The Encyclopedia Of Me is available in our digital library an online access to it is set as public so you can get it instantly.

Our book servers saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the The Encyclopedia Of Me is universally compatible with any devices to read

Oh, Yuck! - Joy Masoff 2000-01-02

Kids love stuff that's gross. From the liquids, solids, and gases--especially the gases!--or their own bodies to the creepy, crawly, slimy, slithery, fetid, and feculent phenomena in the world at large, kids with a curious bent just can't get enough. *Oh, Yuck!* The Encyclopedia of Everything Nasty brings together, in one book, all the good things about some of the baddest things on Earth. Exhaustively researched and impeccably scientific, yet written with a lively lack of earnestness, *Oh, Yuck!* is an ants to zits encyclopedic compendium covering people, animals, insects, plants, foods, and more. Here are vampire bats, which sip blood and pee at the same time so that they'll always be light enough to fly away; and slime eels, wreathed in mucus and eating fellow fish from the inside out. *Oh, Yuck!* explains why vomit smells; where dandruff comes from; what pus is all about; and why maggots adore rotting meat. Other features include gross recipes, putrid projects, 10 foods that make you airborne, and more. With hundreds of cartoon illustrations and real-life photographs, *Oh, Yuck!* is the complete guide to the irresistible--at least to an 8-to-12 year old--underbelly of life.

[The Encyclopedia of Comic Book Heroes](#) - Michael L. Fleisher 1976

International Encyclopedia of the Social & Behavioral Sciences -

James D. Wright 2015-03-26

Fully revised and updated, the second edition of the International Encyclopedia of the Social and Behavioral Sciences, first published in 2001, offers a source of social and behavioral sciences reference material that is broader and deeper than any other. Available in both print and online editions, it comprises over 3,900 articles, commissioned by 71 Section Editors, and includes 90,000 bibliographic references as well as comprehensive name and subject indexes. Provides authoritative, foundational, interdisciplinary knowledge across the wide range of behavioral and social sciences fields Discusses history, current trends and future directions Topics are cross-referenced with related topics and each article highlights further reading

[The Encyclopedia of Writing and Illustrating Children's Books](#) -

Desdemona McCannon 2009

Creating children's books - Telling the story - Non-fiction - Media and techniques.

[The Periodic Table Book](#) - DK 2017-03-30

The Periodic Table Book is the perfect visual guide to the chemical elements that make up our world. This eye-catching encyclopedia takes children on a visual tour of the 118 chemical elements of the periodic table, from argon to zinc. It explores the naturally occurring elements, as well as the man-made ones, and explains their properties and atomic structures. Using more than 1,000 full-colour photographs, The Periodic Table Book shows the many natural forms of each element, as well as a wide range of both everyday and unexpected objects in which it is found, making each element relevant for the child's world.

[The Encyclopedia of Early Earth](#) - Isabel Greenberg 2013-12-24

A beautifully illustrated book of imaginary fables about Earth's early--and lost--history. Before our history began, another--now forgotten--civilization thrived. The people who roamed Early Earth were much like us: curious, emotional, funny, ambitious, and vulnerable. In this series of illustrated and linked tales, Isabel Greenberg chronicles the explorations of a young man as he paddles from his home in the North Pole to the South Pole. There, he meets his true love, but their romance is ill-fated. Early Earth's unusual and finicky polarity means the lovers can never touch. As intricate and richly imagined as the work of Chris Ware, and leavened with a dry wit that rivals Kate Beaton's in *Hark! A Vagrant*, Isabel Greenberg's debut will be a welcome addition to the thriving graphic novel genre.

