Blitzed - Norman Ohler 2017-03-07

A New York Times bestseller, Norman Ohler's *Blitzed* is a "fascinating, engrossing, often dark history of drug use in the Third Reich" (Washington Post). The Nazi regime preached an ideology of physical, mental, and moral purity. Yet as Norman Ohler reveals in this gripping history, the Third Reich was saturated with drugs: cocaine, opiates, and, most of all, methamphetamines, which were consumed by everyone from factory workers to housewives to German soldiers. In fact, troops were encouraged, and in some cases ordered, to take rations of a form of crystal meth—the elevated energy and feelings of invincibility associated with the high even help to account for the breakneck invasion that sealed the fall of France in 1940, as well as other German military victories. Hitler himself became increasingly dependent on injections of a cocktail of drugs—ultimately including Eukodal, a cousin of heroin—administered by his personal doctor. Thoroughly researched and rivetingly readable, *Blitzed* throws light on a history that, until now, has remained in the shadows. "Delightfully nuts."—The New Yorker

[Tracing Orpheus](#) - Miguel Herrero de Jáuregui 2012-01-01

This volume sheds light on the most relevant pieces of evidence for

ancient Orphism, collected in the recent edition by Alberto Bernabé. It contains 65 short new studies on Orphic fragments by leading international scholars who comment one of the most controversial phenomena in Antiquity from a plurality of perspectives. Readers will acquire a global vision of the multiple dimensions of the Orphic tradition, as well as many new insights into particular Orphic fragments.

Menschen ohne Herz Band II - Burkhardt Lahn 2020-04-06

Dies ist die Fortsetzung (Band 2) der KZ-Odyssee eines Vegetariers, der ein einmaliges Dokument innerhalb von KZ-Mauern als Portrait einer nationalsozialistischen Vernichtungseinrichtung unter höchster Lebensgefahr erstellt hat und es mit Hilfe von wirklichen Kameraden über den zweiten Weltkrieg hinaus retten konnte. Den Lesern wird mit diesem Dokument ein überaus umfangreiches Detailwissen über die logistischen Zusammenhänge und Wechselwirkungen der unterschiedlichen KZ-Einrichtungen untereinander zugänglich gemacht, sodass man tiefen Einblick in die genauen Abläufe bekommt, die den Lesern so herznahe Eindrücke vermitteln, als wenn sie selbst mitten im KZ-Geschehen wären.

[German and European Poetics After the Holocaust](#) - Gert Hofmann 2011
New essays on poetical and theoretical responses to the Holocaust's rupture of German and European civilization.

While I Am Drawing Breath - Rose Ausländer 2014-07-23

The experience of living in the Chernovtsy ghetto under the Nazis

remains a dark undertow of all the poetry Ausländer wrote, though she rarely addresses it explicitly. The hardships of a life in hiding, the constant fear of Nazi terror, the horror of the concentration camps are all present in many of the poems. Other poems speak indirectly of the mother for whose sake she endured these hardships. Her late poetry, represented in this collection, brought her prizes and acclaim, and established her extraordinary simplicity as a distinctive voice in German poetry.

Der arme Teufel - Robert Reitzel 1888

The Ages of the World - Friedrich Wilhelm Joseph Von Schelling
2000-01-01

Schelling's never completed "masterpiece", translated here with an introduction covering Schelling's life, other works, and a brief analysis of *The Ages of the World* by Wirth (philosophy, Ogelthorpe U.), explores the question of time as the relationship between poetry and philosophy. Contemporary philosophers herald this work as a predecessor to the modern debates about post-modernity and the limits of dialectical thinking.

