Now and Then We Time Travel - Fraser A. Sherman 2017-02-06

More than 400 films and 150 television series have featured time travel—stories of rewriting history, lovers separated by centuries, journeys to the past or the (often dystopian) future. This book examines some of the

roles time travel plays on screen in science fiction and fantasy. Plot synopses and credits are listed for films and TV series from England, Canada, the UK and Japan, as well as for TV and films from elsewhere in the world. Tropes and plot elements are highlighted. The author discusses philosophical questions about time travel, such as the logic of timelines, causality (what's to keep time-travelers from jumping back and correcting every mistake?) and morality (if you correct a mistake, are you still guilty of it?).

Subjectivity in Asian Children's Literature and Film - John Stephens 2012-11-12

Winner of the Children's Literature Association Honor Book Award This volume establishes a dialogue between East and West in children's literature scholarship. In all cultures, children's literature shows a concern to depict identity and individual development, so that character and theme pivot on questions of agency and the circumstances that frame an individual's decisions and capacities to make choices and act upon them. Such issues of selfhood fall under the heading subjectivity. Attention to the representation of subjectivity in literature enables us to consider how values are formed and changed, how emotions are cultivated, and how maturation is experienced. Because subjectivities emerge in social contexts, they vary from place to place. This book brings together essays by scholars from several Asian countries — Japan, India, Pakistan, Korea, Vietnam, Taiwan, Australia, Thailand, and The Philippines — to address subjectivities in fiction and film within frameworks that include social change, multiculturalism, post-colonialism, globalization, and glocalization. Few scholars of western children's literature have a ready understanding of what subjectivity entails in children's literature and film from Asian countries, especially where Buddhist or Confucian thought remains influential. This volume will impact scholarship and pedagogy both within the countries represented and in countries with established traditions in teaching and research, offering a major contribution to the flow of ideas between different academic and educational cultures.

A Brief History of Comic Book Movies - Wheeler Winston Dixon 2017-01-05

A Brief History of Comic Book Movies traces the meteoric rise of the hybrid art form of the comic book film. These films trace their origins back to the early 1940s, when the first Batman and Superman serials were made. The serials, and later television shows in the 1950s and 60s, were for the most part designed for children. But today, with the continuing rise of Comic-Con, they seem to be more a part of the mainstream than ever, appealing to adults as well as younger fans. This book examines comic book movies from the past

and present, exploring how these films shaped American culture from the post-World War II era to the present day, and how they adapted to the changing tastes and mores of succeeding generations.

The Monster Hunter in Modern Popular Culture - Heather L. Duda 2014-01-10

As monsters in popular media have evolved and grown more complex, so have those who take on the job of stalking and staking them. This book examines the evolution of the contemporary monster hunter from Bram Stoker's Abraham Van Helsing to today's non-traditional monster hunters such as Blade, Buffy the Vampire Slayer, and Watchmen. Critically surveying a diverse range of books, films, television shows, and graphic novels, this study reveals how the monster hunter began as a white, upper-class, educated male and became everything from a vampire to a teenage girl with supernatural powers. Now often resembling the monsters they've vowed to conquer, modern characters occupy a gray area where the battle is often with their own inner natures as much as with the "evil" they fight.
