I Don't Want to Be a Frog - Dev Petty 2015-02-10

The hit book about a willful young frog with a serious identity crisis and his heard-it-all-before father. Perfect for fans of Mo Willems's *Don't Let the Pigeon Drive the Bus!* and Jon Klassen's *I Want My Hat Back!* Frog wants to be anything but a slimy, wet frog. A cat, perhaps. Or a rabbit. An owl? But when a hungry wolf arrives—a wolf who HATES eating frogs—our hero decides that being himself isn't so bad after all. In this very silly story with a sly message, told in hilarious dialogue between a feisty young frog and his heard-it-all-before father, young readers will identify with little Frog's desire to be something different, while laughing along at his stubborn yet endearing schemes to prove himself right. And look for the hilarious sequels—I Don't Want to Be Big, There's Nothing to Do!, and I Don't Want to Go to Sleep. □ "First-time author Petty's dialogue between a frog father and his son makes its point about accepting one's nature with a big grin. . . . The story might create similar gratitude in the minds of readers—or it might just make them giggle."—Publishers Weekly, STARRED REVIEW "A lively look at self-acceptance."—Kirkus Reviews "This amusing story ends with a laugh and a much more content frog."—School Library Journal "Silliness and deadpan humor combine into a hopping good story of being happy with who you are."—Booklist "A paean to self-acceptance wrapped in snappy dialogue and illustrated with richly colored comic paintings."—Wall Street Journal "Petty and Boldt provide just enough predictability to hook youngest readers, then deliver a delightful twist or two to create surprise and satisfaction—for both the green hero and the many fans he'll make with this book."—Shelf Awareness "This lighthearted exploration of identity will delight as a readaloud."—The Bulletin of the Center for Children's Books

[Relating Events in Narrative, Volume 2](#) - Ludo Verhoeven 2004-02-13

Relating Events in Narrative, Volume 2: Typological and Contextual Perspectives edited by Sven Strömqvist and Ludo Verhoeven, is the much anticipated follow-up volume to Ruth Berman and Dan Slobin's successful "frog-story studies" book, *Relating Events in Narrative: A Crosslinguistic Developmental Study* (1994). Working closely with Ruth Berman and Dan Slobin, the new editors have brought together a wide range of scholars who, inspired by the 1994 book, have all used Mercer Mayer's *Frog, Where Are You?* as a basis for their research. The new book, which is divided into two parts, features a broad linguistic and cultural diversity. Contributions focusing on crosslinguistic perspectives make up the first part of the book. This part is concluded by Dan Slobin with an analysis and overview discussion of factors of linguistic typology in frog-story research. The second part offers a variety of theoretical and methodological perspectives, all dealing with contextual variation of narrative construction in a wide sense: variation across medium/modality (speech, writing, signing), genre variation (the specific frog story narrative compared to other genres), frog story narrations from the perspective of theory of mind, and from the perspective of bilingualism and second language acquisition. Several of the contributions to the new book manuscript also deal with developmental perspectives, but, in distinction to the 1994 book, that is not the only focused issue. The second part is initiated by Ruth Berman with an analysis of the role of context in developing narrative abilities. The new book represents a rich overview and illustration of recent advances in theoretical and methodological approaches to the crosslinguistic study of narrative discourse. A red thread throughout the book is that crosslinguistic variation is not merely a matter of variation in form, but also in content and aspects of cognition. A recurrent perspective on language and thought is that of Dan Slobin's theory of "thinking for speaking," an approach to cognitive consequences of linguistic diversity. The book ends with an epilogue by Herbert Clark, "Variations on a Ranarian Theme."

Me Too - Donald Jack 2017-04-20

Despite designing his own amphibious aircraft, the Gander - a machine almost as alarming looking as its horse-faced maker - ex-WWI ace Bartholomew Bandy is failing to make a fortune in his hometown of Gallop. The only work he finds is flying bootleg liquor into the USA. In desperation (what else?) he stands as a local MP and in desperation (why else?) they vote him in. But after spilling the beans on a bunch of government members indulging in Prohibition corruption, Bart's soon cordially hated by everyone up to the Prime Minister - can he really be naïve enough to believe party propaganda that the people must be told the truth? So Bart's goose - or gander - is cooked, and the resulting mess can be summed up as whisky galore! With the blackest of black comedy and seat-of-the pants escapades, Donald Jack's series about a young pilot is uniquely funny and compelling. What people are saying about The Bandy Papers: "Reading can lead to involuntary bursts of loud laughter." "Very descriptive, full of air combats and written with a fine eye for period detail . . . there is quite simply no finer book of its kind. Highly recommended." "It is clear that Bandy likely should've been killed several times, but very likely the Grim Reaper was laughing too hard to hold his scythe straight . . ." "Hysterically funny! . . . each book is another installment in the continuing saga of a Canadian and his adventures in war, the world, and women." "I have yet to find another author with the wit and humor of Donald Jack." Editorial reviews: "I enjoyed every word . . . terrifically funny." P.G. Wodehouse "Jack does

more than play it for laughs . . . The mingling of humor and horror is like a clown tap-dancing on a coffin, but Jack is skillful enough to get away with it." Time Magazine "Funny. Very. Donald Jack has as light a touch with this fragile art as his hero has on throttle of a Sopwith Camel. Excessive corn is avoided in favour of wit and a delight in life." New York Times "Bartholomew Bandy is the most remarkable hero (or anti-hero) since Harold Lloyd impersonated the Freshman." Chicago Tribune "To know Bandy is to love him . . . you tend to gallop through and come hurtling out at the end panting for more." The Sunday Sun "For those to whom Bandy is a newcomer, what a treat is in store." Toronto Star