Questioning the Canon - Christine Meyer 2021-07-05

To what extent do minority writers feel represented by the literary canon of a nation and its body of "great works"? To what extent do they adhere to, or contest, the supposedly universal values conveyed through those texts and how do they situate their own works within the national tradition? Building on Edward W. Said's contrapuntal readings and Gayatri Chakravorty Spivak's reflections on the voice of the subaltern, this monograph examines the ways in which Rafik Schami, Emine Sevgi Özdamar, and Feridun Zaimoglu have re-read, challenged, and adapted the German canon. Similar to other writers in postcolonial contexts, their work on the canon entails an inquiry into history and a negotiation of their relation to the texts and representations that define the "host" nation. Through close analyses of the works of these non-native German authors, the book investigates the intersection between politics, ethics, and aesthetics in their work, focusing on the appropriation and re-

evaluation of cultural legacies in German-language literature. Opening up a rich critical dialogue with scholars of German Studies and Postcolonial Theory, Christine Meyer provides a fresh perspective on German-language minority literature since the reunification.

Hitler's Prisons - Nikolaus Wachsmann 2015-05-26

State prisons played an indispensable part in the terror of the Third Reich, incarcerating many hundreds of thousands of men and women during the Nazi era. This important book illuminates the previously unknown world of Nazi prisons, their victims, and the judicial and penal officials who built and operated this system of brutal legal terror. Nikolaus Wachsmann describes the operation and function of legal terror in the Third Reich and brings Nazi prisons to life through the harrowing stories of individual inmates. Drawing on a vast array of archival materials, he traces the series of changes in prison policies and practice that led eventually to racial terror, brutal violence, slave labor, starvation, and mass killings. Wachsmann demonstrates that "ordinary" legal officials were ready collaborators who helped to turn courts and prisons into key components in the Nazi web of terror. And he concludes with a discussion of the whitewash of the Nazi legal system in postwar West Germany.

As the Witnesses Fall Silent: 21st Century Holocaust Education in Curriculum, Policy and Practice - Zehavit Gross 2015-03-16

This volume represents the most comprehensive collection ever produced of empirical research on Holocaust education around the world. It comes at a critical time, as the world observes the 70th anniversary of the liberation of Auschwitz. We are now at a turning point, as the generations that witnessed and survived the Shoah are slowly passing on. Governments are charged with ensuring that this defining event of the 20th century takes its rightful place in the schooling and the historical consciousness of their peoples. The policies and practices of Holocaust education around the world are as diverse as the countries that grapple with its history and its meaning. Educators around the globe struggle to reconcile national histories and memories with the international realities of the Holocaust and its implications for the

present. These efforts take place at a time when scholarship about the Holocaust itself has made great strides. In this book, these issues are framed by some of the leading voices in the field, including Elie Wiesel and Yehuda Bauer, and then explored by many distinguished scholars who represent a wide range of expertise. Holocaust education is of such significance, so rich in meaning, so powerful in content, and so diverse in practice that the need for extensive, high-quality empirical research is critical. This book provides exactly that.

Fateless - Imre Kertesz 2008-09-04

'While the average reader cannot pretend truly to understand the reality of those who suffered in concentration camps, Kertesz draws us one step closer' Observer Gyuri, a fourteen-year-old Hungarian Jew, gets the day off school to witness his father signing over the family timber business - his final act before being sent to a labour camp. Two months later, Gyuri finds himself assigned to a 'permanent workplace'. This is the start of his journey to Auschwitz. On his arrival Gyuri finds that he is unable to identify with other Jews, and is rejected by them. An outsider among his own people, his estrangement makes him a preternaturally acute observer, dogmatically insisting on making sense of the barbarity - and beauty - he witnesses.

**German Reich and Protectorate of Bohemia and Moravia
September 1939-September 1941** - Andrea Löw 2020-07-20

This source edition on the persecution and murder of the European Jews by Nazi Germany presents in a total of 16 volumes a thematically comprehensive selection of documents on the Holocaust. The work illustrates the contemporary contexts, the dynamics, and the intermediate stages of the political and social processes that led to this unprecedented mass crime. It can be used by teachers, researchers, students, and all other interested parties. The edition comprises authentic testimony by persecutors, victims, and onlookers. These testimonies are furnished with academic annotations and the vast majority of them are published here for the first time in English. Volume 3 documents the persecution of the Jews in the German Reich after the start of the Second World War and in the 'Protectorate of Bohemia and

Moravia', created in March 1939, until September 1941. It reveals the increasing isolation of the German and Czechoslovak Jews but also the perpetrators' plans up to the eve of systematic deportations.

