, Roberto Ohrt, Raymond Pettibon, Christian Höller, Robert Jelinek, franzobel u.v.a.

Once Upon a Time - Richard Lambert 1995-11-01

Kingdom of the Dead - Peter Ackroyd 2004

A full-colour illustrated children's introduction to the history of Ancient Egypt. Experience the age of the Pharaohs in a tale of power and conquest, secret rituals and mysterious beliefs. Peter Ackroyd's acclaimed ten-part Voyages Through Time series continues, with a compelling blend of innovative, dramatic design and his uniquely evocative storytelling.

Morning's at Seven - Eric Malpass 2008-01-12

Three generations of the Pentecost family live in a state of permanent disarray in a huge, sprawling farmhouse. Seven-year-old Gaylord Pentecost is the innocent hero who observes the lives of the adults – Grandpa, Momma and Poppa and two aunts – with amusement and incredulity. Through Gaylord's eyes, we witness the heartache suffered by Auntie Rose as the exquisite Auntie Becky makes a play for her gentleman friend, while Gaylord unwittingly makes the situation far worse.

The Business Affairs of Mr Julius Caesar - Bertolt Brecht 2016-01-28

Bertolt Brecht's extraordinary historical novel presents an aspiring scholar's efforts to write an idealized life of Julius Caesar twenty years after his death. But the historian abandons his planned biography, confronted by a baffling range of contradictory views. Was Caesar an opportunist, a permanently bankrupt businessman who became too big for the banks to allow him to fail – as his former banker claims? Did he stumble into power while trying to make money, as suggested by the diary of his former slave? Across these different versions of Caesar's career in the political and economic life of Rome, Brecht wryly contrasts the narratives of imperial progress with the reality of grasping self-interest, in a sly allegory that points to the Weimar Republic and perhaps even to our own times. Brecht reminds his readers of the need for constant vigilance and critical suspicion towards the great figures of the past. In an echo of his dramatic theories, the audience is confronted with its own task of active interpretation rather than passive acceptance – we have to work out our own views about Mr Julius Caesar. This edition is translated by Charles Osborne and features an introduction and editorial notes by Anthony Phelan and Tom Kuhn.

Best of Adiemus (Clarinet/Cd) - Karl Jenkins 2001-06-25

Recreate the sounds of Adiemus with this new playalong series

The Ancient Olympic Games - Judith Swaddling 1980

For over one thousand years between 776 B.C. and A.D. 395, princes, statesmen, and famous athletes gathered every four years at Olympia in western Greece to compete for the olive crowns of the ancient Olympic Games. Judith Swaddling traces the mythological and religious origins of the games and describes the events, religious ceremony, and celebrations that were an essential part of the Olympic festival. The book also features a large, detailed model of the site of ancient Olympia, where, alongside religious and civic buildings, there grew an elaborate sports complex with a stadium for 40,000 spectators, indoor and outdoor training facilities, hot and cold baths, a swimming pool, and a race course. This fascinating description of Ancient Olympia and the Games is superbly illustrated with vases, sculpture and other works of art, views of the site and photographs of the unique model.

Theatre and Performance Design - Jane Collins 2012-10-02

Theatre and Performance Design: A Reader in Scenography is an essential resource for those interested in the visual composition of performance and related scenographic practices. Theatre and performance studies, cultural theory, fine art, philosophy and the social sciences are brought together in one volume to examine the principle forces that inform understanding of theatre and performance design. The volume is organised thematically in five sections: looking, the experience of seeing space and place the designer: the scenographic bodies in space making meaning This major collection of key writings provides a much needed critical and contextual framework for the analysis of theatre and performance design. By locating this study within the broader field of scenography – the term increasingly used to describe a more integrated reading of performance – this unique anthology recognises the role played by all the elements of production in the creation of meaning. Contributors include Josef Svoboda, Richard Foreman, Roland Barthes, Oscar Schlemmer, Maurice Merleau-Ponty, Richard Schechner, Jonathan Crary, Elizabeth Wilson, Henri Lefebvre, Adolph Appia and Herbert Blau.