The Vampire Book - J Gordon Melton 2010-09-01

The Ultimate Collection of Vampire Facts and Fiction From Vlad the

Impaler to Barnabas Collins to Edward Cullen to Dracula and Bill Compton, renowned religion expert and fearless vampire authority J. Gordon Melton, PhD takes the reader on a vast, alphabetic tour of the psychosexual, macabre world of the blood-sucking undead. Digging deep into the lore, myths, pop culture, and reported realities of vampires and vampire legends from across the globe, *The Vampire Book: The Encyclopedia of the Undead* exposes everything about the blood thirsty predator. Death and immortality, sexual prowess and surrender, intimacy and alienation, rebellion and temptation. The allure of the vampire is eternal, and *The Vampire Book* explores it all. The historical, literary, mythological, biographical, and popular aspects of one of the world's most mesmerizing paranormal subject. This vast reference is an alphabetical tour of the psychosexual, macabre world of the soul-sucking undead. In the first fully revised and updated edition in a decade, Dr. J. Gordon Melton (president of the American chapter of the Transylvania Society of Dracula) bites even deeper into vampire lore, myths, reported realities, and legends that come from all around the world. From Transylvania to plague-infested Europe to Nostradamus and from modern literature to movies and TV series, this exhaustive guide furnishes more than 500 essays to quench your thirst for facts, biographies, definitions, and more.

Halo Encyclopedia (Deluxe Edition) - Microsoft 2022-04-12

The universe of Halo is remarkably vast in scale and astonishingly elaborate in detail, telling rich stories filled with bold characters, breathtaking worlds, and thrilling conflicts. In celebration of the 20th anniversary of Halo, Dark Horse and 343 Industries have teamed up to deliver the most definitive guide to the universe thus far. The Halo Encyclopedia Deluxe Edition holds some of the Halo universe's greatest secrets, which is why it is contained within a Forerunner cylind--a device that holds their civilization's greatest secrets! The Deluxe Edition also comes with a cover exclusive to this edition, as well as a lithograph not found anywhere else.

The Encyclopedia of Monsters - Jeff Rovin 1989

A guide to more than one thousand beasts, specters, and other monsters, from the Bible's Leviathan to Hollywood's Alien, arranged alphabetically and cross-referenced by subject

The Encyclopedia of Crystals, New Edition - Judy Hall 2017-05-25

The Encyclopedia of Crystals is organized by colour for easy reference, and the comprehensive index makes finding and identifying crystals effortless. Each entry provides a detailed description of the crystal's source, benefits and associations. In addition, you'll also learn fascinating facts about their properties and origins. If you work with crystals or you simply love everything mysterious and magical about them, then *The Encyclopedia of Crystals* is an essential addition to your library.

I Love Me, Vol. I - 1996-01-08

Arranged from aa (a type of lava) to Zzz-zzz-zzz (snoring), this book of many happy returns will have everybody reading not only between the lines, but north, south, east, and west along them. Michael Donner, former editor of *Games* magazine, not only reveals and interprets classic palindromes, such as A man, a plan, a canal: Panama, he offers hundreds of strange and delightful originals. Even better, he takes us on a magical mystery tour of palindromic places, such as Adaven, Nevada; Apollo, PA; and Ekalaka Lake, Montana. The whimsical and erudite commentaries are as much fun as the "dromes" themselves.

The Encyclopedia of Pottery Techniques - Peter Cosentino 2002

A resource for pottery enthusiasts provides a visual reference for each stage of the craft, including working the wheel, firing, and glazing.

Tell Me Why Q and A - Igloo 2008-09-01

Over 1500 essential facts including key information about science and technology, geography and geology, the human body, history, plants and animals, and much more.

Totally Joe - James Howe 2011-11-01

Joe Bunch breaks down his life—and his secrets—for a school assignment in this second book of the funny, heartfelt, and beloved Misfits series by Bunnica author James Howe. What can I say? I'm a total original. Joe may only be twelve-going-on-thirteen, but he's known who he is from the time he was a little kid tottering around in his mother's high heels. Now in the seventh grade, he wears green high tops with pink trim, has a (secret) boyfriend, and tells it all from A to Z in the alphabiography assigned by his favorite teacher. The thing is, some of it is seriously private. It's one thing for Mr. Daly to read it, but what if it falls into the wrong hands? Will he be teased forever about those high heels...and even worse, what will happen if his secret boyfriend is no longer a secret?

