Anticipating India - Shekhar Gupta 2014-04-22

How many, in a Mumbai room full of Hermes ties and finance whizkids, are Dalit? What if Mahesh Bhatt's son, David Headley's friend, had been a Muslim? Why is Delhi getting better as a city and Mumbai going downhill? When did the Congress first start shrinking its prime minister? When did it become clear that Narendra Modi would take over his party? Who are the HMTs? And what does an angry Arvind Kejriwal say about us? Raising such questions is the hallmark of Shekhar Gupta's National Interest, the most eagerly awaited news and current affairs column in Indian journalism. Informed by three decades and more of formidable reporting and a credibility that gives Gupta unrivalled access to decision makers in government, politics and

business, the best of these columns in Anticipating India explain and interpret, provoke and predict change for more than a billion people. A riveting first draft of modern Indian history, Anticipating India interprets everything from the successes and failings of Atal Bihari Vajpayee and Manmohan Singh to the ascent of Rahul Gandhi, Narendra Modi and Arvind Kejriwal, from the forces that have deepened Indian federalism and constitutionalism to the public mood that keeps a check on excesses in the use of political power. Each chapter in Anticipating India, in its questioning of power, its use and abuse, carries within it ideas of India that challenge conventional wisdom, shatter stereotypes and, in the end, question our long-held assumptions of who we are as a nation and a people.

Hindi Film Songs and the Cinema - Anna Morcom 2017-07-05

Since their beginnings in the 1930s, Hindi films and film songs have dominated Indian public

culture in India, and have also made their presence felt strongly in many global contexts. Hindi film songs have been described on the one hand as highly standardized and on the other as highly eclectic. Anna Morcom addresses many of the paradoxes eccentricities and myths of not just Hindi film songs but also of Hindi cinema by analysing film songs in cinematic context. While the presence of songs in Hindi films is commonly dismissed as purely commercial this book demonstrates that in terms of the production process, musical style, and commercial life, it is most powerfully the parent film that shapes and defines the film songs and their success rather than the other way round. While they constitute India's still foremost genre of popular music, film songs are also situational, dramatic sequences, inherently multi-media in style and conception. This book is uniquely grounded in detailed musical and visual analysis of Hindi film songs, song sequences and films as well as a wealth of ethnographic material from the Hindi

film and music industries. Its findings lead to highly novel ways of viewing Hindi film songs, their key role in Hindi cinema, and how this affects their wider life in India and across the globe. It will be indispensable to scholars seeking to understand both Hindi film songs and Hindi cinema. It also forms a major contribution to popular music, popular culture, film music studies and ethnomusicology, tackling pertinent issues of cultural production, (multi-)media, and the cross-cultural use of music in Hindi cinema. The book caters for both music specialists as well as a wider audience.

The Eastern Gate - Sudeep Chakravarti

2022-01-06

Traders, Pushers, Soldiers, Spies. A pivot for India's Act-East policy. The gateway to a future of immense possibilities from hydrocarbons to regional trade over land and water that could create a new Silk Route. A bulwark against China. A cradle of climate change dynamics and migration. 'Northeast' India, the appellation with

which India's far-east is known, is all this and more. Alongside hope and aspiration, it is also home to immense ethnic and communal tension, and a decades-old Naga conflict and the high-profile peace process that involves four gateway states—Nagaland, Manipur, Arunachal Pradesh and Assam—and several million people. It's among the most militarized zones in the world. It's a playground of corruption and engineered violence. Only real peace, and calm in both Myanmar and Bangladesh, will unlock this Eastern gate. A keen observer and frequent chronicler of the region, Sudeep Chakravarti has for several years offered exclusive insights into the Machiavellian—Chanakyan—world of the Naga and other conflicts and various attempts to resolve these. He now melds the skills of a journalist, analyst, historian and ethnographer to offer inside stories and a ringside view to the tortuous, no-holds-barred attempts at resolving conflict. Employing a 'dispatches' style of storytelling, and interviews with rebel leaders,

politicians, bureaucrats, policymakers, security specialists and operatives, gunrunners, 'narcos', peace negotiators and community leaders, Chakravarti's narrative provides a definitive guide to the transition from war to peace, even as he keeps a firm gaze on the future. The Eastern Gate is a tour de force that captures this story of our times.

