Deeper Insight into Nigeria'S Public Administration - Banji Oyeniran Adediji 2013-12-18

Deeper Insight into Nigerias Public Administration is a collection of a wider range of Public Administration topics to which scholars and authors have devoted attention in recent time. Here is a lucidly written and presented book, which selective scholars, researchers and readers would find indispensably useful to procure for personal and institutional librarians. *Inside the Nigerian Civil Service* - A. A. Olagboye 2005

Corruption and Environmental Law - Ignatius Adeh 2010

Dr. Adeh's work is a rich contribution to the

discourse on oil resources and the twin problems of corruption and ecological degradation in Nigeria with lessons for other sub-Saharan African countries. It is indeed a purposeful scientific work on a theme of substantial contemporary interest, both practical and theoretical. He presents a compelling case on how to dethrone both problems of corruption and environmental degradation and enthrone a lasting sustainable development in the Niger Delta.

National Security, Democracy, & Good Governance in Post-Military Rule Nigeria, Volume One - Dr. Dan Mou 2016-12-30

This book shows that the security, economic, political, and social problems challenging national security, democracy, and good governance currently in Nigeria would get better or worse, depending on what happens to the seventy-one percent (71%) of Nigeria's population still living below poverty line. This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few

decades. It reveals that one does not need to be a “political prophet” to predict that if these challenges are not successfully addressed through good governance and inclusive growth, this country will witness the worst civil disobedience, violence, revolts, militancy, breakdown of law and order, more kidnappings, and more of the citizens trying to “check out” of the country to other parts of the world in future. It concludes, however, that under such intense pressures, the Government of Nigeria, even if it is simply for its self-preservation, will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria. These are the ones who have, for long, captured and hijacked state power and the resources of the country for their exclusive use.

Merger Politics of Nigeria and Surge of Sectarian Violence - James Ohwofasa Akpeninor
2013-03-04

The book evaluates the unrelenting waves of ethno-religious and political conflicts with regards to the danger posed to the emerging democratic process in Nigeria by exploring the prevalence of ethno-religious conflicts in Nigeria as an upshot of predisposed confliction of colonialism, heightened by military authoritarianism and consolidated by the contradictions entrenched in the Nigerian federalism. It is against the ambience of extreme ethnic agitations and hostilities in the recent times, that the initiative of this book is predicated on spotlighting conflicts in Nigeria and Africa by extension whilst accentuating the escalation of violence amid implication for national security and the countrys corporate existence.

Corruption in Africa - John Mukum Mbaku 2007
Corruption in Africa makes a significant contribution to the study of the impacts and

eradication of corruption in African societies. John Mukum Mbaku offers a comprehensive analysis of the causes of public malfeasance in African countries and provides a number of practical and effective policy options for change. This book demonstrates the destructive relationship between corruption and the abrogation of economic freedoms and entrepreneurship, a system that has clearly left Africa as one of the most deprived regions in the world. Utilizing the tools of public choice theory, Mbaku emphasizes the important role that institutions have in corruption control and he recommends reconstructive democratic constitutions as the most effective means of development. Until African states provide their people with institutional arrangements that adequately constrain the state and enhance wealth production, the living standards in the continent will continue to deteriorate. Corruption in Africa is a fascinating and informative text that will appeal to those interested in African studies and developmental policies.

The Law of Banking in Nigeria - Enyia, Jacob Otu
2019-08-23

The Law of Banking in Nigeria - Principles, Statutes and Guidelines captures the general principles of banking law, statutes and guidelines relating to banking transactions. The book is presented in a very simple, precise, and clear language and contains three parts of thirty-one chapters in all covering the general principles of banking. It should create considerable awareness among the general public, law students, law teachers, bank customers as well as banks and bankers. Most certainly, it is a book that will assist the students and researchers in this area of law in wading through the general principles of banking law as well as the numerous Legislation and Guidelines

on banking business.

Hours of Work - International Labour Office
2005

This survey examines the content and application of ILO Conventions relating to minimum standards of working hours (particularly Convention no. 1 and no. 30 covering maximum hours of work for industrial workers, and those in offices and commercial sectors respectively) as a basis for reviewing the existing system of international regulation of work time arrangements. Topics covered include: methods of application, including legislation, collective agreements and arbitration awards; normal and actual hours of work; variable distribution of working hours; Convention ratification and enforcement; national policies and practice; and consultation arrangements.

National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two - Dr. Dan Mou 2017-01-12

This book shows that the security, economic, political, and social problems challenging national security, democracy, and good governance currently in Nigeria would get better or worse, depending on what happens to the 71 percent of Nigerias population still living below the poverty line. This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades. It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth, this country will witness worse civil disobedience, violence, revolts, militancy, breakdown of law and order, more kidnappings, and more of the citizens trying to check out of the country to other parts of the world in the future. It concludes, however, that under such intense pressures, the Government of Nigeria, even if it is simply for its self-preservation, will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria. These are the ones who have, for long, captured and hijacked state power and the resources of the country for their exclusive use. There is this perception that Nigerians dont write and read. This perception is deep-seated, even among intellectuals who see our authors as shallow

researchers. But Dr. Dan Mou has debunked that myth and shown that Nigerians can write well-researched and detailed books. It is quite prophetic in its assessment of the Nigerian State (Agbo Agbo, deputy editor, The Nation). Dr. Dan Mou has proven himself a world-class scholar and an intellectual colossus. His reputation as an internationally renowned public policy expert has continued to soar. I congratulate him for these remarkable achievements (Professor Justice Abdul Fatai Kuti, first justice of Abuja High Court and former dean, faculty of law, University of Ado Ekiti, Ekiti State of Nigeria). Dr. Mou is certainly one of the best scholars we have on the African continent. As an educationist myself, before I became a traditional ruler, I agree totally with his analysis and conclusions. I share the optimism Dr. Mou has expressed . . . that once the recommendations therein are adopted and meticulously implemented, with proper monitoring and evaluation of such resultant policies and programmes, Nigeria and indeed Africa would be able to solve most of these challenges (HRH Alh. Dr. Sheban Audu, Nizazo III, Etsu Kwali, Etsu Kwalis Palace, Abuja, Nigeria).

