Muscle Shoals Sound Studio - Carla Jean Whitley 2019-01-28

The chronicle of the legendary Alabama studio brings to life decades of rock, blues, and R&B history from The Rolling Stones to The Black Keys. An estimated four hundred gold records have been recorded in the Muscle Shoals area. Many of those are thanks to Muscle Shoals Sound Studio and the session musicians known as the Muscle Shoals Rhythm Section—also dubbed “the Swampers.” Some of the greatest names in rock, R&B and blues laid tracks in the original, iconic concrete-block building, including Cher, Lynyrd Skynyrd, and scores of others. The National Register of Historic Places now recognizes that building, where Lynyrd Skynyrd recorded the original version of “Free Bird” and the Rolling Stones wrote “Brown Sugar” and “Wild Horses.” By combing through decades of articles and music reviews related to Muscle Shoals Sound, music writer Carla Jean Whitley reconstructs the fascinating history of how the Alabama studio created a sound that reverberates

across generations.

My Bodyworks - Jane F. Schoenberg 2005

Presents the verses to the twelve songs on the included CD about the body, discussing teeth, bones, breathing, and passing gas.

Jazz A-B-Z - Wynton Marsalis 2005-10-25
Profiles twenty-six of the jazz greats of all time, from Count Basie to
Louis Armstrong, through a review of their work, their life stories, and
their greatest hits by one of today's top jazz performers. A is for
"almighty" Louis Armstrong, whose amazing artistry unfolds in an
accumulative poem shaped like the letter he stands for. As for sax master
Sonny Rollins, whose "robust style radiates roundness," could there be a
better tribute than a poetic rondeau? In an extraordinary feat, Pulitzer
Prize-winning jazz composer Wynton Marsalis harmonizes his love and
knowledge of jazz's most celebrated artists with an astounding diversity
of poetic forms-from simple blues (Count Basie) to a complex pantoum
(Charlie Parker), from a tender sonnet (Sarah Vaughan) to a performance
poem snapping the rhythms of Art Blakey to life.

American Sonnets for My Past and Future Assassin - Terrance Hayes
2018-06-19

Finalist for the National Book Award and the National Book Critics Circle
Award in Poetry One of the New York Times Critics' Top Books of 2018 A
powerful, timely, dazzling collection of sonnets from one of America's
most acclaimed poets, Terrance Hayes, the National Book Award-winning
author of *Lighthouse* "Sonnets that reckon with Donald Trump's America."
-The New York Times In seventy poems bearing the same title, Terrance

Hayes explores the meanings of American, of assassin, and of love in the sonnet form. Written during the first two hundred days of the Trump presidency, these poems are haunted by the country's past and future eras and errors, its dreams and nightmares. Inventive, compassionate, hilarious, melancholy, and bewildered--the wonders of this new collection are irreducible and stunning.

Hip Logic - Terrance Hayes 2002-05-28

The second collection of poetry from the author of *Lighthouse*, winner of the 2010 National Book Award Watch for the new collection of poetry from Terrance Hayes, *American Sonnets for My Past and Future Assassin*, coming in June of 2018 Terrance Hayes is a dazzlingly original poet, interested in adventurous explorations of subject and form. His new work, *Hip Logic*, is full of poetic tributes to the likes of Paul Robeson, Big Bird, Balthus, and Mr. T, as well as poems based on the anagram principle of words within a word. Throughout, Hayes's verse dances in a kind of homemade music box, with notes that range from tender to erudite, associative to narrative, humorous to political. *Hip Logic* does much to capture the nuances of contemporary male African American identity and confirms Hayes's reputation as one of the most compelling new voices in American poetry.

Muscular Music - Terrance Hayes 1999

The poems in Terrance Hayes's book, *Muscular Music*, are atypical of most writers' first books of poetry. One cannot categorize these poems

simply as confessional, narrative, or lyrical. They are all these things at once. They move beyond usual explorations of childhood or family to blend themes and influences that range from Neruda to Coltrane, Fat Albert to Orpheus, John Shaft to Gershwin. This book gives us an almost Whitmanesque account of an America, and an African American, replete with grace and imperfection. Moreover, it gives us a voice that does not sacrifice truth for music or music for accessibility. At the end of a poem that includes Bill Strayhorn, Andrew Carnegie, and Dante, Hayes says, I know one of the rings of hell is reserved for men who refuse to weep. So I let it come. And it does not move from me. These lines reflect what is always at the core of Hayes's poetry: a faithfulness, not to traditional forms or themes, but to heart and honesty. It is a core bounded by and cradled by a passion for the music in all things.

Music and Mystique in Muscle Shoals - Christopher M. Reali 2022-07-19
The forceful music that rolled out of Muscle Shoals in the 1960s and 1970s shaped hits by everyone from Wilson Pickett and Aretha Franklin to the Rolling Stones and Paul Simon. Christopher M. Reali's in-depth look at the fabled musical hotbed examines the events and factors that gave the Muscle Shoals sound such a potent cultural power. Many artists trekked to FAME Studios and Muscle Shoals Sound in search of the sound of authentic southern Black music—and at times expressed shock at the mostly white studio musicians waiting to play it for them. Others hoped to draw on the hitmaking production process that defined the scene. Reali also chronicles the overlooked history of Muscle Shoals's impact on country music and describes the region's recent transformation into a tourism destination. Multifaceted and informed, *Music and Mystique in Muscle Shoals* reveals the people, place, and

events behind one of the most legendary recording scenes in American history.