The Encyclopedia of Me - Karen Rivers 2012-09-01

Tink Aaron-Martin has been grounded AGAIN after an adventure with her best friend Freddie Blue Anderson. To make the time pass, she decides to write an encyclopedia of her life from "Aa" (a kind of lava-okay, she cribbed that from the real encyclopedia) to "Zoo" (she's never been to one, but her brothers belong there). As the alphabet unfolds, so does the story of Tink's summer: more adventures with Freddie Blue (and more experiences in being grounded); how her family was featured in a magazine about "Living with Autism," thanks to her older brother Seb--and what happened after Seb fell apart; her growing friendship, and maybe more, with Kai, a skateboarder who made her swoon (sort of). And her own sense that maybe she belongs not under "H" for "Hideous," or "I" for "Invisible," but "O" for "Okay." Written entirely in Tink's hilarious encyclopedia entries, *The Encyclopedia of Me* is both a witty trick and a reading treat for anyone who loves terrific middle-grade novels.

The Encyclopedia of Country Living, 40th Anniversary Edition -

Carla Emery 2012-12-18

From craft culture to survivalists, preppers, homesteaders, urban farmers, and everyone in between there is a desire for a simpler way of life—a healthier, greener, more self-sustaining and holistic approach to modern life. The knowledge you need to survive and thrive off the grid is at your fingertips in *The Encyclopedia of Country Living*, the best-selling resource for the homesteading movement. With its origins in the back-to-the-land effort of the late 1960s, Carla Emery's landmark book has grown into a comprehensive guide to building your sustainable country escape haven, while lowering your carbon footprint in the process. The 40th anniversary edition offers up-to-date and detailed information on the fundamentals of topics like homegrown food; raising chickens, goats, and pigs; beekeeping; food preservation; mail-order supply sourcing; foraging; and much, much more (even how to deliver a baby)—everything you need to lead a self-sufficient lifestyle in the 21st century. Basic, thorough, and reliable, this book deserves a place in urban and rural homes alike. Table of Contents 1 Oddments 2 Introduction to Plants 3 Grasses, Grains & Canes 4 Garden Vegetables 5 Herbs & Flavorings 6 Tree, Vine, Bush & Bramble 7 Food Preservation 8 Introduction to Animals 9 Poultry 10 Goats, Cows & Home Dairying 11 Bee, Rabbit, Sheep & Pig 12 Appendix

The Encyclopedia of Me - Karen Rivers 2012

As Tink Aaron-Martin writes an encyclopedia of her life, she also tells the story of the summer leading into her eighth-grade year.

Encyclopedia of the Eye - Joseph Besharse 2010-05-27

As the first comprehensive reference for the eye, its support structures, diseases, and treatments, *Encyclopedia of the Eye* is an important resource for all visual scientists, ophthalmologists, and optometrists, as well as researchers in immunology, infectious disease, cell biology, neurobiology and related disciplines. This four-volume reference is unique in its coverage of information on all tissues important for vision, including the retina, cornea and lens. It also covers the physiological and pathophysiologic processes that affect all eye tissues. This *Encyclopedia* is invaluable for graduate students and postdoctoral fellows who are seeking an introduction to an area of eye research. Each chapter explains the basic concepts and provides references to relevant chapters within the *Encyclopedia* and more detailed articles across the wider research literature. The *Encyclopedia* is also particularly useful for visual scientists and practitioners who are researching a new area, seeking deeper understanding of important research articles in fields adjacent to their own, or reviewing a grant outside their immediate area of expertise. Written by experts at a level that permits students to grasp key elements of a specific subject Provides an entryway into the major features of current eye research No other source puts this much information, so well-indexed and with so many helpful full color figures and graphics, in the hands of the ophthalmic scientist

The Encyclopedia of Country Living - Carla Emery 1994

An enormous undertaking, this 900-page volume embraces every facet of country living, from raising livestock to canning vegetables. Over 300,000 copies of previous editions have been sold and author Carla Emery continues to draw new fans to her book. This revised and expanded edition is packed with information on growing, harvesting, processing, preserving, and cooking everything for vegetables and grains to dairy animals, pigs, and even earthworms! A wealth of other topics include enriching soil, baking bread, making soap, tanning hides, wood stove cooking, even delivering a baby. No book can match *An Encyclopedia of Country Living* for its thoroughness and reliability.