Militarizing Outer Space - Alexander C.T. Geppert 2020-12-02

Militarizing Outer Space explores the dystopian and destructive dimensions of the Space Age and challenges conventional narratives of a bipolar Cold War rivalry. Concentrating on weapons, warfare and violence, this provocative volume examines real and imagined endeavors of arming the skies and conquering the heavens. The third and final volume in the groundbreaking European Astroculture trilogy, Militarizing Outer Space zooms in on the interplay between security, technopolitics and knowledge from the 1920s through the 1980s. Often hailed as the site of heavenly utopias and otherworldly salvation, outer space transformed from a promised sanctuary to a present threat, where the battles of the future were to be waged. Astroculture proved instrumental in fathoming forms and functions of warfare's futures past, both on earth and in space. The allure of dominating outer space, the book shows, was neither limited to the early twenty-first century nor to current American space force rhetorics.

Menschen Ohne Herz - Burkhardt Lahn 2020-03-24

Dieses Buch schildert die außergewöhnliche Erlebnisgeschichte eines Vegetariers, der während der NS-Diktatur wegen seiner politisch neutralen Lebensweise auf der Insel Ischia (früher Ischia) von der GESTAPO gefangengenommen und zum Verhör ins GESTAPO-Gefängnis nach Innsbruck verschleppt wurde. Nach seiner Deportation ins KZ Dachau durchlebte dieser Mann nahezu alle Höhen und Tiefen, die ein Häftling in solch einer künstlich herbeigeführten Bedrängnis ertragen kann. Wundersamerweise überlebte er als überzeugter Vegetarier drei KZ-Aufenthalte, obwohl ihm mehrmals von Mithäftlingen ein früher Tod vorhergesagt wurde. Der Facettenreichtum seiner Schilderungen sprengt jede mir bekannte KZ-Schilderung um Welten, nicht zuletzt deswegen, weil alle seine Aufzeichnungen unter höchster Lebensgefahr im KZ, also während seiner Zeit als Häftling, aufgeschrieben und für die Nachwelt gesichert wurden. Dieses Buch ist das umfangreichste Portrait

einer nationalsozialistischen deutschen Vernichtungseinrichtung, das je ein deutscher Schriftsteller selbst im KZ geschrieben hat und das noch bis in die heutige Zeit ihre grausamen Schatten wirft. Wenn es je ein nicht mehr lebender Schriftsteller verdient hätte, nach seinem Tod, den Friedensnobelpreis für Literatur zu erhalten, dann ist es Herr Edgar Kupfer-Koberwitz. Es war für mich als Vollerbe seiner persönlichen KZ-Erlebnisgeschichte die größte Ehre und höchste Freude, sein vormals hoch zensiertes Erstwerk (Die Mächtigen und die Hilflosen) gemäß seinem persönlichen letzten Willen vollinhaltlich zu veröffentlichen. Der suchenden Menschheit offenbart sich hier ein ungemein aufschlussreicher und klarer Wegweiser, hin zur wahren und wirklichen Menschwerdung.

Paul Celan Today - Michael Eskin 2021-08-23

Marking Paul Celan's 100th birthday and the 50th anniversary of his death, this volume endeavours to answer the following question: why does Celan still matter today - more than ever perhaps? And why should he continue to matter tomorrow? In other words, the volume explores and assesses the enduring significance of Celan's life and oeuvre in and for the 21st century. Boasting cutting-edge research by international scholars together with original contributions by contemporary artists and writers, this book attests to, on the one hand, the extent to which large

swathes of contemporary philosophy, poetics, literary scholarship, and aesthetics have been indebted to Celan's legacy and are simply unthinkable without it, and, on the other hand, to the malleability, adaptability, breadth and depth of Celan's poetics, which, like the music of The Beatles, Led Zeppelin, or Queen, is reborn and rediscovered with every new generation.