The Oxford Handbook of Sports History - Robert Edelman 2017-04-06

Orwell was wrong. Sports are not "war without the shooting", nor are they "war by other means." To be

sure sports have generated animosity throughout human history, but they also require rules to which the participants agree to abide before the contest. Among other things, those rules are supposed to limit violence, even death. More than anything else, sports have been a significant part of a historical "civilizing process." They are the opposite of war. As the historical profession has taken its cultural turn over the last few decades, scholars have turned their attention to subject once seen as marginal. As researchers have come to understand the centrality of the human body in human history, they have come to study this most corporeal of human activities. Taking early cues from physical educators and kinesiologists, historians have been exploring sports in all their forms in order to help us answer the most fundamental questions to which scholars have devoted their lives. We have now seen a veritable explosion excellent work on this subject, just as sports have assumed an even greater share of a globalizing world's cultural, political and economic space. Practiced by millions and watched by billions, sports provide an enormous share of content on the Internet. This volume combines the efforts of sports historians with essays by historians whose careers have been devoted to more traditional topics. We want to show how sports have evolved from ancient societies to the world we inhabit today. Our goal is to introduce those from outside this sub-field to this burgeoning body of scholarship. At the same time, we hope here to show those who may want to study sport with rigor and nuance how to embark on a rewarding journey and tackle profound matters that have affected and will affect all of humankind.

Theorizing Emotions - Debra Hopkins 2009-09-14

Preface: notes on the sociology of emotions in Europe / Jochen Kleres --Introduction: an emotions lens on the world / Arlie Russell Hochschild -- Consciousness, emotions, and science / Jack Barbalet -- Extreme feelings and feelings at extremes / Helmut Kuzmics -- Hearts or wombs? A cultural critique of radical feminist critiques of love / Eva Illouz and Eitan Wilf -- Mediatizing traumas in the risk society: a sociology of emotions approach / Nicolas Demertzis -- The civilizing of emotions: formalization and informalization / Cas Wouters -- What makes us modern(s)? The place of emotions in contemporary society / Patrick Becker -- Shame and conformity: the deference-emotion system / Thomas J. Scheff -- The "neurosociology" of emotion? Progress, problems and prospects / Simon J. Williams -- Refugee solidarity: between national shame and global outrage / James Goodman -- Just being there: buddies and the emotionality of volunteerism / Jochen Kleres -- Mediated parasocial emotions and community: how media may strengthen or weaken social communities / Katrin Dovelung.

Stonehenge - Richard Borg 2007-04-01

Stonehenge has always been a mystery, its original purpose lost in time. Titanic Games asks the question: what would five world-class game designers make of such a location if they were the ones to discover it? Titanic Games presents the world's first Anthology Board Game. We gathered together five talented game designers and gave each of them the same board and pieces. Five unique designers resulted in five unique games: an Arthurian showdown by Richard Borg, a monumental fire sale by James Ernest, a druidic election by Bruno Faidutti, a magical convocation by Richard Garfield, and an alien chariot race by Mike Selinker. Stonehenge contains: One rulebook with five games One game board One deck of 65 cards Five plastic trilithons 50 plastic disks 50 plastic bars Six plastic pawns

The Power of Fashion - Jan Brand 2006

Fashion encompasses much more than the latest skirt length, the newest colours or the most up-to-date

Thomas and Adeline - Jenna Lindsey 2020-11-08

For her sixth novel, Award Winning Author Jenna Lindsey turns her attention to a murder mystery and skillfully blends magic, romance and humor in a beautiful, whimsical fantasy. If you're going to buy a house with a reputation for being haunted, you ought to expect a ghost. But what do you do when you fall in love with him? Adeline decides to discover how and why Thomas was murdered. She quickly becomes surrounded by magic and mysteries. She and Thomas try to solve both their dilemma—how to stay together forever—and that of a beautiful woman who once lived in their magical house. Giving them support are Jenna Lindsey's signature secondary characters: colorful and entertaining. They help Adeline restore the house and, consequently, its magic. Funny, scary, and utterly impossible, therefore, like James Hilton's Lost Horizon, it's completely true. Will Thomas and Adeline succeed and be together happily ever after? Join the party and find out.

Overcoming School Refusal - Joanne Garfi 2018-01-31

School refusal affects up to 5% of children and is a complex and stressful issue for the child, their family and school. The more time a child is away from school, the more difficult it is for the child to resume normal school life. If school refusal becomes an ongoing issue it can negatively impact the child's social and educational development. Psychologist Joanne Garfi spends most of her working life assisting parents, teachers, school counsellors, caseworkers, and community policing officers on how best to deal with school refusal. Now her experiences and expertise are available in this easy-to-read practical book. *Overcoming School Refusal* helps readers understand this complex issue by explaining exactly what school refusal is and provides them with a range of strategies they can use to assist children in returning to school. Areas covered include:

- types of school refusers
- why children refuse to go to school
- symptoms
- short term and long term consequences
- accurate assessment
- treatment options
- what parents can do
- what schools can do
- dealing with anxious high achievers
- how to help children on the autism spectrum with school refusal

Rebel - Marie Lu 2019-10-01

Respect the Legend. Idolize the Prodigy. Celebrate the Champion. But never underestimate the Rebel. With unmatched suspense and her signature cinematic storytelling, #1 New York Times–bestselling author Marie Lu plunges readers back into the unforgettable world of Legend for a truly grand finale. Eden Wing has been living in his brother's shadow for years. Even though he's a top student at his academy in Ross City, Antarctica, and a brilliant inventor, most people know him only as Daniel Wing's little brother. A decade ago, Daniel was known as Day, the boy from the streets who led a revolution that saved the Republic of America. But Day is no longer the same young man who was once a national hero. These days he'd rather hide out from the world and leave his past behind. All that matters to him now is keeping Eden safe—even if that also means giving up June, the great love of Daniel's life. As the two brothers struggle to accept who they've each become since their time in the Republic, a new danger creeps into the distance that's grown between them. Eden soon finds himself drawn so far into Ross City's dark side, even his legendary brother can't save him. At least not on his own . . .

Choosing Real - Bekah Jane Pogue 2016-12-01

Are you ready to release your control of needing to be everything for everyone? In *Choosing REAL*, author Bekah Pogue walks with us into life's unplanned circumstances—specifically frantic schedules, pain, transition, feelings of unworthiness, loneliness, and tension—and reminds us it is in these very moments where God invites us to notice, respond, and even celebrate an authentic relationship with Him through every little detail despite our own efforts or work. The result? A connection between real life and faith so that they are one and the same. When we enjoy God's company first—the heavenly Creator will transform our minds to view our schedules, work, relationships, parenting, and responsibilities as opportunities to dance in life's storms and honor how beautiful simple can be. Better than our ideal party, it is He who is inviting us, setting the table, breathing peace and freedom into details we aren't in control of. When we recognize how He surprises us by using our greatest pains and detours to draw us to a beautiful dependence on Him—freedom and peace replace control and worry. Put aside what-could-be and instead embrace what is? The invitation is yours. . . choose Real today.

When Sunday Comes - Claudrena N. Harold 2020-11-16

Gospel music evolved in often surprising directions during the post-Civil Rights era. Claudrena N. Harold's in-depth look at late-century gospel focuses on musicians like Yolanda Adams, Andraé Crouch, the Clark Sisters, Al Green, Take 6, and the Winans, and on the network of black record shops, churches, and businesses that nurtured the music. Harold details the creative shifts, sonic innovations, theological tensions, and political assertions that transformed the music, and revisits the debates within the community over groundbreaking recordings and gospel's incorporation of rhythm and blues, funk, hip-hop, and other popular forms. At the same time, she details how sociopolitical and cultural developments like the Black Power Movement and the emergence of the Christian Right shaped both the art and attitudes of African American performers. Weaving insightful analysis into a collective biography of gospel icons, *When Sunday Comes* explores the music's essential place as an outlet for African Americans to express their spiritual and cultural selves.

Roaring Lambs - Robert Briner 2016-11-29

Bob Briner would have told you, "Absolutely!" *Roaring Lambs* is Briner's manifesto of our proper stance regarding the "culture-shaping arena." Christians can and ought to be the movers and shakers of social change -- "roaring lambs" who infiltrate and make an impact on their workplace and world with their faith. *Roaring Lambs* was written from Briner's personal experience as an Emmy Award-winning television producer. It takes you into the work world strategies anyone can use. There's also a useful discussion guide that will help you and your friends put shoe leather to your faith. Bob Briner's greatest legacy may well be the way in which, through his own courageous roar, he helped countless Christians discover theirs. John their ranks. Roar with conviction -- and change your world!

Fashion and Art - Adam Geczy 2013-08-15

For at least two centuries, fashion and art have maintained a competitive love-hate relationship. Both fashion and art construct imaginary worlds, and use a language of style to invigorate beliefs, perceptions and ideas. Until now the crossovers of fashion and art have received only scattered treatment and suffered from a dearth of theorization. As an attempt to theorize the area, this collection of new and updated essays is the most well-rounded and authoritative to date. Some of the world's foremost scholars in the field are assembled here to explore the art-fashion nexus in numerous ways: from aesthetics and performance to masquerade and media. Original and inspiring, this book will not only secure 'art-fashion' as a discrete area of study, but also suggest new critical pathways for exploring their continuing cross-pollination. *Fashion and Art* is essential reading for students and scholars of fashion, art history and theory, cultural studies and related fields.