The Complete Book of Triathlon Training - Mark Kleanthous 2012

The Complete Book of Triathlon Training is for all athletes who want to improve in or convert to the fascinating sport of triathlon. It shows among other things how to construct a training program, how to approach a competition and offers an *Encyclopedia* that covers all aspects of triathlon. This book shows the triathlete and aspiring triathlete everything they need to know about triathlon, whether a sporting novice or an accomplished athlete in another sport. It tells you how to get started, what equipment to buy, the diet you will need, how to devise a training routine and how to arrange your busy life in order to accommodate it, and then explains how to finish a race, as well as how to recover from it. *The Complete Book of Triathlon Training* will tell you how to be the best that you can be in triathlon; not necessarily by training harder, but by training smarter. Every aspect of your life has the potential to affect your mental and physical performance, and you need to take this into account when devising your training in order to avoid both over-training and under-training. Mark Kleanthous' system for monitoring training-stress levels which he has been successfully using for many years is unique to him but is revealed in this book. Use it and you can achieve your optimum performance.

The Encyclopedia of Fantasy - John Clute 1999-03-15

Contains more than four thousand entries touching on all aspects of fantasy literature, movies, and art

The Encyclopedia of Trouble and Spaciousness - Rebecca Solnit 2014-10-28

The incomparable Rebecca Solnit, author of more than a dozen acclaimed, prizewinning books of nonfiction, brings the same dazzling writing to the essays in *Encyclopedia of Trouble and Spaciousness*. As the title suggests, the territory of Solnit's concerns is vast, and in her signature alchemical style she combines commentary on history, justice, war and peace, and explorations of place, art, and community, all while writing with the lyricism of a poet to achieve incandescence and wisdom. Gathered here are celebrated iconic essays along with little-known pieces that create a powerful survey of the world we live in, from the jungles of the Zapatistas in Mexico to the splendors of the Arctic. This rich collection tours places as diverse as Haiti and Iceland; movements like Occupy Wall Street and the Arab Spring; an original take on the question of who did Henry David Thoreau's laundry; and a searching look at what the hatred of country music really means. Solnit moves nimbly from Orwell to Elvis, to contemporary urban gardening to 1970s California macramé and punk rock, and on to searing questions about the environment, freedom, family, class, work, and friendship. It's no wonder she's been compared in *Bookforum* to Susan Sontag and Annie Dillard and in the *San Francisco Chronicle* to Joan Didion. *The Encyclopedia of Trouble and Spaciousness* proves Rebecca Solnit worthy of the accolades and honors she's received. Rarely can a reader find such penetrating critiques of our time and its failures leavened with such generous heapings of hope. Solnit looks back to history and the progress of political movements to find an antidote to despair in what many feel as lost causes. In its encyclopedic reach and its generous compassion, Solnit's collection charts a way through the thickets of our complex social and political worlds. Her essays are a beacon for readers looking for alternative ideas in these imperiled times.

Show Me Transportation - Mari Schuh 2013-01-28

"Defines through text and photos core terms related to transportation"--
Encyclopedia of an Ordinary Life - Amy Krouse Rosenthal 2007-12-18
A memoir in bite-size chunks from the author of the viral *Modern Love* column "You May Want to Marry My Husband." "[Rosenthal] shines her generous light of humanity on the seemingly humdrum moments of life and shows how delightfully precious they actually are." —The Chicago Sun-Times
How do you conjure a life? Give the truest account of what you saw, felt, learned, loved, strived for? For Amy Krouse Rosenthal, the surprising answer came in the form of an encyclopedia. In *Encyclopedia of an Ordinary Life* she has ingeniously adapted this centuries-old format

for conveying knowledge into a poignant, wise, often funny, fully realized memoir. Using mostly short entries organized from A to Z, many of which are cross-referenced, Rosenthal captures in wonderful and episodic detail the moments, observations, and emotions that comprise a contemporary life. Start anywhere—preferably at the beginning—and see how one young woman’s alphabetized existence can open up and define the world in new and unexpected ways. An ordinary life, perhaps, but an extraordinary book.

The Encyclopedia of Furniture - Joseph Aronson 1961-12-13

A completely revised edition, covering every period and development to the present, the designers and makers, the woods and other materials, the architecture and decoration. 2,000 photographs. Glossary.

Bibliography. Index.