Gandhi - Jad Adams 2011

The pre-eminent political and spiritual leader of India's independence movement, pioneer of non-violent resistance to tyranny through mass civil disobedience (satyagraha), honoured in India as 'father of nation', Mohandas K. Gandhi has

inspired movements for civil rights and political freedom across the world. Jad Adams offers a concise and elegant account of Gandhi's life: from his birth and upbringing in a small princely state in Gujarat during the high noon of the British Raj, to his assassination at the hands of a Hindu extremist in 1948 only months after the birth of the independent India which he himself he had done so much to bring about. He delineates the principal events of a career that may truly be said to have changed the world: his training as a barrister in late Victorian London; his civil rights work in Boer War-era South Africa; his leadership of the Indian National Congress; his focus on obtaining self-government and control of all Indian government institutions, and the campaigns of non-cooperation and non-violence against British rule in India whereby he sought to achieve that aim (including the famous 'Salt March' of March/April 1930); his passionate opposition to partition in 1947 and his fasts-unto-death in a

bid to end the bitter and bloody sectarian violence that attended it. Jad Adams's accessible and thoughtful biography not only traces the outline of an extraordinary life with exemplary clarity, but also examines why Mahatma Gandhi and his teachings are still profoundly relevant today.

Against Our Will - Susan Brownmiller
2013-09-24

Susan Brownmiller's groundbreaking bestseller uncovers the culture of violence against women with a devastating exploration of the history of rape—now with a new preface by the author

exposing the undercurrents of rape still present today Rape, as author Susan Brownmiller proves in her startling and important book, is not about sex but about power, fear, and subjugation. For thousands of years, it has been viewed as an acceptable "spoil of war," used as a weapon by invading armies to crush the will of the conquered. The act of rape against women has long been cloaked in lies and false justifications. It is ignored, tolerated, even encouraged by governments and military leaders, misunderstood by police and security organizations, freely employed by domineering husbands and lovers, downplayed by medical and legal professionals more inclined to "blame the victim," and, perhaps most shockingly, accepted in supposedly civilized societies worldwide, including the United States. *Against Our Will* is a classic work that has been widely credited with changing prevailing attitudes about violence against women by awakening the public to the true and continuing tragedy of rape

around the globe and throughout the ages. Selected by the New York Times Book Review as an Outstanding Book of the Year and included among the New York Public Library's Books of the Century, *Against Our Will* remains an essential work of sociological and historical importance.

Lifespan - David A. Sinclair 2019-09-10
A NEW YORK TIMES BESTSELLER "Brilliant and enthralling." —The Wall Street Journal A paradigm-shifting book from an acclaimed Harvard Medical School scientist and one of Time's most influential people. It's a seemingly undeniable truth that aging is inevitable. But what if everything we've been taught to believe about aging is wrong? What if we could choose our lifespan? In this groundbreaking book, Dr. David Sinclair, leading world authority on genetics and longevity, reveals a bold new theory for why we age. As he writes: "Aging is a disease, and that disease is treatable." This eye-opening and provocative work takes us to the

frontlines of research that is pushing the boundaries on our perceived scientific limitations, revealing incredible breakthroughs—many from Dr. David Sinclair's own lab at Harvard—that demonstrate how we can slow down, or even reverse, aging. The key is activating newly discovered vitality genes, the descendants of an ancient genetic survival circuit that is both the cause of aging and the key to reversing it. Recent experiments in genetic reprogramming suggest that in the near future we may not just be able to feel younger, but actually become younger. Through a page-turning narrative, Dr. Sinclair invites you into the process of scientific discovery and reveals the emerging technologies and simple lifestyle changes—such as intermittent fasting, cold exposure, exercising with the right intensity, and eating less meat—that have been shown to help us live younger and healthier for longer. At once a roadmap for taking charge of our own health destiny and a bold new vision for the future of

humankind, Lifespan will forever change the way we think about why we age and what we can do about it.

Babur-nama - Babur (Emperor of Hindustan)
1989

Testimony - C. A. J. Coady 1992-04-16
The role of testimony in the getting of reliable belief or knowledge is a central but neglected epistemological issue. Western philosophical tradition has paid scant attention to the individual thinker's reliance upon the word of others; yet we are in fact profoundly dependent on others for a vast amount of what any of us claims to know. Professor Coady begins by exploring the nature and depth of our reliance

upon testimony, addressing the complex definitional puzzles surrounding the idea. He analyses the tradition of debate on the topic in order to reveal the epistemic individualism which has given rise to an illusory ideal of 'autonomous knowledge', and to gain a deeper understanding of the issues. He concludes this part of the book by showing what a feasible justification of testimony as a source of knowledge could be. In the second half of the book the author uses this new view of testimony to challenge certain widespread assumptions in the fields of history, mathematics, psychology, and law.

