**Consumer Price Index Manual** - International Labour Office 2004-08-25

The consumer price index (CPI) measures the rate at which prices of consumer goods and services change over time. It is used as a key indicator of economic performance, as well as in the setting of monetary and socio-economic policy such as indexation of wages and social security benefits, purchasing power parities and inflation measures. This manual contains methodological guidelines for statistical offices and other agencies responsible for constructing and calculating CPIs, and also examines underlying economic and statistical concepts involved. Topics covered include: expenditure weights, sampling, price collection, quality adjustment, sampling, price indices calculations, errors and bias, organisation and management, dissemination, index number theory, durables and user costs.

**Elements of Structural Syntax** - Lucien Tesnière  
2015-02-11

This volume appears now finally in English, sixty years after the death of its author, Lucien Tesnière. It has been translated from the French original into German, Spanish, Italian, and Russian, and now at long last into English as well. The volume contains a comprehensive approach to the syntax of natural languages, an approach that is foundational for an entire stream in the modern study of syntax and grammar. This stream is known today as dependency grammar (DG). Drawing examples from dozens of languages, many of which he was proficient in, Tesnière presents insightful analyses of numerous

guest

phenomena of syntax. Among the highlights are the concepts of valency and head-initial vs. head-final languages. These concepts are now taken for granted by most modern theories of syntax, even by phrase structure grammars, which represent, in a sense, the opposite sort of approach to syntax from what Tesnière was advocating. A Reference Grammar of French - R. E. Batchelor  
2011-07-14

A Reference Grammar of

French is a lively, wide-ranging and original handbook on the structure of the French language. It includes new information on register, pronunciation, gender, number, foreign words (Latin, Arabic, English, Spanish, Italian), adjectives and past participles used as nouns, texting, word order, frequency of occurrence of words, and usage with all geographical names. Examples come not only from France, but also from Quebec, Belgium and Switzerland. Readers will appreciate the initial passages illustrating the grammatical features of a given chapter. Also included is a user-friendly introduction to the French language, from its Latin origins to modern times. A full glossary explains any terms that might confuse the less experienced reader, and the index leads the student through the detailed labyrinth of grammatical features. This handbook will be an invaluable resource for students and teachers who want to perfect their knowledge of all aspects

of French grammar.

**Interpretation** - James Nolan  
2012-10-09

In recent decades the explosive growth of globalization and regional integration has fuelled parallel growth in multilingual conferences. Although conference interpreting has come of age as a profession, interpreter training programs have had varied success,

pointing to the need for an instructional manual which covers the subject comprehensively. This book seeks to fill that need by providing a structured syllabus and an overview of interpretation accompanied by exercises in various aspects of the art. It is meant to serve as a practical guide for interpreters and as a complement to interpreter training programs in the classroom and online, particularly those for students preparing for conference interpreting in international governmental and business settings. This expanded second edition includes additional exercises and provides direct links to a variety of web-based resources and practice speeches, also including additional language combinations.

**Crossing Languages to Play with Words** - Sebastian Knospe 2016-09-26  
Wordplay involving several linguistic codes is an important modality of ludic language. This volume offers a multidisciplinary approach to the topic, discussing examples from different epochs, genres, and communicative situations. The contributions illustrate the multi-dimensionality, linguistic make-up, and the special interactive potential of wordplay across linguistic and cultural boundaries, including the challenging practice of translation.