Encyclopedia of Me - Amy Krouse Rosenthal 2014-08-28

This guided journal designed to look like an encyclopaedia provides an inspiring way to capture episodes of your life in brief, alphabetised entries.

The Encyclopedia of New York - The Editors of New York Magazine 2020-10-20

The must-have guide to pop culture, history, and world-changing ideas that started in New York City, from the magazine at the center of it all. Since its founding in 1624, New York City has been a place that creates things. What began as a trading post for beaver pelts soon transformed into a hub of technological, social, and cultural innovation—but beyond fostering literal inventions like the elevator (inside Cooper Union in 1853), Q-tips (by Polish immigrant Leo Gerstenzang in 1923), General Tso’s chicken (reimagined for American tastes in the 1970s by one of its Hunanese creators), the singles bar (1965 on the Upper East Side), and Scrabble (1931 in Jackson Heights), the city has given birth to or perfected idioms, forms, and ways of thinking that have changed the world, from Abstract Expressionism to Broadway, baseball to hip-hop, news blogs to neoconservatism to the concept of “downtown.” Those creations and more are all collected in *The Encyclopedia of New York*, an A-to-Z compendium of unexpected origin stories, hidden histories, and useful guides to the greatest city in the world, compiled by the editors of *New York Magazine* (a city invention itself, since 1968) and featuring contributions from Rebecca Traister, Jerry Saltz, Frank Rich, Jonathan Chait, Rhonda Garelick, Kathryn VanArendonk, Christopher Bonanos, and more. Here you will find something fascinating and uniquely New York on every page: a history of the city’s skyline, accompanied by a tour guide’s list of the best things about every observation deck; the development of positive thinking and punk music; appreciations of seltzer and alternate-side-of-the-street parking; the oddest object to be found at Ripley’s Believe It or Not!; musical theater next to muckracking and mugging; and the unbelievable revelation that English muffins were created on...West Twentieth Street. Whether you are a lifelong resident, a curious newcomer, or an armchair traveler, this is the guidebook you’ll need, straight from the people who know New York best.

The Animal Book - David Burnie 2013-10-01

If you're wild about animals, this visual encyclopedia is the ultimate page-turner, bringing our planet's creatures together in spectacular style. This inspiring children's reference guide welcomes you to the animal kingdom where you can meet more than 1,500 species, ranging from ants to zebras and everything in between. Stunning pictures bring you face to face with giant predators you know and love, including polar bears and tigers, as well as mysterious microscopic life, including amoebas and bacteria. A variety of animal habitats are shown in beautiful detail, while accessible information, additional fact boxes, and amazing galleries complete the stories. A jaw-dropping spectrum of animal types - from fish and birds to reptiles and mammals - provides a learning experience like no other. Whether you're a budding naturalist or simply want to complete a school project, *The Animal Book* has got it covered.

The Daily Show (The Book) - Chris Smith 2016-11-22

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning *The Daily Show* with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, *The Daily Show* with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of *The Daily*

Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, *The Daily Show* has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

The Encyclopedia of the Dead - Danilo Kiš 1997

In these stories Kiš depicts human relationships, encounters, landscapes—the multitude of details that make up a human life.

The Encyclopedia of Louisville - John E. Kleber 2014-07-11

With more than 1,800 entries, *The Encyclopedia of Louisville* is the ultimate reference for Kentucky's largest city. For more than 125 years, the world's attention has turned to Louisville for the annual running of the Kentucky Derby on the first Saturday in May. Louisville Slugger bats still reign supreme in major league baseball. The city was also the birthplace of the famed Hot Brown and Benedictine spread, and the cheeseburger made its debut at Kaelin's Restaurant on Newburg Road in 1934. The "Happy Birthday" had its origins in the Louisville kindergarten class of sisters Mildred Jane Hill and Patty Smith Hill. Named for King Louis XVI of France in appreciation for his assistance during the Revolutionary War, Louisville was founded by George Rogers Clark in 1778. The city has been home to a number of men and women who changed the face of American history. President Zachary Taylor was reared in surrounding Jefferson County, and two U.S. Supreme Court Justices were from the city proper. Second Lt. F. Scott Fitzgerald, stationed at Camp Zachary Taylor during World War I, frequented the bar in the famous Seelbach Hotel, immortalized in *The Great Gatsby*. Muhammad Ali was born in Louisville and won six Golden Gloves tournaments in Kentucky.

