Moby Dick - Herman Melville 2007-09-01

Call me Ishmael. I have set sail on a whaling ship to try my hand at whaling. But our captain has his own prey. We have been traveling the seas looking for the white whale, Moby Dick, who causes destruction wherever he swims. Will we survive a battle with the great whale? Find out in this stunning graphic novel adaptation of Herman Melville's classic by Rod Espinosa. Creator biographies and a glossary help reluctant readers take the first step on the road to classic literature.

Natural Selection - Gary Giddins 2006

Giddins brings together the best of his previously uncollected essays, including a few written expressly for this volume. Writing with insight, humor, and a famously deft touch, he offers sharp-edged perspectives on such diverse subjects as Federico Fellini, Bob Dylan, and the cartoon version of "Animal Farm."

Picturing a Nation - David M. Lubin 1994-01-01

Art historian David Lubin examines the work of six nineteenth-century American artists to show how their paintings both embraced and resisted dominant social values. Lubin argues that artists such as George Bingham and Lily Martin Spencer were aware of the underlying social conflicts of their time and that their work reflected the nation's ambivalence toward domesticity, its conflicting ideas about child rearing, its racial disharmony, and many other issues central to the formation of modern America.--From publisher description.

Around the World in Eighty Days (Annotated with Biography of Verne and Plot Analysis) - Jules Verne 2013-11-22

Around the World in Eighty Days was published in 1873 and features Phileas Fogg as the protagonist. Fogg, a noble Londoner who lived on Savile Row, had made a wager at the Reform Club, for £20,000 (worth over a million pounds in 21st century value) that he could travel around the world in eighty days. Fogg is a very careful and precise man who has just fired his manservant for bringing him shaving water that was two degrees colder than he asked for. Fogg has a new valet, Jean Passepartout, a young Frenchman, who is looking forward to a quiet life with Phileas. Around the World in Eighty Days is Verne at his most fun - there was plenty of comic relief in the novel. He was able to use his own experience of recent travels to provide background for the narrative. The book was finished under a punishing deadline Verne set for himself - not unlike Fogg's deadline for circumnavigating the world. The book was the most successful in terms of sales during the author's lifetime, selling 108,000 copies before his death. This annotated edition includes a biography and critical essay.

Little Cold Warriors - Victoria M. Grieve 2018-06-21

Both conservative and liberal Baby Boomers have romanticized the 1950s as an age of innocence--of pickup ball games and Howdy Doody, when mom stayed home and the economy boomed. These nostalgic narratives obscure many other histories of postwar childhood, one of which has more in common with the war years and the sixties, when children were mobilized and politicized by the U.S. government, private corporations, and individual adults to fight the Cold War both at home and abroad. Children battled communism in its various guises on television, the movies, and comic books; they practiced safety drills, joined civil preparedness groups, and helped to build and stock bomb shelters in the backyard. Children collected coins for UNICEF, exchanged art with other children around the world, prepared for nuclear war through the Boy and Girl Scouts, raised funds for Radio Free Europe, sent clothing to refugee children, and donated books to restock the diminished library shelves of war-torn Europe. Rather than rationing and saving, American children were encouraged to spend and consume in order to maintain the engine of American prosperity. In these capacities, American children functioned as ambassadors, cultural diplomats, and representatives of the United States. Victoria M. Grieve examines this politicized childhood at the peak of the Cold War, and the

many ways children and ideas about childhood were pressed into political service. Little Cold Warriors combines approaches from childhood studies and diplomatic history to understand the cultural Cold War through the activities and experiences of young Americans.

Simultaneous.

Classics Illustrated - William B. Jones 2002

From 1941 to 1971, the well-loved yet controversial *Classics Illustrated* series brought abridged, comics-style versions of literary masterpieces such as Homer's *Odyssey*, Shakespeare's *Hamlet*, Goethe's *Faust*, and Hugo's *Les Misérables* to millions of children and adults worldwide.

Founded by Russian Jewish immigrant Albert Kanter at the dawn of the Golden Age of comics, the series used the comic-book form to introduce young readers to the works of Melville, Dickens, Stevenson, Twain and other authors. This work tells the story of Kanter's enterprise and examines the cultural significance of the most successful publication of its kind in the context of the times in which it was published. Attention is given to the evolving mission of *Classics Illustrated* to bring serious literature to popular culture; the publication's ability to stand up to the anti-comics hysteria of the early 1950s; the growth of subsidiary educational series encompassing folklore, mythology, history, and science; and the unsuccessful attempts to revive the series in the 1990s. The careers and contributions of each of the artists are covered, and the text is supplemented by quotations from exclusive interviews and correspondence with such illustrators as George Evans, Gray Morrow, Lou Cameron, Norman Nodel and Rudolph Palais. Detailed appendices provide artist attributions and the contents of each issue in every *Classics Illustrated*-related series. More than 200 illustrations offer a generous sample of what drew millions of readers to the *World's Finest Juvenile Publication*.

The Bookseller - 1915

Robin Hood - Annie Ingle 2011-08-31

Life in Sherwood Forest has never been livelier than with this selection of tales of the fun-loving outlaw and his merry men. A fast-moving adaptation of the classic adventure will delight older slow readers as well as kids reading on grade level.