The Liquid Land - Raphaela Edelbauer 2022-09-06

A town that doesn't want to be found. A countess who rules over the memories of an entire community. A hole in the earth that threatens to drag them all into its depths. When her parents die in a car accident, the highly talented physicist Ruth Schwarz is confronted with an almost intractable problem. Her parents' will calls for them to be buried in their childhood home--but for strangers, Gross-Einland is a village that remains stubbornly hidden from view. When Ruth finally finds her way there, she makes a disturbing discovery: beneath the town lies a vast cavern that seems to exert a strange control over the lives of the villagers. There are hidden clues about the hole everywhere, but nobody wants to talk about it--not even when it becomes clear that the stability of the entire town is in jeopardy. Is this silence controlled by the charming countess who rules the community? And what role does Ruth's

family history, a history she is only just beginning to uncover, have to play? The more questions Ruth asks, the more vehement the resistance she encounters from the residents. But as she continues to dig deeper, she comes to realize that the key to deciphering the mysterious codes of the people of Gross-Einland can only lie in the history of the hole. In the literary tradition of Thomas Bernhard and Elfriede Jelinek, Raphaela Edelbauer weaves the complexities of small-town social structures into an opaque dream fabric that is frighteningly true to life, and in the process she turns us towards the abject horror that lies beneath repressed memory. *The Liquid Land* is a dangerous novel, at once glittering nightmare and dark reality, from an extraordinary new literary voice.

Music in the Holocaust - Assistant Professor of History Shirli Gilbert

Publisher Description

Malagash - Joey Comeau 17-10-03

A precisely crafted, darkly humorous portrait of a family in mourning Sunday's father is dying of cancer. They've come home to Malagash, on the north shore of Nova Scotia, so he can die where he grew up. Her mother and her brother are both devastated. But devastated isn't good enough. Devastated doesn't fix anything. Sunday has a plan. She's started recording everything her father says. His boring stories. His stupid jokes. Everything. She's recording every single "I love you" right alongside every "Could we turn the heat up in here?" It's all important. Because Sunday is writing a computer virus. A computer virus that will live secretly on the hard drives of millions of people all over the world. A computer virus that will think her father's thoughts and say her father's words. She has thousands of lines of code to write.

Cryptography to understand. Exploits to test. She doesn't have time to be sad. Her father is going to live forever.

Unlikely History - J. Zipes 2002-04-15

In the English-speaking world, it is generally believed that there are very few Jews living and thriving in Germany. Yet, there has been an unlikely postwar history 1945-2001 that has been somewhat repressed in North

America and the United Kingdom. While most people are well-informed about the Holocaust and the consequences that this tragic event has had for the world, very few people know that there has been a steady increase in the population of Jews in Germany since 1945 and that there is a flourishing 'Jewish' culture, certainly a relatively strong Jewish presence, in Germany today. Does this development mean that Jews are playing a significant role in German social life? Does this mean that the great German-Jewish relationship, often referred to as a kind of symbiosis, has re-emerged despite the odds against it? The sixteen essays in this book written by the leading critics in the field cover the fascinating changes that have been made in German society since 1945 in the Jewish communities, literature, theater, film, architecture, and other areas of interest including an examination of the resurgence of anti-Semitism in Austria. For anyone interested in reading about the unpredictable transformations in German-Jewish relations since 1945, *Unlikely History* will provide information and insights into a history that needs to be told to bring about greater understanding of Jews and Germans in contemporary Germany.

viewpoints. High quality standards are ensured through anonymous reviewing.

Die Ausnahme des Überlebens - Bernhard Kuschey 2003

On the life story of Ernst Federn (b. 1914), a psychoanalyst in Vienna, as well as a Jew and a communist. He was arrested by the Gestapo in March 1938, and interned in Dachau for a few months. He was then interned in Buchenwald for seven years, until the liberation. His wife, who was a half-Jew, remained in Vienna throughout the war and sent Ernst, who was then her fiancé, money and food. In 1948, they immigrated to the USA.