Little Blue Encyclopedia (for Vivian) - Hazel Plante 2019-09-30

The playful and poignant novel *Little Blue Encyclopedia (for Vivian)* sifts through a queer trans woman's unrequited love for her straight trans friend who died. A queer love letter steeped in desire, grief, and delight, the story is interspersed with encyclopedia entries about a fictional TV show set on an isolated island. The experimental form functions at once as a manual for how pop culture can help soothe and mend us and an exploration of oft-overlooked sources of pleasure, including karaoke, birding, and butt toys. Ultimately, *Little Blue Encyclopedia (for Vivian)* reveals with glorious detail and emotional nuance the woman the narrator loved, why she loved her, and the depths of what she has lost.

The World Book Encyclopedia - 2002

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

The Werewolf Book - Brad Steiger 2011-09-01

When Darkness Reigns and the Full Moon Glows, Terror Emerges to Stalk the Unsuspecting... From lycanthropic creatures found on television and film such as *Teen Wolf*, *Twilight*, and *True Blood* to the earliest folklore of shape-shifting creatures, *The Werewolf Book: The Encyclopedia of Shapeshifting Beings* is an eye-opening, blood-pounding tour through the ages of monsters with the most amazing camouflage capabilities—they hide among us! Along the way, you'll land at the doorstep of creatures like hirsute mass-murderer Albert Fish, and Fritz Haarman, who slaughtered and ate his victims—selling the leftovers as steaks and roasts in his butcher shop—as well as visits to mythical shamans, sirens, and skin walkers. Covering 140,000 years of legend, mythology, and fact, *The Werewolf Book* provides hair-raising evidence of strange and obsessional behavior through the centuries. Learn the basics of becoming a werewolf and the intricacies of slaying the beast. A true homage to werewolves and other full moon beasts, it includes topics such as ... • Bear, tiger, coyote, and other shape-shifting people • Classic and modern werewolf movies • Gargoyles, totem poles, and Internet depictions • Serial killers and sadistic rulers • Sorcery, spells, and talismans • Television shows, songs, and computer games

The Encyclopedia of Shells - Kenneth R. Wye 2000

A directory to 1,200 individual shells, organized by class, family, genus,

and species, including a color photograph of each species; also includes an overview of shell biology, conservation, collecting, and purchasing.

Black Like Me - John Howard Griffin 2006-04-01

This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword.

The Best Of Is It Just Me Or Is Everything Shit? - Steve Lowe 2011-10-06

An encyclopedic attack on modern culture and the standard reference work for everyone who believes everything is shit. Which it is. This book brings together the very best of Is It Just Me Or Is Everything Shit? Volumes 1 and 2. Anyone who enjoyed the first two volumes will like this book even more. Equally, anyone who didn't like those books will actually find this one hilarious and informative.

The Book of Jezebel - Anna Holmes 2013-10-22

From Jezebel.com, the popular website for women, comes a must-read encyclopedic guide to pop culture, feminism, fashion, sex, and much more. Within months of Jezebel's May 2007 appearance on the new

media scene, fans of the blog began referring to themselves as "Jezzies" in comment threads and organizing reader meet-ups in cities all over the world. By 2008, the devotion of the self-appointed Jezzies reached such a fever pitch that the New York Times ran a feature story about them and parody blogs and copycat websites began popping up right and left. With contributions from the writers and creatives who give the site its distinctive tone and broad influence, The Book of Jezebel is an encyclopedia of everything important to the modern woman. Running the gamut from Abzug, Bella and Baby-sitters Club, The to Xena, Yogurt, and Zits, and filled with entertaining sidebars and arresting images, this is a must-read for the modern woman.

Show Me Space - Steve Kortenkamp 2017-08-10

From planets and comets to sunspots and spacewalks, there's so much to know about space! Show Me Space has more than 100 facts and definitions about our solar system and beyond.

Show Me Community Helpers - Clint Edwards 2013

"Defines through text and photos core terms related to community helpers"--