Paediatric Cardiology - Hamish Watson 1968

The File - San Charles Haddad 2020-03-31

Three people living in Tel Aviv, Haifa, and Jerusalem embark on distinct journeys that converge at "the file"; their efforts to admit Palestine to the Olympics in the early twentieth century. Their pivotal roles in history have been purposely omitted from official record, kept secret, or forgotten. Why? Because of the "Nazi Olympics" in 1936 in Berlin. And because of the death in 1972 of eleven Israeli Olympic athletes in the Munich Massacre. This book narrates the previously untold history of a Palestine Olympic Committee recognized before the creation of the State of Israel in 1948. It sheds light on some of the darkest events in sport history, exposing secretive relationships behind the doors of the Jerusalem YMCA, Nazi agitation, arrests, internments, and other intrigue in the complicated history of Israeli and Palestinian sport. *The File* breaks new ground at the intersection of sport and politics—illuminating the hope, tension, and horror of the 20s, 30s, and 40s, the creation of the State of Israel and the Palestinian refugees, and the resulting guerrilla attack at the Olympics in Munich in 1972—and reveals a handful of heroes whose impact on athletes and international sport competitions is still felt today. Consultant and researcher San Charles Haddad weaves a true and masterful tale of forgotten personalities in a conflict characterized by unabated venom, bringing hope and new questions in his wake. What will be the future of Israel and Palestine, and how might sport play a restorative role in the twenty-first century?

Studying Peoples in the People's Democracies - Mihály Sárkány 2005

Under socialism the anthropological sciences developed under conflicting pressures: on the one hand Soviet influences, Marxist ideology and institutional changes, on the other the continued influence of national traditions and of the distinction between *Volkskunde* and *Volkerkunde*. The chapters bring out striking differences between the countries considered: the German Democratic Republic, Poland, Czechoslovakia and Hungary. They also draw attention to variation within countries, and between sub-branches of the discipline. Coverage extends from the Stalinist years to the end of the socialist era, and the topics range from folklore studies at home to fieldwork expeditions abroad.

Lernen S' Geschichte, Herr Reporter! - Ulrich Brunner 2020-07-23

Dem Mythos Bruno Kreisky auf der Spur Wie war es als Journalist, einen Politiker mit Ecken und Kanten wie Bruno Kreisky aus nächster Nähe zu erleben? Ulrich Brunner, der einst von Kreisky mit dem legendären Zitat "Lernen S' Geschichte!" angegangen wurde, erzählt von seinen Begegnungen mit dem Staatsmann und lässt uns hinter die Kulissen blicken. Wie unterschieden sich Privatmann und öffentliche

Person? Woher kamen seine politischen Ambitionen? Wie hat er die Politik Österreichs nachhaltig geprägt?
- Porträt eines herausragenden SPÖ-Politikers: Wie Kreiskys Biografie mit der Entwicklung der Zweiten Republik verschränkt ist - Packend geschrieben, mit Insiderwissen, über das nur wenige verfügen: Ulrich Brunners Erinnerungen an den Jahrhundertkanzler - Willy Brandt, Olof Palme, Otto Bauer, Dr. Karl Renner: Welche Persönlichkeiten beeinflussten Kreiskys politisches Selbstverständnis? - Der Sozialdemokratie verpflichtet: Wie die Unterdrückung durch den Austrofaschismus Kreisky prägte Lieber Staatsschulden und dafür Vollbeschäftigung: Die Prioritäten des Staatsmannes Kreisky Arbeitslose hätten ihm mehr schlaflose Nächte bereitet als weniger Geld in der Staatskasse: Durch solche und andere Zitate, oft aus dem berühmten Pressefoyer entnommen, ist Kreisky auch heute noch im politischen Gedächtnis präsent. Ulrich Brunner, selbst jahrzehntelang Mitglied der Sozialdemokratischen Partei Österreichs, begann seine Karriere bei der Arbeiterzeitung und war schließlich beim ORF beschäftigt. In diesem Sachbuch kommentiert er die Ära Kreisky ebenso kenntnis- wie anekdotenreich aus der Perspektive des Journalisten und Wegbegleiters. Dadurch ist ihm eine Biografie gelungen, die den Mythos Kreisky durchaus kritisch hinterfragt und die Geschichte der SPÖ nachzeichnet - eine genauso unterhaltsame wie informative Reise durch die Nachkriegsgeschichte Österreichs!