Dismissal in Nigeria Labour Law - Celestine N. Omehia 2011-08-02

It is important to note that this is the second edition of this book and like I rightly pointed out in the first edition, the choice of this title and the subject matter was not a thing of accident. It was predicated upon my observations of the unwholesome Labour Relations in the Nigerian Industrial set-ups. As at the time of making up my mind about this book, there was an unequal balanced relationship between the employers of labour in all segments of our Labour Relations on the one hand and those employed to do any kind of work on the other. The other reason is my realization that there is every need for legal practice to go into minute specialization. We could specialize in every aspect of the law for purposes of effective practice, specialization and representation.

Nigerian Politics - Rotimi Ajayi 2020-12-03

This volume engages in an in-depth discussion of Nigerian politics. Written by an expert group of Nigerian researchers, the chapters provide an overarching, Afrocentric view of politics in Nigeria, from pre-colonial history to the current federal system. The book begins with a series of historical chapters analyzing the development of Nigeria from its traditional political institutions through the First Republic. After establishing the necessary historical context, the next few chapters shift the focus to specific political institutions and phenomena, including the National Assembly, local government and governance, party politics, and federalism. The remaining chapters discuss issues that continue to affect Nigerian politics: the debt crisis, oil politics in the Niger Delta, military intervention and civil-military relations, as well as nationalism and inter-group relations. Providing an overview of Nigerian politics that encompasses history, economics, and public administration, this volume will be useful to students and researchers interested in African politics, African studies, democracy, development, history, and legislative studies.

Human Rights Commissions and Ombudsman Offices - Kamel Hossain 2021-10-18

This volume reflects the findings of a conference organized in preparation of setting up a national human rights commission and ombudsman institution in the Federal Democratic Republic of Ethiopia. The meeting assembled experts in the field of the protection and promotion of human rights, and of the problems of countries in transition from a non-democratic system, characterized by gross violations of human rights, towards a democratic system based on the rule of law and respect for human rights. The book analyses the functioning of national human rights commissions and ombudsman institutions in 23 different countries, by means

of country report written in the main by members of these institutions themselves and containing an assessment of their experience. Many offer relevant constitutional and legislative provisions as well. This volume thus forms a unique collection of materials dealing with national human rights commissions and ombudsman offices.

Federal Establishments Circulars for ... - Nigeria. Office of the Head of the Civil Service of the Federation. Rules and Regulations Division 1978

Nigeria - J. Isawa Elaigwu 2012-06-30
Nigeria has experienced different forms of crises and instability since she became independent on October 1 1960. The country has also been under different forms of rule - from the Westminster system of parliamentary democracy in the First Republic (1960-1966), to prolonged periods of military rule (1966-1979, 1983-1999) to a presidential system of governance (1979-1983, 1999-present). During these periods, there have been several contentious issues that appear to permanently put the country on the precipice. In this collection of essays, Isawa Elaigwu, a professor emeritus of political science reflects on the country's painful political experiences, arguing that it is necessary for Nigerians to understand the past and actively participate in the present in order to create a brighter future for the country. The essays in the book therefore serve as the links between the country's yesterday and today as foundations for the future.

Government regulation on business management

in Nigeria - Abayomi Adekunle 2017-09-20
Project Report from the year 2017 in the subject Politics - International Politics - Region: Africa, , course: Public Administration, language: English, abstract: There are various aims behind the course of this study. The first objective is to highlight the reasons for government regulation on business management in Nigeria. Then, the study examines the role of government regulation in the development of business management in Nigeria and it analyzes the strategies used by government in regulating business management in Nigeria. The last objective is to examine the effects of government regulation on business management in Nigeria. A government formulates many rules and regulations that guide businesses. Businesses will normally change the way they operate according to the influence these rules and regulations have on the competitiveness and profitability of businesses. Business owners must comply with the regulations established by Federal, State and Local Government. Small business is facing many challenges nowadays, none of which are more forbidding than a burden. Federal government regulations and mandates threaten investment and stifle job growths. When the government imposes regulations on small businesses that drive up the cost of doing business, it's like imposing a tax. A tax is a compulsory contribution to the state revenue which the government determines according to the workers' income and business profit and which is also added to the cost of some goods, services and transactions. A government can implement a policy that can change the social behavior in the business environment. For instance, the existence of the Nigeria Breweries Plc operation under the company law regulating the activities of business enterprises is due to the fact that the following itemized law acts have been regulating the activities of this company with the motive of enhancing the social, political and economic growth and development of the country. Some of the agencies responsible for business regulations are the Standard Organization of Nigeria (SON), the Anti-Counterfeiting Collaboration (ACC), the Music Regulation of Nigeria (MRN) etc. Therefore, it is clear that the role of a government is to protect and represent

the interest of the society and the citizenry in which business operates. It can be further said that a government through regulations protects consumers from abuse and ensures efficiency in the use of resources and promotes equitable distribution of income.

Nigeria Mining Laws and Regulations Handbook
Model Rules of Professional Conduct - American Bar Association. House of Delegates 2007
The Model Rules of Professional Conduct provides an up-to-date resource for information

on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.