Language, Its Nature, Development, and Origin - Otto Jespersen 1922

The Terrors of Ice and Darkness - Christoph Ransmayr 1996-05

A brilliant interweaving of journeys and voyages--geographical, historical, psychological--The Terrors of Ice and Darkness is the riveting account of a narrator obsessed with a certain Josef Mazzini, a young Italian "lost in the arctic winter of 1981" who is himself obsessed with the Imperial Austro-Hungarian North Pole Expedition of 1873: "At first it was nothing more than a game to try to reduce the circumstances of his disappearance to some sort of explanation, any explanation. But every clue yielded a new unanswered question. Quite involuntarily I found myself taking one step after the other. . . . Cumulus clouds mirrored in a shop window became calving glaciers, patches of old snow in city parks became great floes of ice. The Arctic Ocean lay at my window. Much the same thing must have happened to Mazzini." Painstakingly retracing Mazzini's steps, the narrator simultaneously reconstructs the dramatic and fantastic story of the nineteenth-century journey, using actual letters and diaries of the members of that harrowing expedition. These documents--sometimes surprisingly poetic and moving--combine in the narrator's imagination to evoke as never before the awful beauty of the world's farthest northern reaches. In a novel as crystalline as the polar ice, as penetrating as the arctic cold, Christopher Ransmayr spins an adventure tale both spellbinding and paradoxical in its subversive

undermining of conventional notions of heroism and exploration.
Meyers enzyklopädisches Lexikon: A-Zz - 1971

Oskar Maria Graf - Wilfried F. Schoeller 1994

Michel Foucault - Didier Eribon 1991

When he died in 1984, Michel Foucault was widely regarded as one of the most powerful minds of this century. Hailed by historians and lionized in America, he continues to provoke lively debate. This meticulously documented narrative debunks the many myths and rumors surrounding the brilliant philosopher to consider that all Foucault's books are "fragments of an autobiography".

The Politics of Memory in Postwar Europe - Richard Ned Lebow 2006-09-20

Comparative case studies of how memories of World War II have been constructed and revised in France, Germany, Austria, Switzerland, Poland, Italy, and the USSR (Russia).

The Freedom of Migrant - Vilem Flusser 2003-04-02

"The Freedom of the Migrant presents a series of reflections on national, ethnic, and cultural identity, offering a unique perspective on such topics as communication, nomadism, housing, nationalism, migrant cultures, and Jewish identity."--BOOK JACKET.

The Last World - Christoph Ransmayr 1996

A man goes in search of the Roman poet Ovid, banished to the end of the world. He finds that Ovid's personality and stories have undergone a sea-change, and have fragmented themselves into lots of clues - people, bizarre events, odd stretches of landscape, and a story emerges.

Contemporary Jewish Reality in Germany and Its Reflection in Film - Claudia Simone Dorchain 2012-12-06

The notion of "self" and "other" and its representation in artwork and literature is an important theme in current cultural sciences as well as in our everyday life in contemporary Western societies. Moreover, the concept of "self" and "other" and its imaginary dichotomy is gaining more and more political impact in a world of resurfacing ideology-ridden

conflicts. The essays deal with Jewish reality in contemporary Germany and its reflection in movies from the special point of view of cultural sciences, political sciences, and religious studies. This anthology presents challengingly new insights into topics rarely covered, such as youth culture or humor, and finally discusses the images of Jewish life as realities still to be constructed.

Deutsche Philologie im Aufriss - Wolfgang Stammeler 1957

Welt und Wort - 1960

Sport Under Unexpected Circumstances - Gregor Feindt 2018

Sport was an integral part of life in camps during the twentieth century,

even in Nazi concentrations camps or in the Soviet Gulag. Traditionally perceived as a symbol of equality, play, and peacefulness, sport under such unexpected circumstances irritates most observers, back then and today. This volume studies the irritating fact of sport in penal and internment camps as an important insight into the history of camps. The authors enquire into case studies of sport being played in different forms of camps around the globe and throughout the twentieth century. They challenge our understanding of camps, question the dichotomy of insiders and outsiders, inner-camp hierarchies, and the everyday experience of violence. This fresh perspective complements the existing camp studies and gives way for the subjectivity of camp inmates and their action.