Semiotics at the Circus - Paul Bouissac 2010

Semiotics is long on theoretical, often obscure discourses, but short on applications that demonstrate with clarity the applicability of its methods. This book confronts a challenging object, the circus, and endeavors to describe its performances in ways that explain how circus acts produce meaning and cause a deep emotional involvement for their audiences. The approach is not top-down, such as would be a method that would dogmatically apply a particular theory to fully explain the phenomena in terms of this theory alone. Epistemologically, this book is an example of the bottom-up strategy, which consists of considering first the objects and heuristically calling upon methodological resources in a broad theoretical array to come to grips with the problems that are encountered. Any circus act is a complex event that has cognitive and emotional dimensions. It is also a part of a history and an institution, and cannot be abstracted from its cultural and sociological contexts. Thus the range of relevant theoretical and methodological approaches must include structural semiotics, biosemiotics, pragmatics, socio-semiotics, cultural anthropology, the cognitive sciences, the psychology and sociology of emotions, to name only the most important. But the ultimate focus of this book is to enable the readers to better understand the meaning of circus performances and to appreciate the skills and creativity of this traditional popular art, which constantly renews itself from generation to generation.

Shibumi Rule Book - Cameron Browne

Dentists - Mary Meinking 2020-08

Open wide! Dentists care for people's teeth. Give readers the inside scoop on what it's like to be a dentist. Readers will learn what dentists do, the tools they use, and how people get this exciting job.

Der Messias - George Frideric Handel 1902

Vital Records of Bridgewater, Massachusetts, to the Year 1850 - Bridgewater (Mass. : Town) 1916

Cities of Europe - Yuri Kazepov 2011-07-15

Cities of Europe is a unique combination of book and CD-ROM examining the effects of recent socio-economic transformations on western European cities. A unique combination of book and CD-ROM examining the effects of recent socio-economic transformations on western European cities. Focuses on the interplay between segregation, social exclusion and governance issues in these cities. Takes a comparative approach by highlighting the specifics of European cities vis-à-vis other urban contexts and analysing the intra-European differences. The CD-ROM features a series of 2,000 photographs from seventeen cities (Amsterdam, Antwerp, Barcelona, Berlin, Birmingham, Brussels, Bucharest, Helsinki, London, Milan, Naples, New York, Paris, Rotterdam, Tirana, Turin, and Utrecht). Also features 126 thematic maps, interviews with established scholars, and literature reviews. The book and the CD-ROM are linked through an extensive cross-referencing system.

The World's Fastest Place - Alexandra Lier 2015-10

The passionate culture of speed record chasers, set in the amazing landscape of the Utah salt flats

Governance, Citizenship and the New European Football Championships - Wolfram Manzenreiter 2013-09-13

Over the past decade, European football has seen tremendous changes impacting upon its international framework as well as local traditions and national institutions. Processes of Europeanization in the fields of economy and politics provided the background for transformations of the production and consumption of football on a transnational scale. In the course of such rearrangements, football tournaments like the UEFA Championship or the European Champions League turned into mega-events and media spectacles attracting ever-growing audiences. The experience of participating in these events offers some of the very few occasions for the display and embodiment of identities within a European context. This volume takes the 2008 EUROs hosted by Austria and Switzerland as a case study to analyze the political and cultural significance of the tournament from a multidisciplinary angle. What are the special features and spatial arrangements of a UEFAesque Europe, in comparison to alternative possibilities of a Europe? Situating the sport tournament between interpretations of collective European ritual and European spectacle, the key research question will ask what kind of Europe was represented in the cultural, political and economic manifestations of the 2008 EUROs. This book was published as a special issue of Soccer and Society.

Hermann Maier - Hermann Maier 2005

Hermann ""The Herminator"" Maier, born in 1972, rose from humble beginnings as a scrawny mason to the heights of sports stardom, skiing to four world champion titles and two gold medals in super-G and giant slalom. All that changed in 2001, when a motorcycle accident threatened to end not only his career but his life. True to his reputation, Maier fought his way back to the slopes and further victories. This compelling biography, which includes insightful text selections by Maier himself, tells a riveting story of flirting with death and dodging it through sheer willpower, of painful recoveries and worldwide triumphs. The dramatic text and many color and black-and-white photographs cover Maier's highs and lows, including his appearance at the 1998 Olympic Games at Nagano, where he stunned millions in what has become the most notorious downhill crash of all time. This best-selling biography profiles a man who is a superstar in every sense.