Gaban - Premchand, 2002-10-10

Gaban, first published in 1931, five years before Premchand's death, gives us a fascinating glimpse of north Indian society, and especially of the author's own Kayasth community. But this novel also serves to put forth his own deeply-held views of the ills of that society - the insatiable love of its women for personal

adornment, its failure to create fulfilling marriage relationships, and its moral corruption. This is a felicitous translation by Christopher R. King and will enable many readers to appreciate Premchand's important novel, available for the first time in English

Patricia Highsmith: Her Diaries and Notebooks:

1941-1995 - Patricia Highsmith 2021-11-16

New York Times • Times Critics Top Books of 2021 The Times (of London) • Best Books of the Year Excerpted in The New Yorker Profiled in The Los Angeles Times Publishing for the centenary of her birth, Patricia Highsmith's diaries "offer the most complete picture ever published" of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of "our greatest modernist writers" (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith refused to authorize a biography, instead

sequestering herself in her Switzerland home in her final years. Posthumously, her devoted editor Anna von Planta discovered her diaries and notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft. This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith’s personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering on the egotistical, young “Pat” lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O’Conner and Chester Himes, she attended—at the

recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted *Strangers on a Train*. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: “What is the life I choose?” Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith’s diaries convey her euphoria writing *The Price of Salt* (1951). Yet her sophomore novel would have to be published under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable *The Talented Mr.*

Ripley (1955); it would be this sociopathic antihero who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper for five decades, acutely aware there must be "a few usable things in literature." A memoir as significant in our own century as Sylvia Plath's journals and Simone de Beauvoir's writings were to another time, Patricia Highsmith: Her Diaries and Notebooks is an historic work that chronicles a woman's rise against the conventional tide to unparalleled literary prominence.

Our Moon Has Blood Clots - Rahul Pandita 2017

"Rahul Pandita was fourteen years old when he was forced to leave his home in Srinagar along with his family, who were Kashmiri Pandits: the Hindu minority within a Muslim-majority Kashmir that was by 1990 becoming increasingly agitated with the cries of 'Azaadi' [freedom] from India. The heartbreaking story of Kashmir has so far been told mainly through the prism of the brutality of the Indian security forces, the pro-independence demands of Muslim separatists or India and Pakistan's rivalry. But there is another part of the story that has remained unrecorded

and buried. Our Moon Has Blood Clots is the untold chapter in the story of Kashmir, in which hundreds of thousands of Kashmiri Pandits were tortured, killed and forced to leave their homes by Islamist militants, and to spend the rest of their lives in exile in their own country. Rahul Pandita has written a deeply personal, powerful and unforgettable story of history, home and loss."--Page 4 of cover.

Calcutta - Amit Chaudhuri 2013-09-10

The award-winning author Amit Chaudhuri has been widely praised for the beauty and subtle power of his writing and for the ways in which he makes "place" as complex a character as his men and women. Now he brings these gifts to a spellbinding amalgam of memoir, reportage, and history in this intimate, luminous portrait of Calcutta. Chaudhuri guides us through the city where he was born, the home he loved as a child, the setting of his acclaimed novels—a place he now finds captivating for all the ways it has, and, perhaps more powerfully, has not, changed. He shows us a city relatively untouched by the currents of globalization but possessed of a "self-renewing way of seeing, of inhabiting space, of apprehending life." He takes us along vibrant avenues and derelict alleyways; introduces us to intellectuals, Marxists,

members of the declining haute bourgeoisie, street vendors, domestic workers; brings to life the city's sounds and smells, its architecture, its traditional shops and restaurants, new malls and hotels. And, using the historic elections of 2011 as a fulcrum, Chaudhuri looks back to the nineteenth century, when the city burst with a new vitality, and toward the politics of the present, finding a city "still not recovered from history" yet possessed of a singular modernity. Chaudhuri observes and writes about Calcutta with rare candor and clarity, making graspable the complex, ultimately ineluctable reasons for his passionate attachment to the place and its people.
