As the number one suspect in the court of public opinion, Deuce is determined to clear his name, with a little help from his wife Julianne, a high-powered attorney who lovingly refers to him as her "househusband." His search for the killer leads him to a business plan gone awry and a gaggle of jilted lovers. **Mommy Wars** - Leslie Morgan Steiner 2007-02-27

With motherhood comes one of the toughest decisions of a woman's life: Stay at home or pursue a career? The dilemma not only divides mothers into hostile, defensive camps but pits individual mothers against themselves. Leslie Morgan Steiner has been there. As an executive at *The Washington Post*, a writer, and mother of three, she has lived and breathed every side of the "mommy wars." Rather than just watch the battles rage, Steiner decided to do something about it. She commissioned twenty-six outspoken mothers to

write about their lives, their families, and the choices that have worked for them. The result is a frank, surprising, and utterly refreshing look at American motherhood. Ranging in age from twenty-five to seventy-two and scattered across the country from New Hampshire to California, these mothers reflect the full spectrum of lifestyle choices. Women who have been home with the kids from day one, moms who shuttle from full-time office jobs to part-time at-home work, hard-driving executives who put in seventy-hour-plus weeks: they all get a turn. The one thing these women have in common, aside from having kids, is that they're all terrific writers. Pulitzer Prize winner Jane Smiley vividly recounts how her generation stormed the American workplace—only to take refuge at home when the workplace drove them out. Lizzie McGuire creator Terri Minsky describes what it felt like to hear her kids scream “I hope you never come back!” when she flew to L.A. to launch the show that made her career. Susan Cheever, novelist, biographer, and Newsday columnist, reports on the furious battles between the stroller pushers and the briefcase bearers on the streets of Manhattan. Lois R. Shea traded the journalistic fast track for a house in the country where she could raise her daughter in peace. Ann Misiaszek Sarnoff, chief operating officer of the Women’s National Basketball Association, argues fiercely that you can combine ambition and motherhood—and have a blast in the process. Candid, engaging, by turns unflinchingly honest and painfully funny, the essays collected here offer an astonishingly intimate portrait of the state of motherhood today. Mommy Wars is a book by and for and about the real experts on motherhood and hard work: the women at home, in the office, on the job every day of their lives. Including these essays: “Neither Here nor There” by Sandy Hingston “The Mother Load” by Terri Minsky “Sharks and Jets” by Page Evans “Baby Battle” by Susan Cheever “Guilty” by Dawn Drzal “The Donna Reed Syndrome” by Lonnae O’Neal Parker “Mother Superior” by Catherine Clifford “Good Enough” by Beth Brophy “Big House, Little House, Back House, Barn” by Lois R. Shea “What Goes Unsaid” by Sydney Trent “I Hate Everybody” by Leslie Lehr “Before; After” by Molly Jong-Fast “I Do Know How She Does It” by Ann Misiaszek Sarnoff “Red Boots and Cole Haans” by Monica Buckley Price “Working Mother, Not Guilty” by Sara Nelson “Feminism Meets the Free Market” by Jane Smiley “Happy” by Anne Marie Feld “I Never Dreamed I’d Have So Many Children” by Lila Leff “On Being a Radical Feminist Stay-at-Home Mom” by Inda Schaenen “Being There” by Reshma Memon Yaqub “Russian Dolls” by Veronica Chambers “Peace and Carrots” by Carolyn Hax “Unprotected” by Natalie Smith Parra “Julia” by Anna Fels “On Balance” by Jane Juska “My Baby’s Feet Are Size 13” by Iris Krasnow