Daniel Boone - John Bakeless 2017-09-15

When the Atlantic seaboard was winning its Revolution against England, and the new West, undecided which camp to join, hung back, one man stood out among the scattered handful of pioneers who were opening the great road to the plains... ...a stirring blend of biography, Americana, and history restoring in complete, human, authentic detail one of the most thrilling stories in our American past. In pages as exciting as an old dime novel, John Bakeless introduces to us all Daniel Boone—trapper, Indian fighter, contact to the forest people, surveyor of the Dark and Bloody Ground, law-giver to unruly frontier settlers, pathfinder, hunter... a figure already half-legendary in his own time. To explore the legend and recreate reality is John Bakeless's achievement in this unmatched adult biography of a man and an era. Drawing upon much hitherto unpublished material, he sorts fact and fancy to provide this documented portrait...and at the same time, a stirring chronicle that captures the spirit of these uniquely America, heroic decades.

The Time Machine - H.G. Wells 2021-07-20

A beautifully designed edition of one of the most beloved science fiction novels of all time... First published in 1895, *The Time Machine* won author H.G. Wells immediate recognition and has been regarded ever since as one of the great masterpieces in the literature of science fiction. It popularized the concept of time travel and introduced the concept of a "time machine" device that could travel forwards and backwards through the years. It is the story of one man's astonishing journey beyond the conventional limits of the imagination. One of the most renowned works of science fiction, *The Time Machine* reflects on the adventures of The

Time Traveller - a man who constructs a machine which allows him to explore what the future has to offer. When he courageously steps out of his machine for the first time, he finds himself in the year 802,701—and everything has changed. In this unfamiliar utopian age, creatures seem to dwell together in perfect harmony. Thinking he can study these marvelous beings and unearth their secret then return to his own time, he discovers that his only avenue of escape, his invention, has been stolen. Wells is generally credited with the popularization of the concept of time travel by using a vehicle that allows an operator to travel purposefully and selectively. The term "time machine", which was coined by Wells, is now universally used to refer to such a vehicle. The book has been adapted for a number of films and television shows, as well as inspiring other science fiction writers.

Comic Book-17ed - Robert M. Overstreet 1987-03

Classics Illustrated - William B. Jones, Jr. 2011-09-29

A significant expansion of the critically acclaimed first edition, *Classics Illustrated: A Cultural History*, 2d ed., carries the story of the Kanter family's series of comics-style adaptations of literary masterpieces from 1941 into the 21st century. This book features additional material on the 70-year history of *Classics Illustrated* and the careers and contributions of such artists as Alex A. Blum, Lou Cameron, George Evans, Henry C. Kiefer, Gray Morrow, Rudolph Palais, and Louis Zansky. New chapters cover the recent Jack Lake and Papercutz revivals of the series, the evolution of *Classics* collecting, and the unsung role of William Kanter in advancing the fortunes of his father Albert's worldwide enterprise. Enhancing the lively account of the growth of "the World's Finest Juvenile Publication" are new interviews and correspondence with editor Helene Lecar, publicist Eleanor Lidofsky, artist Mort Künstler, and the founder's grandson John "Buzz" Kanter. Detailed appendices provide artist attributions, issue contents and, for the principal *Classics Illustrated*-related series, a listing of each printing identified by month, year, and highest reorder number. New U.S., Canadian and British series have been added. More than 300 illustrations—most of them new to this edition—include photographs of artists and production staff, comic-book covers and interiors, and a substantial number of original cover paintings and line drawings.

Includes photos, a listing of comic book shops, marketing tips and publication dates. Illustrated. (Antiques/Collectibles)

Restricted Data - Alex Wellerstein 2021-04-09

"Nuclear weapons, since their conception, have been the subject of secrecy. In the months after the dropping of the atomic bombs on Hiroshima and Nagasaki, the American scientific establishment, the American government, and the American public all wrestled with what was called the "problem of secrecy," wondering not only whether secrecy was appropriate and effective as a means of controlling this new technology but also whether it was compatible with the country's core values. Out of a messy context of propaganda, confusion, spy scares, and the grave counsel of competing groups of scientists, what historian Alex Wellerstein calls a "new regime of secrecy" was put into place. It was unlike any other previous or since. Nuclear secrets were given their own unique legal designation in American law ("restricted data"), one that operates differently than all other forms of national security classification and exists to this day. Drawing on massive amounts of declassified files, including records released by the government for the first time at the author's request, *Restricted Data* is a narrative account of nuclear secrecy and the tensions and uncertainty that built as the Cold War continued. In the US, both science and democracy are pitted against nuclear secrecy, and this makes its history uniquely compelling and

timely"--

The Prisoner of Zenda - Lloyd S. Wagner 2010

The Prisoner of Zenda is the classic romantic adventure! When Rudolf Rassendyll decides to take a journey to see his distant cousin crowned king of Ruritania, it soon becomes apparent that it is not going to be a normal trip.

The Glass Castle - Jeannette Walls 2007-01-02

A triumphant tale of a young woman and her difficult childhood, The Glass Castle is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.

Davy Crockett - Janet Bengé 2011

Growing up in Greene County, Tennessee, Davy Crockett's education came from the toil of hard labor. Working as a farm hand and wagon driver, he learned about the people and the land of the West -- and he was captivated. The untamed wilderness, the sound of wild animals, and the roar of the river would be his destiny. One of America's best-known folk heroes, Crockett served as a frontiersman, a scout, a soldier, and a politician in the U.S. Congress. He died defending the Alamo, a steadfast citizen and heroic leader to the very end.