#### **The Daddy Shift** - Jeremy A. Smith 2009-06-01

A revealing look at stay-at-home fatherhood—for men, their families, and for American society It's a growing

phenomenon among American families: fathers who cut back on paid work to focus on raising children. But what happens when dads stay home? What do stay-at-home fathers struggle with—and what do they rejoice in? How does taking up the mother's traditional role affect a father's relationship with his partner, children, and extended family? And what does stay-at-home fatherhood mean for the larger society? In chapters that alternate between large-scale analysis and intimate portraits of men and their families, journalist Jeremy Adam Smith traces the complications, myths, psychology, sociology, and history of a new set of social relationships with far-reaching implications. As the American economy faces its greatest crisis since the Great Depression, Smith reveals that many mothers today have the ability to support families and fathers are no longer narrowly defined by their ability to make money—they have the capacity to be caregivers as well. The result, Smith argues, is a startling evolutionary advance in the American family, one that will help families better survive the twenty-first century. As Smith explains, stay-at-home dads represent a logical culmination of fifty years of family change, from a time when the idea of men caring for children was literally inconceivable, to a new era when at-home dads are a small but growing part of the landscape. Their numbers and cultural importance will continue to rise—and Smith argues that they must rise, as the unstable, global, creative, technological economy makes flexible gender roles both more possible and more desirable. But the stories of real people form the heart of this book: couples from every part of the country and every walk of life. They range from working class to affluent, and they are black, white, Asian, and Latino. We meet Chien, who came to Kansas City as a refugee from the Vietnam War and today takes care of a growing family; Kent, a midwestern dad who nursed his son through life-threatening disabilities (and Kent's wife, Misun, who has never doubted for a moment that breadwinning is the best thing she can do for her family); Ta-Nehisi, a writer in Harlem who sees involved fatherhood as "the ultimate service to black people"; Michael, a gay stay-at-home dad in Oakland who enjoys a profoundly loving and egalitarian partnership with his husband; and many others. Through their stories, we discover that as America has evolved and diversified, so has fatherhood. From the Trade Paperback edition.

#### **Flex Mom** - Sara Blanchard 2017-09-19

Motherhood doesn't have to mean losing yourself . . . Most moms are grateful they make the choice to be a stay-at-home mom (SAHM), but after a couple of years, they may feel like they're losing their mind. The alternative is going back to work, but that doesn't seem right either. Flex mom is for mothers who want a third model of motherhood, somewhere between stay-at-home mom and working mom. This third way is to be the primary caregiver for their children while deliberately creating a path that fuels their passions – leaving them fulfilled and confident. Described as a melting pot of positive psychology and coaching, with the humor and honesty of Anne Lamott's *Bird by Bird*, Flex Mom helps moms make the fleeting childrearing years their best yet.

#### **Captain Dad** - Pat Byrnes 2013-05-07

Pat Byrnes worked at home and made his own hours. His wife's job (Illinois Attorney General) was not so flexible. So when the first baby came, he naively volunteered to go where few men have gone before and stay home with the kids. On one condition. He wouldn't be called Mr. Mom, but . . . Captain Dad. Byrnes has collected his insights in the first book about stay-at-home fatherhood by a professional humorist who has lived the part. He reports on the front lines of modern parenting, tackling all of the expected subjects, like sleep deprivation and the constant battle against Disney for your child's affections. But he also covers the less expected, more random moments on the job and the surprising insights they offer. From the absurd pride that comes from being able to change a diaper almost anywhere to the surprising talent you develop for improvising answers to Life's Most Important Questions, such as "Why is bird poop white?" With wit, pith, and vinegar, Byrnes examines this hitherto unexamined life—and finds it worth living.

#### **A Stay-At-Home Dad Vs. the Bible** - Trevor Catlaster 2021-06-02

I was an egalitarian Christian stay-at-home dad, caring for six children during my 20-year marriage.

However, my in-laws, marriage counselors and church pastors were all complementarian. Their counsel to my wife and I was that I had sinned against God for not being the breadwinner of the family. This led to a grievous divorce. Therefore, I was inspired to research how the Bible was used to destroy families and communities, from colonial America to the present day. I also discuss the pushback that resulted from such biblical interpretation, including and especially the rise of feminism. Since it was an interpretation of the Bible that led to the dissolution of my marriage, the institution of biblical marriage is also scrutinized, especially in the context of divorce. Stay-at-home dads should have the Christian right to be caregivers of their children, if they choose to do so, without being threatened with divorce.
